

1985-86 Board of Regents

Leonard Panattoni, President

The Board of Regents was established in 1976 when Brother Ronald Roggenback, Principal at the time, discussed with a group of men and women who were involved in the public celebration of the centenary of the school in Sacramento the financial problems of operating Christian Brothers High School.

As an advisory group to the Principal and his Administrative Board, the Regents assist the school in fund-raising through its Development Program to bridge the gap between tuition paid by students and the actual cost of operation. The expertise and experience of various members of the Board provide guidance to the administration in other financial matters and in public relations.
