BUT NOT
THE SAME!

A N T

Dedicated To The Ones We Love

*Right: Mrs. Curtis in 1945!
Below: Mr. Witry on his First Holy Communion Day!*

The 1993 yearbook is dedicated to two faculty members who have inspired us by their total dedication to the education of young people at CBS: Mr. Jack Witry and Mrs. Lois Curtis. These two people have at least one thing in common: by their example, they have contradicted the prevailing belief that money is everything. It is a point of wonder to many of us why Mr. Witry would forfeit a lucrative job to act as Dean of Students at a high school. At the same time, few people realize the hours of overtime and personal sacrifice that Mrs. Curtis dedicated to make her *Drill Team #1* both at Bishop Manogue and at Christian Brothers. Even though she is now retired, her spirit lives on in her former student, Yolanda Sanchez. "We will miss her," said Monica Ferrigno, "but she'll still be with us in our hearts." As for Mr. Witry, he'll be around for a while; young people seem to keep him young! "He's tough," said Brian Beck, "but at bottom he's fair. He puts up a front, but one-to-one he's understanding. Don't talk back to him though!" Mr. Witry and Mrs. Curtis: we thank you both. You make us feel so good!

*Right: Mr. Witry was coaching basketball at CB in 1966.

One Of A Kind

Below: Wasn't Mr. Puglisi a beautiful baby!

Left: The 1992 faculty - or most of them! New faculty members were hired during the year in response to student needs.

Above: Articulate Junior Class President, Kahllil Jacobs Fantuzzi, represents his class to the principal.

Above Right: The Student Advisory Committee Luncheon with the principal helps him to stay abreast of student needs and potential.

A major value at Christian Brothers is shared responsibility. That's why the picture of our principal, Mr. Puglisi, is the smallest one on this page. Mr. Puglisi believes that the principal's place is at the bottom of the triangle rather than at the top. To this end, he meets regularly with his Student Advisory Committee and Faculty Advisory Committee. He listens to the needs and concerns of students and faculty, and acts accordingly. This is not to say that Mr. P. can't make a decision on his own - au contraire, but when he makes his final decisions, he has the support of his school because each person knows that he/she is empowered to participate in the life of Christian Brothers High School.

When asked their opinions of Mr. Puglisi, students unequivocally responded: "He's cool." Below are a few other typical and atypical responses of students:

- Ryan Margetich (9): "He's fresh - a good teacher."*
- Ernesto Agard (10): "He's short." (Ernesto is not quite as tall as Michael Jordan!)*
- Teresita Campos (11): He asks students for their opinions."*
- Sergio Lara (11): "Who?"*
- Andrea Chan (11): "Quite nice."*
- Curtis Peterson (9): "Isn't he the vice-principal or something?"*
- Erika Herrera (11): "A very responsible guy!"*
- Dennis Rosos (12): "He's cool, let's keep him. However, he should make the dress code a little stricter next year. Get rid of the tennis shoes, for example."*
- Channing Luke (12): "He went out of his way for me, and I thank him for that."*

CB PUTS THE HOLY BACK IN HOLY BOWL

Pictures and text by Jonathon Balcao

As the honey-coloured sunset turned to royal blue and eventually faded to black, the 22nd annual "Holy Bowl" began. The much publicized "All-American" game, reminiscent of an impressionistic, native ritual where only the victor remains standing, was in the forefront of everyone's minds. The cheerleaders began to show their red and blue, while the "Mighty Falcons" trotted onto the field, ready to take the victory. But, by half-time "victorious" wasn't the term eminent in our minds to describe their performance. "Let us have it this year", one of the coaches was observed saying as half-time was about to begin. But, just as in a vintage Capra film, a resurgence of spirit and pride led the Falcons back to a noble 28-16 victory over Jesuit. My grandfather used to say, "Boys may play football games, but men win them" and today we separated the men from the boys.

Clockwise from upper right: COUNTDOWN - Sophomores Jeanine O'Brien and Valerie Knutson demonstrate their school spirit. ATTACK - Brian Boal and Justin Carney collide. UNDERSTUDIES - Freshmen and JV teams experienced the agony of defeat. THE OLD ONE-TWO - Senior Ken Noss tackles the opposition. YOUNG BLOOD - Sophomore Mike Cholak gets a chance at playing Varsity.

