**Christian Brothers High School 150th Anniversary**

On behalf of the state of California, I am pleased to commemorate the 150th year anniversary of Christian Brothers High School.

Since 1876, Christian Brothers High School has been proud to provide students a home to develop their sense of service to others, academic excellence and community based on tradition, shared values and faith. Through Christian Brothers' commitment to uplifting generations of young Californians, we have witnessed them go on to become leaders and public servants as judges, state legislators, police chiefs, fire captains, county supervisors, city council members and esteemed members of their communities. As you celebrate the anniversary, I uphold Christian Brothers' motto: "Enter to Learn, Leave to Serve," as it has informed decades of impact on the Golden State as a whole.

I congratulate Christian Brothers High School and extend my best wishes for a future as bright and successful as the last 150 years.

Sincerely,

Gavin Newsom  
Governor of California
