MAKING OUR

MARK

As we look back at this past year, we remember all the events, people, and moments that made it so great; but let's also try to remember how we as individuals and as a student body made our mark on CB. From painting our faces blue at Holy Bowl to painting a masterpiece in art class, we all make our mark in some way. CB is a place where individuality is embraced, acquaintances become friends, and most importantly, we make our very own mark on the school that has shaped us into who we are today.

So as we reminisce, think of how you made your mark on CB. Was it by excelling in academics, scoring the winning goal, or dancing the night away – regardless of how you make your mark, make it loud, make it proud, and most of all make it BLUE.

....*Speak to us of Children*

*Your children are not your children.
They are the sons and daughters of life's longing for itself.
They come through you but not from you,
And though they are with you, yet they belong not to you.*

*You may give them your love but not your thoughts,
For they have their own thoughts.
You may house their bodies but not their souls,
For their souls dwell in the house of tomorrow,
which you cannot visit, not even in your dreams.
You may strive to be like them, but seek not
to make them like you.
For life goes not backward nor tarries with yesterday.*

*You are the bows from which your children as
living arrows are sent forth.
The archer sees the mark upon the path of
the infinite, and
He bends you with His might that His arrows
may go swift and far.
Let your bending in the archer's hand be for gladness;
For even as He loves the arrow that flies,
so He loves also the bow that is stable.*

from The Prophet ~ Kahlil Gibran

What are your feelings regarding the new iPad program?

I like the new iPad program, but I think it is distracting. It is harder to focus, so I have to work harder.

Have you had any other specific challenges with the new iPad program?

I had a hard time at first getting used to having all my books on my iPad, but I am finally getting the knack of it.

Making TV Fun

KBFT

As their opening credits suggest, the KBFT crew is just as happy as the Brady Bunch. Together they bring the Christian Brothers community its news and announcements, keeping us up to date on what is going on in sports, service, and arts. Through KBFT the students get the unique experience of running a television station complete with commercials, feature stories, and the occasional technical difficulty. These responsibilities may be large but the KBFT crew handles the job with ease and a sense of professionalism. Everyday Monday, Tuesday, and Friday KBFT makes their mark on the students lives by entertaining and informing them about things going on in our school. Without the KBFT crew Christian Brothers would lose some of the uniqueness that it offers to its students.

Jackson McMullen

Juniors Emey Cline and Emma Omalley

Daniel Walton and Mr. Hogan work hard behind the scenes of KBFT making sure that everything runs smoothly. Without the behind the scenes magic of the crew KBFT would not be the success it is today.

Using his iPad, junior Robert Dao helps keep the KBFT news cast running without so much as a glitch. The crew keep the show transitioning between packages and the anchors as they report the news.

This past year seniors Emma Bradford and Lucas Dudley entered their music video, *Love on a Paper Plate*, in the All American High School Film Festival. They traveled to New York and won Best Music Video, making their video the best music video in the entire country for their age group. This was the first time this award has been won by a Christian Brothers students.

Junior Louis Heinzer does the Twitter update segment on KBFT. His job is to keep the school informed as to what is trending in our school and report the cool tweets that the students post while at various Christian Brothers events. Louis always signs off with a quote from *Star Trek* saying "Live long and prosper."

Making News Happen

The Talon

The Talon is Christian Brothers' on line newspaper that keeps our students up to date with what is going on around campus. The dedicated Talon staff writes new features on events and situations that are relevant to students lives. The staff conducts interviews, learns how to function as journalists in the Christian Brothers Community, and in turn gets an in depth look at what it means to be a Christian Brothers student.