**Commenting
On Kevin:**

"Hey, let's open it up and let him do what he does best. Let him play!" - coach George Smith

"We couldn't keep him off the field in the second half. He's too good a quarterback to keep down. He's one of the best I've seen. He's mobile and poised." - Jesuit coach Dan Carmazzi

"He does this all the time. It's nice to have a guy like that." - John Hooper, CB #84

"Any other quarterback, I don't know if he could have done what he did. Anytime your down 16 and he puts 28 on the board for you, he has to be something. It's a good feeling." - George Smith

"They brought a lot of heat on us, so it was hard to get the ball off. The line did a good job in the second half and gave me more time." - Kevin McKechnie

ESPRIT DE CORPS - Varsity cheerleaders Cari Gutierrez and Christy Olsen cheer our team to victory. DRILLMASTERS - The CB Drillteam amazes onlooking crowds at half-time despite technical difficulties.

O believe,
You were not born in vain!
You have not lived in vain
Nor suffered!
What was created
Must pass away!
What has passed away must rise!
Cease to tremble!
Prepare yourself to live!

O Suffering! You that pierce all things
From you I am wrested away!
O Death! You that overcome all things,
Now you are overcome!

With wings I have fought for,
In the fervent struggle of love,
I shall fly upward
To a light no eye has ever seen.

Die I shall, so as to live!

Heyday Of Youth

Clockwise from upper left: **THREE MUSKETEERS** - Buddies Nicole Piacentini, Crystal Duncan and Lisa Koppes delight in each other's company. **PERCEPTIONS** - Brian Chargulaf gives a look. **COMRADES** - Jonathan Balcao, Kelly Boylin, and Michelle Barbosa enjoy the soccer game. **BEAMING** - Terra Irving and April Bardales.

When we came this year into the brick engulfed courtyard ready for the upcoming year we were filled with the ambivalent feelings that accompany any odyssey into unknown territory. We couldn't know the friends that we would make or the problems that would cause us pain. We were soo young then. Ambitious, naive, inexperienced and ready. For anything ... we thought. It seemed like we were so grown up. That we had learned from our mistakes last year and returned independent, self-sufficient and strong. We were invincible, until we realized that we still had so much to learn. We needed our friends

more than we knew. Their gossip, and hugs, and advice on how not to spend next Saturday night with a gallon of fudge ripple ice-cream and old B-movie. We needed our teachers who would give us grades to validate our existence in this learning world. We needed our parents to give us money and support and pick us up after school when we said that we were just waiting for our "ride". But most of all we needed ourselves. To look in the mirror and say "You know, I like the way that I look and if somebody else doesn't, well that's their problem". And this year we finally learned that it was.

And The Winners Are . . .

WHAT DO YOU THINK IS THE MOST IMPORTANT ISSUE FACING YOUNG PEOPLE TODAY? "Sex. There are so many health risks and dangers. We should all take precautions and be careful of our actions. Half of the teenagers don't care anymore. I guess that's why so many are dying." - Sally Dominguez.

WHOM DO YOU ADMIRE MOST IN LIFE? "No one person can compare to the admiration that I have for people who aren't afraid to be themselves. In a world where money and power rule, usually only the surface of a person is recognized. I have to admire people who have the courage to be who they are and not who everyone wants them to be." - Jenifer Matalone, Kendall Crabtree.

DO YOU THINK THAT THERE'S TOO MUCH VIOLENCE ON TELEVISION?
 "I don't think that they show any more violence than there is in real life. So many people are trying to hide the violence that's happening today instead of facing it. To me that's the same as running from your fears. Nothing's going to be accomplished if we don't attempt to do something about it. Either live with it or turn it off." - Laura Prim
 WHO DO YOU THINK IS SEXIER BETTY RUBLE OR WILMA FLINTSTONE?
 "Wilma, because Betty's voice is wacked." - Richard Soto "Betty, because she has that sexy voice and that very sexy sparkle in her eye. With her hourglass figure she just can't go wrong." Will Becker

Counter Clockwise from upper right hand corner:

 WHO DO YOU THINK IS SEXIER-FRED FLINTSTONE OR BARNEY RUBLE? "Definitely Fred! He is the ultimate in tall, dark and handsome. He always knows how to take charge of any situation. He has the fashion market cornered and I really like orange. Wilma doesn't know how good she has it. He will always be able to yabba dabba dol!" - Michelle Barbosa. "Of course Fred! For the simple fact that I likes 'em big. The mo' bigger, the mo' fun!" - Charles Brack

RESHMEN

The freshmen class, lead by President Jason Asbury, are a welcome addition to Christian Brothers. This class has the unique position of being the most diverse at Christian Brothers. The freshmen class is the largest class in our rapidly expanding school. More freshmen than ever are showing up at the games demonstrating this class's enormous spirit and pride in their class and school. The freshmen spirit spreads at the rallies causing the other classes to increase their spirit or quickly be overtaken by the freshmen pride. To bring out this pride polls have been included in this section; using these polls we hope to show the entire school how much pride the freshmen take in their class.

