

FRESHMAN BASEBALL

1959

Behind some good pitching and hitting the freshman baseball team ended their season with a <sup>10</sup> V and 3 record. They had some impressive wins over Sacramento twice, Fern Bacon Jr High, and East Nicolaus J.V. Games were very hard to get for the freshman team that is why they only played ten game. The infield generally consist of Bradley at first, Marietti or Redmon at second, Smith or Varaini at Shortstop and Churh at Third base. Our outfield Thomas did most of our catching consist of Welsh in left, Green in center and Fox ~~at~~ in right. We had a very good bench strength with McDonnell, Ravellette. Vavaldi and Marietti were our leading pitchers. With the type of baseball these freshman played this season the Varsity should have an excellent group to choose from next year. The following is the final Statistics on hitting and pitching for the Freshman.
