

Brother Joseph is a native New Yorker who has spent the past two years at Christian Brothers as Director of Development. Brother will be returning to his own Province this summer. Brother Bertram, former principal of Christian Brothers will return to Sacramento as Director of Development. Brother Joseph who is celebrating his fiftieth year as a Christian Brother has had a long and successful tenure as a Development Director. He was the Director of Development for his Province and raised almost \$3,000,000 in four years. He later was assigned to St. Joseph College in western Canada and raised over \$1,000,000 in less than a year. He was the founding president of Bethlehem University in the Holy Land and initiated the fund raising direction for that University. Before coming to Sacramento Brother Joseph was the Director of Development of La Salle Academy in Providence, R. I.

Brother Joseph when asked for his impressions of the Sacramento school, unhesitatingly answered that this had to be his easiest assignment in fund raising ever. "I find the people in Sacramento very generous and appreciative for what the school has done for the youth of Sacramento for more than a century," he ^{said} *when asked his impression of the school.*

We are most grateful to Brother Joseph for the contributions he has made in the organization of Brothers' Development Program and we wish him well in his Golden Jubilee and in the work he will be doing in the future. The Regents, the administration and the staff of Christian Brothers are grateful to Brother Joseph's Province for lending him to us these past two years.