When asked how she would compare the American school system to that of Japan, Keiko replied that they were very much the same. She had only one complaint: Japan is much more strict, and by the time students get to college, they don't care any more.

"Dear teachers and students, I am very happy in the Christian Brothers High School. Teachers are so nice, and students in the math classes and Japanese class are very good. I have learned a lot of things from you.

Thank you very much for your kindness. This experience is my gold. I will never forget you and the Christian Brothers High School. I hope to have friendly relations with America and Japan."

-Keiko Joichi
by Kim Hamilton

"I love America very much. My grandfather came here to go to Stanford; ever since then I've wanted to come."
-Keiko Joichi-

"I have many mixed emotions about leaving here" said Keiko, "I'm leaving in a month, and part of me is excited, the other part very upset."

Keiko came to Christian Brothers at the beginning of this year. She took a class in Japan on teaching English, and arrived in the U.S. in March. Every morning of the 1st semester, Keiko taught Japanese to some select students. Some of them included: Sr. Maria, Jon Balcao, Laura Prim, Beth Shea, Tara Irving and Jon Hendrix.

"In the beginning, I took the class so it would look good in college. But now, after being with Keiko and learning about the culture I've really learned a lot. We'll all miss her when she goes." -Jon Balcao.

Keiko was born in Shimonoski, Japan. She attended Chofu H.S. and went to Hiroshima University. Keiko was a teacher for 35 years in Japan, where she taught Calculus to High School students. She has two daughters, Michiko and Akiko; Akiko just recently was married.

“There’s enough of everything in the world; our job is to make sure it gets to the people who need it . . .”
-Kena Warrick-

Who’s that woman in the

office who always has a smile on her face?

It’s not often that one walks into the front office and sees Ms. Warrick without a smile on her face. She’s probably one of the most cheerful people I’ve ever met although, according to her, it’s not hard: teenagers are her favorite people. “I think it’s because I think like a teenager,” she said.

Ms. Warrick came to C.B. this year, after being a teacher, traveling to Appalachia to help the poor, and getting her B.S. in Social Science. Not concurrently, of course. Currently, she’s attending Sac. State in order to get her Masters in school counseling.

She was a little tentative telling me about her life, saying, “I think interesting is somewhat relative.” Although, anyone who, at the age of 19, has traveled to and lived in Appalachia for 6 months to help the poor, is certainly not boring. Not only that, but Ms. Warrick is the mother of four cats and a dog. Despite her animal children, she still has a postcard on her desk which reads “I can’t believe I forgot to have children!”

When asked how she was enjoying Christian Brothers, she was very enthusiastic “I love it here. The staff and kids are so friendly and fun to work with. I think the kids generally have a better attitude here compared to public schools. They really are enthusiastic about being here. Public school kids tend to be a little more pessimistic, I think.” -Ms. Warrick-

"PEOPLE LOOK

ABUSE

Alcohol abuse in the 90's? By the time teenagers begin high school, 2 in 6 have already taken their first drink of alcohol and by the time of graduation 80% have drunk.

The biggest problem facing us in the 90's is definitely the AIDS virus. 70% of our student body is very much concerned with this deadly disease. @25% of those with AIDS who have been diagnosed are in their twenties.

AIDS

Many believe that the demise of the Soviet Union is a positive thing since many of the people have been going hungry and deprived of the bare necessities. Only 8% think it is negative.

Too close for comfort

Do love and sex go hand in hand? According to a poll taken here most disbelieve that love = sex. However, many experts believe that teenagers are feeling more pressure from the media and other sources urging them to have sex earlier in life.

Do gays belong in the military? A strong 84% of us said "most definitely" and a lofty 7% said "no way!" Others were undecided. But why not. Aren't they people too? What if it was you? Or your best friend?