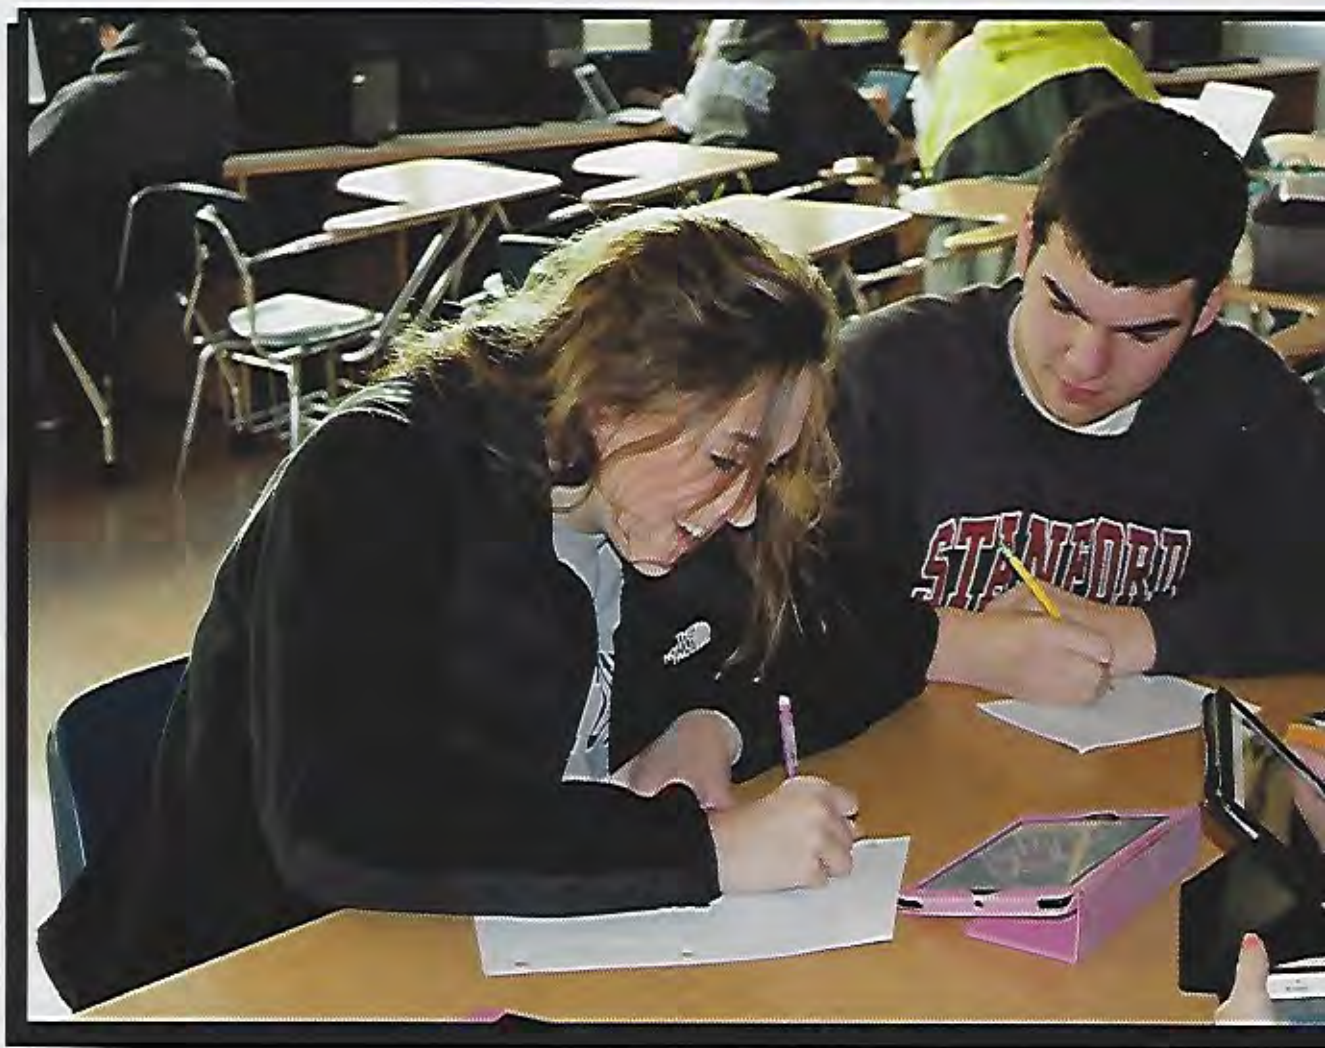

Typing up his latest feature, Alec Mageno completes his article before the imminent deadline. Without these hard working students the Talon would not be the paper that it is today.

Stephen Thomas quickly composes hard hitting articles to capture readers' attention. Stephen, along with the rest of the Talon reporters, are always willing to go the extra mile to provide Christian Brothers with the most interesting stories.

Ally Mattos and Hunter Hershey research articles and take notes from their new iPads.

Steven Hennesey and Hannah Wiley take a minute to collaborate on a new comical story. The Talon covers every kind of story, from light fluff pieces to hard hitting exposes.

