One of the basketball teams that The Sacramento Bee Basketball League brought to the front this year was the Christian Brothers' College Midget team, which has been playing great ball, and now is in second place in the Midget division.

Brother Edmund, who has charge of the athletics at the College, has coached the team, and has kept the boys hard at work putting up a good

class of ball all of the season. The College team has defeated all of the midget teams in The Bee League, with the exception of the fast High School five, which now leads the Midgets.

Basketball has become quite a pastime this year among the college boys. An interclass league was formed in the earlier part of the season, and the highest kind of interest was brought to light during the play. Four teams were entered in the school league, and

some very fast games were played.

One of the most noticeable features about the College Midgets is the cle playing which they always dealt on. Next year the Midgets will have had year's experience and they will be very strong team.

Basketball promises to be one of the major supports at the college next year. The older members of the school are already planning to put out a team or two.