TEENAGERS

FACT: 75% of cats and dogs are put to sleep each year, out of 12 million homeless animals. FACT: More than 189 million tons of solid waste are landfilled or dumped off our coasts every year. Plant a tree and you will remove 100 pounds of carbon dioxide from the air every year. The environment is our FUTURE so please REDUCE, REUSE, AND RECYCLE — before we have another sad fact.

Is Robodoc a good invention? Is a robot who performs human surgery a good idea? Does it leave absolutely no room for mishaps. Perhaps, 55% say "no" — to leave surgery to humans, while the remainder of you say to give this robot its chance.

We've Got The Spirit!

The year's football season climaxed with Spirit Week and Homecoming. A week-long festival of activities surrounded the CS campus. During the lunchtime activities, the girls competed in the powderpuff tournament, the homecoming royalty was announced and the faculty took their turn as "sitting ducks" in the dunk tank. Congratulations to the sophomores for their Powderpuff championship against the seniors. The junior class was very busy building spirit with the Spirit Gram fundraiser. Spirited messages and balloons were sent to friends to add to the feeling of the week.

The week ended with the announcement of the Homecoming King and Queen and the presentation of the Homecoming royalty during halftime. The following students were selected by their classmates as the 1992 Homecoming royalty: Freshman Holly Duncan and Sean Donnelly, Sophomores Serena Sabella and Jeff Elorduy, Juniors Veronica Perez and Marco Uriate, and Seniors Suzy Hernandez, Amy Buckley, Matt Bettencourt, and Brian Beck. Homecoming King and Queen were Kevin McKechnie and Alina Cervantes. The royal court was featured during the King and Queen Dance to "Sweet November" during the dance.

Face it, the eighties are over! Gone are the days of dressing up in our power suits, under the pseudo-regal glow of Reagan red. Gone are the days of senseless indulgence and piety to the fashion slave's dictator. The recession has taken our charge cards; the realization of our planet has taken away our lavishness; and AIDS has ended our hopes for haute couture in spring. We are different people, with a new set of values. We understand that narcissism died with casual sex and the poof dress, but we cope. The ingression into the nineties has reconditioned our sensibilities and we're grateful for this. We're not regiments of the designer's vision just as they aren't companies within the state of fashion. We know what we want, and we know who we are. We've welded individuality with reconciliation to develop the high bred beast of style, and just as in eastern Europe we proved that we are free. Designers asked each consumer, "What do you want?", and then dependably swooned us towards them, using sex. But not the hypersex of the eighties, mind you. This was a newly patented, sensationalistic, "hands off" sex. Where, as before, models would seductively beckon, "What's mine is yours!", now they've invited us gaze, but warn us that this is only fiction. Nothing that we see here really exists, except on the pages of this glossy magazine. Within the context of the magazine we see truth, and this has influenced our impressionable lives more than before. They whisper to us the secrets that only the fashion world knows and swear us to secrecy. They confided to us the fall of the hemline during the fall of communism, and the plunging of the neckline coinciding with the plunging value of the dollar. Fashion has become more of a reflection of how we feel than a reflection of how we look giving us confidence and making us feel taller, but we know that self esteem is more important. Writer Linda Henley has summed it up by saying - "If you think of yourself as the woman in the Cartier watch and the Hermes scarf, a house fire will destroy not only your possessions but your self." And there are a lot of fires.

Women On Women:

"One is not born a woman, one becomes one." - Simone de Beauvoir
 ... "to be meek, patient, tactful, modest, honorable, brave is not to be manly or womanly, it is to be humane." - Jane Harrison
 ... "From birth to 18 a girl needs good parents, from 18 to 35 good looks, from 35 to 55 a good personality, from 55 on-good cash." - Sophie Tucker
 ... "I feel there is something unexplored about woman that only a woman can explore." - Georgia O'Keefe
 ... "It's the good girls who keep the diaries, the bad ones never have the time." - Tallulah Bankhead
 ... "women have been called queens for a long time, but the kingdom given them, isn't worth ruling." - Louisa May Alcott
 ... "A woman without a man is like a fish without a bicycle." - Gloria Steiner
 ... "Show me a woman without guilt and I'll show you a man." - Erica Jong
 ... "Woman's virtue is man's greatest invention." - Cornelia Otis Skinner
 ... "Love yourself first, and everything will fall into place." - Lucille Ball
 ... "To be somebody, a woman does not have to be more like a man, but has to be more of a woman." - Dr. Sally E. Shaywitz
 ... "My idea of superwoman is someone who scrubs her own floors." - Bette Midler
 ... "It's all right for a woman to be, above all, human." - Anais Nin.