In the meantime, Sarina Klein composes articles on the latest happenings at CB. Everyday something new sparks a story for the Talon writers.

Seniors Heidi Hollman and Noah Christie are hard at work writing eloquent stories for the next publication.

Mr. Anderson and Nicholas Garcia happily converse about upcoming feature articles.

The goal of yearbook is to produce a quality written and pictorial history of the year for all members of the student body. The course demands consistent student effort and dependability but provides invaluable experience, many rewarding memories, and the opportunity to serve the Christian Brothers community by preserving the happenings of a school year.

LEAVING BEAUTIFUL MARKS

Visual Arts

Students at Christian Brothers are true lovers of the arts; many participate in the Visual Arts program.

Courses in the visual arts vary from Intro to Art, to Ceramics, to Advanced Painting and Drawing. Artists display their works at events like Open House, The LaSallian Art Show, and various other venues in the Sacramento community. The beautiful works of art help students leave a lasting mark on CB for many future generations to admire.

Brittney Rodriguez and Taylor McRhouse use pencil to outline their drawings before adding color and shading to their masterpieces.

Sophomore William Legrand adds detail to his drawing to give it more depth. Mr. McIntosh teaches his students how to add shadows and dimension to their art, which increases their creativity and improves their skills as artists.

In Mr. McGovern's Honors Painting and Drawing class, Catherine Karalli creates a beautiful piece of chalk art.

Zoe Haengi-Wattenberg embraces her creative side, using clay to make unique works of art.

Andrea Michel-Siller happily gets her hands covered in clay while making ceramic art in Mr. Boriskin's class.

This year during Open House, Hannah Hawkins showcased her artistic talents to entice incoming freshmen into joining the four year arts program.

Christian Brothers band members participate at various events throughout the school year. They perform at Open House, Holy Bowl,

Creating the Beat

Band

Making beautiful music is just one of the many talents that Christian Brothers students have. Mr. Maslen, the band director at Christian Brothers, directs five separate bands, all with varying degrees of difficulty and focus. The majority of freshman students begin their band careers in Beginning Band and then move into Concert, Honors, Strings, or Jazz Band. As students grow in their instrumental abilities, they become experts on the instrument they have chosen to pursue. Students enjoy playing in the band as much as audience members enjoy listening to them.

Mark Wassmer, Dekari Russel, and Joshua Stone show off their musical talents in Honors Band.

