Dear Brothers:

The La Salle Club of Christian Brothers High would like to assume as a project the construction, for the school and the physical education program, Hand Ball courts around the new maintenance garage to be built on campus.

After meeting with Mr Duane Campbell we realize that to do so would be an added \$9160 expense to our budget. We are willing to accept this additional debt, but due to our expenses of the past year:

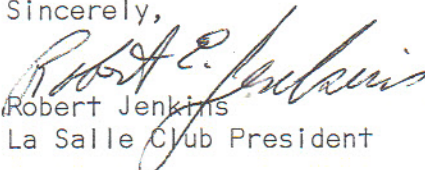

Construction of the Weight room	\$2000 Plus
New score boards for the gym	\$1400
New glass back boards for basketball	\$1000 Plus
Assistance to purchase of 15 passenger van	\$2600
Mats/supplies to start wrestling team	\$4000
Repairs to track, school bus, etc.	\$Continuing expense

we are in need of a little consideration and assistance. We are able to put out approximately \$4200 at this time and therefore would need to secure a loan of \$5000.

We would like to petition De La Salle Institute for a loan of \$5000, \$2500 to be due on November 15, 1976, and the final payment due on or before November 15, 1977.

We hope you will give this request your immediate and serious consideration, keeping in mind our prior record and also the fact that these Courts will be a great asset to the physical education department as well as to the campus of Christian Brothers High School.

Sincerely,

Robert Jenkins
La Salle Club President