Whether you think that she's an omen of divine inspiration or a tramp, you have a definite opinion about her. Saint. Sinner. Martyr. Trollop. Virgin. Novelty. Star. Madonna. She's the most famous woman in the world and with the publication of *SEX*, one of the richest. She taunts us with blatant disregard of our sensibilities and lures us into her lair; and just when we think that we know who she is, she changes not just her style but also her attitude towards life. She's given us some amazing songs and a few not so amazing movies. She provides the tabloids with an authentic soap opera, complete with all the taboos revoked and the realization that progress *can* be found in a bottle of bleach. But most of all, she gave us a reason to flaunt our nakedness in public without any trace of inhibition, and that's revolution!

Anne Frank

"I guess sometimes being a loner helps you to get in touch with yourself and not think like the majority ..."

He wandered into the United States in '84, a young Filipino boy destined to be an academic and social benefit to society. With his 4.19 GPA, ranked 3 in the senior class of 165, 18-year-old Rayne Soriano is a true leader for the youth of today. This fall, Rayne was chosen to be 1 of 3 students to join representatives from 200 countries to join together and form a peace plan in Russia. He was chosen based on his active involvement in his Parish, ST. ANNE'S. His week-long pilgrimage consisted of many eye-opening experiences and provided him with a broader understanding of the world around him. "It was like going into a different world" Rayne said. "Many people were mad at the new government because of all the poverty. They're depressed, as if things were better *with communism*." His trip wasn't completely depressing, for the peace plan drawn up was sent to the Pope to represent hope for the future.

Along with his involvement with his Parish, teaching children's summer Bible school and CCD for public school kids, Rayne is in the Developmental Specialist program here at C.B. "I love kids" he said "that's why I want to be a pediatrician." In addition, Rayne works weekends and holidays to pay for the gas he puts in his car. Rayne's most recent achievement: The Pacific Islander Club "Halo Halo". Why "Halo Halo"? Well according to Rayne, it symbolizes a mixture of people. (Halo Halo, is a Filipino dessert, consisting of a wide mixture of ingredients.).

"As a conservative, I am sick and tired of being accused of being heartless and cruel because I don't believe compassion can be measured by throwing money at problems."

-RUSH LIMBAUGH-

We all know the big-eyed Republican of the senior class to be Mike McKinley. Republican almost to a fault, Mike even has a Bush/Quayle license plate on his '68 Mustang. His views concerning the recently elected Clinton have been heard by anyone willing to listen and even by those who aren't, but Mike is much more dedicated than many of us are aware. This summer he attended a three-week long session at Georgetown University. There, he took an AP Foreign Policy class and participated in actual debates, (his being George Bush vs. Clinton). He got a chance to meet Ted Kennedy, Ed Meese and the Secretary of State. He got to see George, but he didn't get to shake his hand. Mike, of course, has aspirations of someday being involved in politics, either the CIA or the White House. Although Mike is a die-hard conservative, when asked how he dealt with the large population of Liber-

als at our school, he replied, "I have learned to approach things more open minded and to respect people's views."

Hmm, USC, Berkeley, or Stanford? Life must be difficult when you only have a 1250 SAT, a 3.98 GPA and a ranking of 9 out of 165. Rene de la Cueva has all of those things including charisma. He works 30 hours a week as a supervisor at LaBou in South Natomas, is the president of Key Club, SRO, and is involved in the PAL Program, an organization modeled after Big Brother Big Sister, in which older students give self confidence to children who had at one time been abused. Most know him for his popular Mercedes parked in back of Christian Brothers, everyday during school. His dreams consist of being CEO at Hasbro or Toys R Us, and having a huge family in the suburbs of New York. He will major in Industrial Engineering at either USC or UC Berkeley, he couldn't decide . . .

Close-Up

"I feel God put me on earth for a purpose: to help people, and in particular the people of my black community; to help them out of the chaos and confusion in their world today."

Sixteen-year-old senior, Ajura Smith has high aspirations for the future. Her main goals are to become a successful entertainer as well as a spokesperson and positive role model for the black community. She began her budding entertainment career at the age of three, and at ten, she began playing piano for a church as a full time job. "I love acting because I like making people think. I feel people listen to things better if they are watching an actress; I can slip things into people's minds when I'm acting," said Ajura.