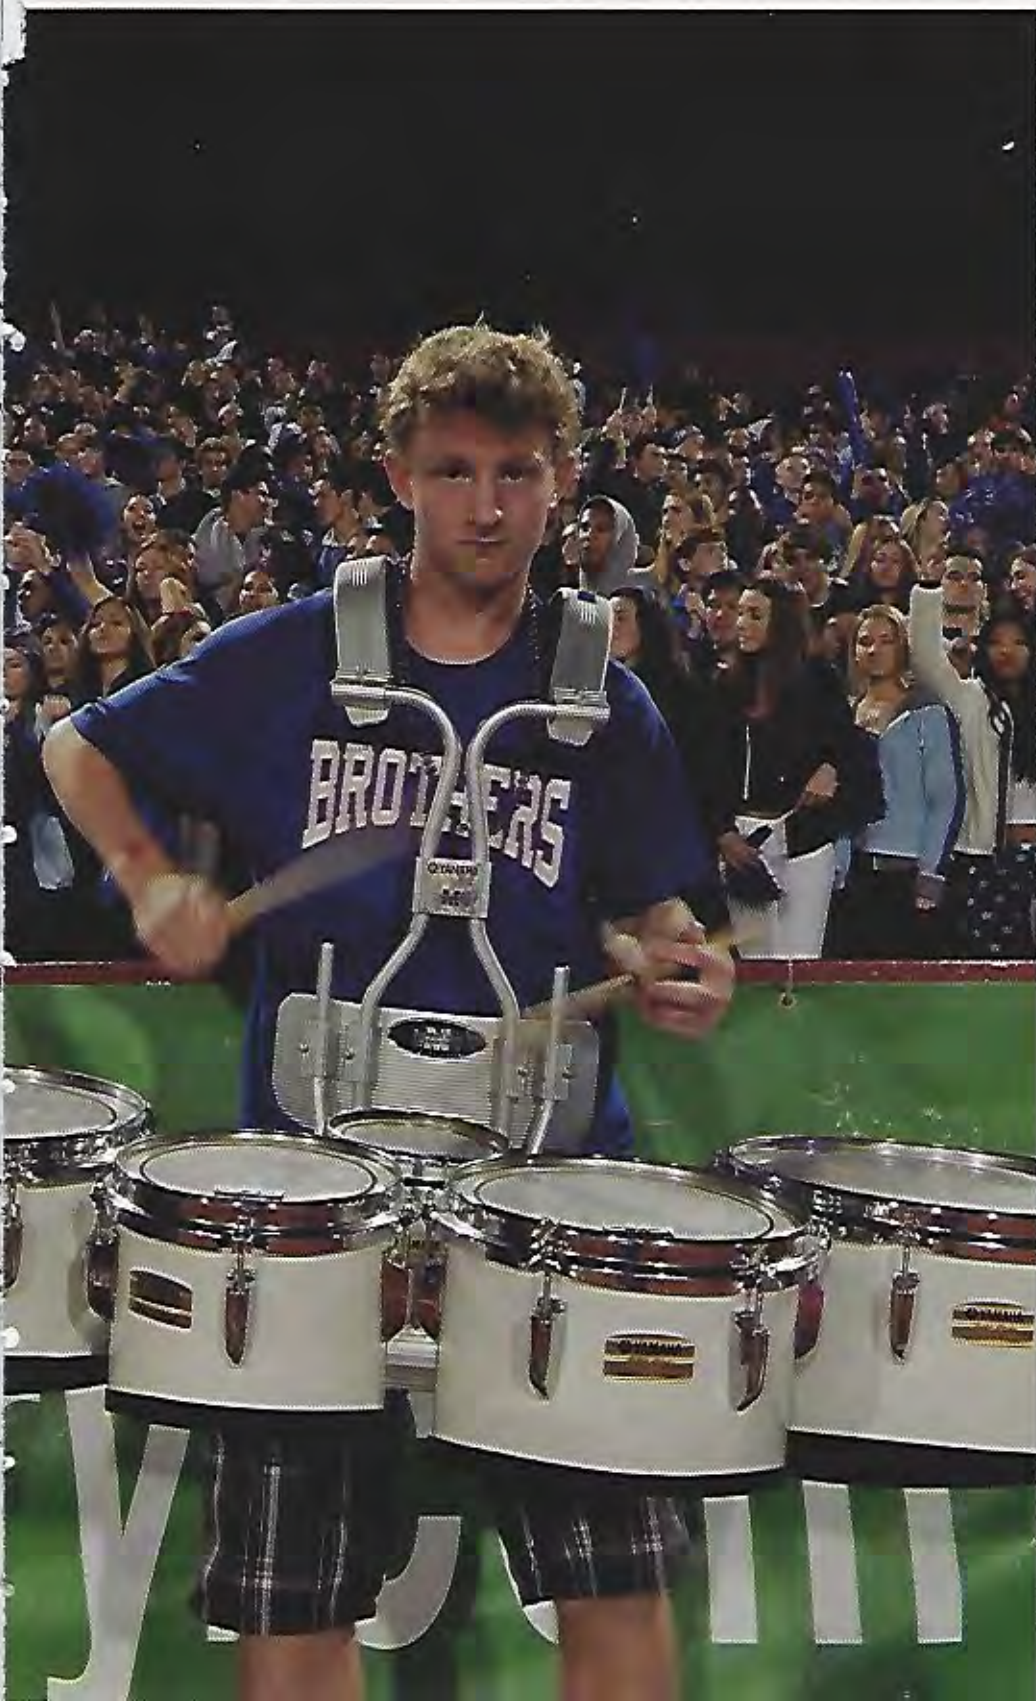

Hamilton Connor expertly plays his cello at the Christmas Concert. The Strings Band brings cheer to the entire school.

the Christmas Concert, and various festivals throughout the year. The band never fails to impress those who listen to them perform.

Sean Baker shows his Christian Brothers spirit by playing the drums in the CB drum line at Holy Bowl. Sean also participates in another band in the arts program.

Frank Huntington IV and Matthew Reade anticipate the upcoming Instrumental Christmas Concert.

Joseph Krieg and Damian Thomson contribute to the band's rich sound.

Open Mic Night at Christian Brothers gives students the opportunity to show off their hidden talents. Open Mic Night provides an outlet for students who have no where to show off their funny, odd, and amazing talents. After attending Open Mic Night it is impossible to deny that the Christian Brothers student body is an extremely talented group of students.

