# Two Killed In SUV Accident On I-80

The scene was under interstate 80 at Putah creek.

June 15, 2002

DAVIS -- CHP officers in Solano county are investigating a fatal accident where an SUV flew off the freeway and dropped 50 feet to the ground below.

The scene was under interstate 80 at Putah creek just west of Davis at around four this afternoon. The two people inside the Ford Explorer were killed on impact.

Witnesses say the SUV was travelling about 70 miles an hour in the fast lane when for some reason the driver lost control. The vehicle actually overturned on the freeway and then when it hit the center divider it flipped over the rail.

No information about the two people killed is being released yet.

Intro: Puff Daddy

Yeah... this right here (tell me why)  
Goes out, to everyone, that has lost someone  
That they truly loved (c'mon, check it out)

Verse One: Puff Daddy

Seems like yesterday we used to rock the show  
I laced the track, you locked the flow  
So far from hangin on the block for dough  
Notorious, they got to know that  
Life ain't always what it seem to be (uh-uh)  
Words can't express what you mean to me  
Even though you're gone, we still a team  
Through your family, I'll fulfill your dream (that's right)  
In the future, can't wait to see  
If you'll open up the gates for me  
Reminisce some time, the night they took my friend (uh-huh)  
Try to black it out, but it plays again  
When it's real, feelings hard to conceal  
Can't imagine all the pain I feel  
Give anything to hear half your breath (half your breath)  
I know you still living your life, after death

Chorus: Faith Evans

Every step I take, every move I make  
Every single day, every time I pray  
I'll be missing you  
Thinkin of the day, when you went away  
What a life to take, what a bond to break  
I'll be missing you

[Puff] I miss you Big

Verse Two: Puff Daddy

It's kinda hard with you not around (yeah)  
Know you in heaven smilin down (ehh)  
Watchin us while we pray for you  
Every day we pray for you

Till the day we meet again  
In my heart is where I'll keep you friend  
Memories give me the strength I need (uh-huh) to proceed  
Strength I need to believe  
My thoughts Big I just can't define (can't define)  
Wish I coul turn back the hands of time  
Us in the six, shop for new clothes and kicks  
You and me taking flicks  
Makin hits, stages they receive you on  
Still can't believe you're gone (can't believe you're gone)  
Give anything to hear half your breath (half your breath)  
I know you still living you're life, after death

Chorus

[Faith Evans] Somebody tell me why

Interlude: Faith Evans

One black morning  
When this life is over  
I know  
I'll see your face

Outro: 112

Every night I pray, every step I take  
Every move I make, every single day  
Every night I pray, every step I take  
[Puff] Every day that passes  
Every move I make, every single day  
[Puff] Is a day that I get closer  
[Puff] To seeing you again  
Every night I pray, every step I take  
[Puff] We miss you Big... and we won't stop  
Every move I make, every single day  
[Puff] Cause we can't stop... that's right  
Every night I pray, every step I take  
Every move I make, every single day  
[Puff] We miss you Big

Never thought that we would ever be more than friends  
Now I'm all confused cause for you I have deeper feelings  
We both thought it was cool to cross the line  
And I was convinced it would be alright  
Now things are strange, nothings the same  
And really I just want my friend back

And my mind's gone half crazy cause I can't leave you alone (oh can't get you  
out of my system)  
And I'm wondering if it's worth me holding on (holding on)  
Said my mind's gone half crazy cause I can't leave you alone (can't get you out  
of my system)  
And I'm wondering if it's worth me holding on (yeah)

I'd hate walk away from you as if this never existed  
Cause when we kissed the moment after I looked at you different  
Lately I gotta watch what I say  
Cause you take things personally nowadays  
You used to laugh now you get mad  
Damn I just want my friend back

And my mind's gone half crazy cause I can't leave you alone (oh can't get you  
out of my system)  
And I'm wondering if it's worth me holding on (holding on)  
Said my mind's gone half crazy cause I can't leave you alone (can't get you out  
of my system)  
And I'm wondering if it's worth me holding on

oh oh oh oh oh yeah  
What happened to the one I used to know (oh yeah yeah)  
The one I used to laugh and joke with  
The one I used to tell all my secrets  
We used to chill and be down for whatever whenever together yeah

And my mind's gone half crazy (oh) cause I can't leave you alone (I'm going  
half crazy baby)  
And I'm wondering if it's worth me (oh) holding on (over you)  
Said my mind's gone half crazy (yeah) cause I can't leave you alone (and I just  
don't know)  
And I'm wondering if it's worth me holding on (said I just don't know what to do