Ajura's success can only be measured from her failures. When she was twelve, she was rejected from her very first play, because she was black . . . However, Ajura bounced back and began studying African oratory, poetry, and drama. When she was fourteen, she won a local drama competition and was chosen to go to Houston, Texas and compete in a national talent competition for drama.

She is currently involved in many community service projects and school related activities, such as: Amnesty International, Key Club, Wellspring, the PAL Program, a tutor for St. Hope Academy, and she runs a tiny version of a day care out of her home for teenage mothers.

Ajura is the president of an African Awareness club here on campus, called the Ebony Club. She is very proud of it and hopes to educate students on African history, not only in the United States, but before Americanization.

Ajura hopes to attend either Hampton, Howard or LSU, where she will major in Performing Arts and Pre-law. She hopes to use the revenue from her future entertainment career to buy businesses that will provide economic empowerment for the black community.

Lali Riddell is definitely a woman leader of the '90's. She is smart, energetic, and will most definitely be a success. With her 4.04 GPA, Lali is interested in majoring in math or political science, so that eventually she might be a professor in one of those fields.

Last summer, Lali was interested in doing some research work. She looked into a "minority" program at the Institute of Neuro-Science in Oregon, applied and was chosen to be one of nine who would work nine to five for two months. That sounds good, but try the 2000 dollars that went along with it! Her job was to study and understand the brain waves of human beings. Two experiments, four year olds and seven year olds, and adults. She worked in what is called a Cognitive Lab, where she kept logs of each experiment by recording them on computer. In addition, by the end of her two months, she was required to write a 10 page paper,

on her results and findings. As a result of her trip, Lali says that she has a greater appreciation for the human brain and psychology, and perhaps she might decide to get into that field.

The program she was involved in was dedicated to getting "minority" students more involved in science.

Skate And Create

WHY? Many people ask, "Why do skaters skate." "For me, it is the only way to get away from it all. Besides, the chicks dig it. And I get to wear funky clothes, and it's super fun," explained sophomore Geoff Alderete.

HOW? Skating is the art of motion, easier to do for most people than to explain. According to Geoff, everybody has their own style of skating. The best style is the natural flowage, that is, the movement through the mind. To skate is to create. "You have the freedom to do what you want, and you are in complete control," says Geoff. If you want a complete explanation of the *physics* of skating, consult Jeff Landi who has a 10 page paper on the subject!

SKATEBOARDING

Jeff Landi performs a nose grind to a 360 varial heel flipout!

Jeff and Geoff soar to the heights!

BUNGEE-JUMPING

Thrill seekers is a mild term used to define bungee jumpers. Insane is the more common explanation for their behavior. However, bungee jumpers themselves explain the feeling of freedom they experience as a "total rush." Such has been the experience of Sophomores **Kristina Valdez**, **Jim Woolley** and **Jaime Ruiz** who have jumped from cranes and bridges! Woolley recommends bungee jumping to all teenagers: "Instead of drugs, jump-it is the biggest thrill you will experience in this lifetime." Hmm!

Live Jesus In Our Hearts

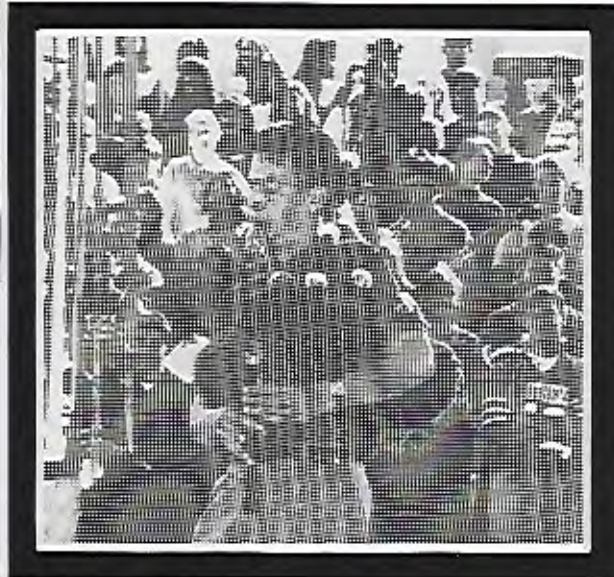

Fr. McKechnie? No, that's Kevin distributing communion during Mass. This year, under the direction of Br. Ricardo, students took a more active role in liturgy.

"Wait a minute! He's not in dressy dress! Oh, that's Bishop Quinn!" We gave him a CB starter jacket and ball cap at our Good Shepherd liturgy. It's always good to have God on your side!