The George Cunningham '40

Mr. Slabbink

In your Opinion what is the most exciting thing about the new theater?

"One of the most exciting things about the new theater is our ability to connect to every other classroom on campus. Anything that we do in that theater we can broadcast through the entire world via the Internet and KBFT and that is a paradigm shift in how we are looking at theater and performance. The audience is no longer the 350 people sitting in the seats but it is the entire world. Because of the technology in the new theater, Christian Brothers High school will be a world wide school."

Mr. Maslen

How will the theater enhance your class?

"For us the theater will open up the door for lots of new music. I can now choose music where not all the kids have to be playing all the time. In the gym I have to avoid music where just one kid is playing or a small group is playing or a few students throughout the band are playing because you will not hear them in the gym because of the acoustics. However, if a few kids are playing you will here it from the stage because the acoustics are so much better. The music can now go from ten kids playing, to twenty kids playing, to all fifty kids playing instead of all the kids playing all the time."

Performing Arts Center

Emily Taylor

Why are you excited about the new theater?

"I think a lot more people are going to be wanting to join the theater and the productions because it is so much bigger and there will be opportunity for more people to be involved. Also, the audience will be so much larger and it is on campus so it will be easier for people to attend the shows. The new choir rooms are going to be awesome, and there will be big changing rooms which will make changing during performances much easier."

Dannielle Olsen

How do you think that the new theater will effect you as someone who has been a techie for numerous Christian Brothers' plays?

"I think that the theater will be a great addition to the CB community. The actors will be able to practice in the theater which makes a big difference. Right now we are not able to practice in the theater until a week before and that can be stressful to actors and techies alike. Techies only have a week to learn how things work and what they need to do because things change when we go into the theater."

“

Isabelle Lambert

I was able to see how the people of the Blackfeet nation support each other through hardships.

Jack Barnes

I gained a better understanding of the degrees of poverty in America and a better idea of how some people live. I feel I have looked at humanity a little different since San Dolores and skid row.

Gabrielle Wood

It was an eye opening experience to see the people deal with such poverty in their everyday lives.

Taylor Ross

I have so much to be thankful for. Homeless people are not always on the streets because they did something wrong. I met someone who graduated from USC and most of them were just hit with bad luck. Leaving gangs is hard and most don't have the chance to get out and change their lives.

What did you learn from this experience?

”

“

Q: What was the hardest part of this experience?

A: You get in the sleeping bag and assume its going to be warm but as you're lying on the grass, the cold starts to get into your sleeping bag. It's just hard to get comfortable and fall asleep.

Bryant Lamar

Q: How has this experience changed how you will act towards homeless people?

A: I now realize the struggle homeless people encounter, and I am more open to giving them spare change or food.

Jackie Nolan

Q: Has this experience changed your perception of homeless people?

A: Yes, it has because before I would ignore them and look away, but now I embrace them and try to understand their struggles.

Tyler Smith

Q: What did this experience teach you?

A: It taught me that everyone has a story and that sometimes the stereotypical things towards homeless people are not true. We are all human and we could all one day end up in a position where there is no way out. We need to remember how blessed we are. Through small acts of kindness each and everyone of us can somehow help each of those individuals find hope.

Cross Country

Cross Country is a sport that requires focus and dedication. Some people may think Cross Country is boring because it's just running, and who wants to run all day? In reality, however, Cross Country is a sport for those athletes who are hard working, focused, and committed to bettering themselves every day. These competitors love the taste of winning. Cross Country is ultimately about the experience of creating a community of friends who love to run together.

Deep in the Woods

Deep in the woods—yellow, of course,
on the road less traveled,
in fact, that almost no one takes,
is a brook overflowing with words
which can be caught up
as easily as an Alaskan bear scoops salmon from a stream:

Love, stars, crimson

Heart, mosaic, wisdom

Tumble alongside

Erase, rewrite, create,

Time, and space, and wait.

I have fished there and taken the words out in armfuls
and lined them up like Scrabble tiles,
clicking them together, rearranging them,
until they sang of their own accord.

I am never so far from the brook that I cannot hum the tune.

"DD and JJ are more than my best friend's daughters, much more. Since their birth they have been my little angels, my sweet girls. Their influence, their smiles, their hearts have carried me through nearly two decades of good and bad. When I could not be with them, they were hurt, and when I could, they were overjoyed! No, they are not my daughters, but they have my heart and always will. Denney"
