

Sacramento, California
March 15, 1939

To Honorable Governor,
Mr. Culbert L. Olsen,
State Capitol,
Sacramento, California

Dear Sir:

I am a young boy and last night I had a dream, of my self and some companions of mine enjoying ourselves at the San Francisco World's Fair. It was a day that you had set aside for boys and you called it "Boy's Day".

You know that there is Mother's Day, Father's Day, Ladies Day, and Kids Day, but no day for us boys.

So I am asking you as Governor of California if you could possibly acknowledge my dream of "Boy's Day".

I think it would be wonderful. You know there are lots of poor boys just like myself who have saved up a little money for the Fair but not enough, and our parents can't take us on account of depression. So if they knew we were going to have just one day for ourselves and knew we would be safe, they wouldn't mind letting us go.

So here goes for a day called "Boy's Day" just for us.

Hopingly yours,

MANUEL VIERA,
Page Boy Number 10

P. S. I hope you are not too busy to read this dream letter of mine.

CULBERT L. OLSON
GOVERNOR

State of California
GOVERNOR'S OFFICE
SACRAMENTO

March 29, 1939

Manuel Viera
Page Boy No. 10
Assembly Chamber
State Capitol
Sacramento, California

Dear Manuel:

I was indeed happy to receive your letter of March 15th asking that a "Boy's Day" be set aside at the San Francisco World's Fair.

Acting upon your advice so that your dream might come true, I have designated Saturday, June 24th, as "Boy's Day" and have requested the Commission to lower the rates for boys.

I hope that you and all your friends can attend the World's Fair on June 24th and enjoy yourselves.

Sincerely yours,

Culbert Olson
Governor of California