What Is Campus Ministry?

The Campus Ministry program is the specialized and focused means by which the faculty, staff, and students establish and develop a Christian and Lasallian community. The program is responsible for the building of the faith community, and gives expression to its identity in every aspect of school life, in particular through prayer, liturgical celebration, and ministry to its members and to the greater school community.

Some might say that Campus Ministry is "for the birds"; however, here sophomore president, Gibran Leesha, realizes that the Lasallian spirit extends even to a bird with a broken wing.

Kara Green and Rashad Yates carry the picture of Bishop Oscar Romero in the procession on All Saints Day. Behind them is carried the picture of our own Saint- Jason Grady (class of '92). Thanks to Br. Ricardo's liturgy class for inspiring us this year!

THANKS To all the members of the Campus Ministry team for the retreats, liturgies, prayer services, music, and so much more! It's because of people like you that all of us members of the Christian Brothers community can so easily *"remember that we are in the holy presence of God."*

Forever!

"Don't You Have A Class Now"?

One of the ways in which Christian Brothers assists the Sacramento community is through the Developmental Specialists program. The Developmental Specialists are a group of Christian Brothers students who go over to the neighboring Oakridge Elementary School and volunteer their time to tutor and help with various other activities. This year the participating Developmental Specialists were, Hector Leyva, Rayne Soriano, Angela Cardoza, Nicole Scaglione, Yvette Mercado, Alina Cervantes, and Serena Valenzuela.

The Gift Of Hope

This year Christian Brothers students had the privilege of tutoring young at-risk students at the newly opened St. Hope Academy established by Kevin Johnston of the Phoenix Suns. Our contribution to the Academy was coordinated by Miss Peterson. The Ebony club took several informal field-trips over there, and soon many of the members signed up too, among them Scott Davis, Tyrone Buckley, and Darius Leotaud. Overall, CB students received more than they gave by sharing their love and their knowledge.

PAO

Youngest Band In The Area And Doing Well

PAO: What does it mean? It could be short for Paoete or a Chinese word for a watcha-ma-call-it. Maybe it stands for People Against Oppression. I do know that Pao is a unique band that shows a lot of promise.

Pao is composed of C.B. senior, David Chavez who plays guitar and writer of their songs. Chuck Plummer plays bass and now attends Sac. High with Alex Jenkins who plays drums and Brion Birquett who covers the vocals as well as writes several songs.

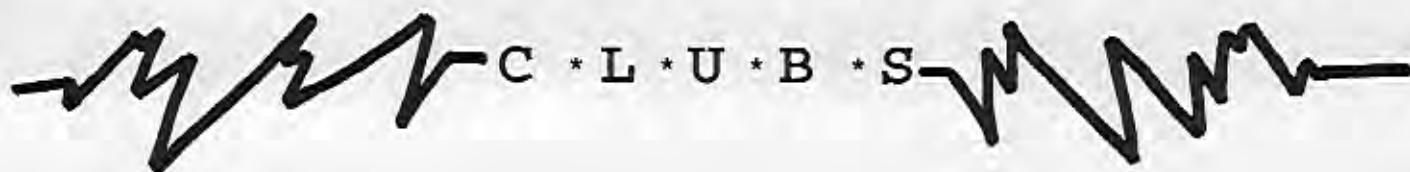

The band was brought together by Chavez and Plummer about 2 years ago, but unlike most bands they have achieved success rapidly. In a short time they have written over 15 songs. Their sound ranges from funk to Arabian rock. Chavez says their lyrics are mostly about depression, and if you listen closely they carry a strong message.

The band's musical experience ranges from 1-5 years, with Jenkins mastering drums for 5 years and Plummer playing bass for 1 year. As for their plans for the future, they are in the process of making a demo, and they will continue to play at parties and clubs. They say it would be nice to be big someday, but they realize that every band must do their time playing in local venues-and for now that's exactly what they want.

Volume 37 *The Crest* was lithographed by Jostens Printing & Publishing CO. in Visalia, CA., with the help and assistance of representative, Jim Paffrath. 900 copies of this 208 page book were produced; 48 pages of full color. We had a staff of wonderful photographers who spent endless hours taking pictures of our many events. We would also like to thank *Coronet* studios who took all of our senior portraits and supplied us with an amazing amount of film and supplies. They also developed our colored and black and white photos. Our budget for the '93 *Crest* was \$27,000 dollars excluding advertising. The yearbook is sold for \$50.00 dollars. All of us on the staff hope you enjoy the yearbook as much as we did the effort we put into it.

Future Politicians

When looking back at the successes of the 92-93 student council, one word comes to mind — outstanding. Throughout the year, they've put all of their time and effort into organizing various activities for our school. Some of their accomplishments include a second-to-none talent show, exceptional rallies and excellent dances, not to mention a memorable spirit week. Student council doesn't focus solely on extra-curricular activities. In fact, they have put together many fundraisers which have proved invaluable beneficial to the less fortunate, including the annual Christmas toy drive and Well-spring effort. More than anything else, student council has enforced the drive and motivation necessary to keep that C.B. spirit alive.

WE THANK YOU, STUDENT COUNCIL!!

MESA was created to develop academic and leadership skills, to raise educational expectations, and to instill confidence in California's "minorities."

This year it was headed by James Molina, president; Justin Vandergrift, vice-president; Monica Chavez, secretary; and Treca Givens, treasurer. We also wouldn't have made it without guidance from Mrs. Van Liefde and Mr. O'Brien.

They went to the Student Math Competition in Capital Center MESA; they had guest speakers such as Mariana Rivera from Sac. State talking about Project Success, and James Dorsey from Chico State talking about the Minority Engineer Program.

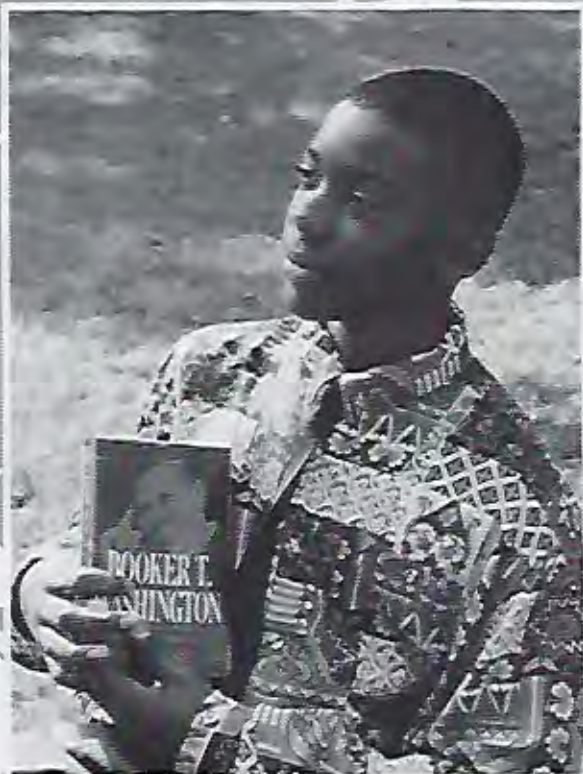

MESA ended up with a great year, so if you got what it takes, join **MESA**.

Middle: Michael Fierro and Gualberto Aglubat stop for a quick pic.

The rebirth of the Ebony Club is credited to students who wanted to share with the school their Black culture and the accomplishments of people of African descent. Members wanted to help recognize the diversity that exists within the Black culture at CB. They have been very progressive and active this year. They went to see the highly acclaimed *Malcolm X* at State Theatre on the opening day of the movie. At some meetings there were guest speakers such as Alan Row, a member of the Coalition of Black School Board Members of California. Early in the year, some members participated in the Mass at Our Lady of Lourdes celebrating the Beautification of Josephine Bakhita, a Canossian Sister who had been abducted into slavery as a child by Arabic slave merchants. And of course, they tutored at St. Hope Academy.

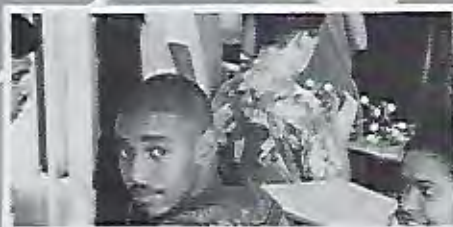

During Open House, Tony Brown poses at the Ebony Club table with his favorite book about Booker T. Washington.

The Ski Club was formed with three goals: to ski, to have fun, and to be with others. The Ski Club goes to ski resorts about once a month: to Sierra, Kirkwood, Squaw Valley and many more! If you're an advanced, intermediate, or a beginner skier who just wants to hang with other people, then go to Ms. Peterson and tell her to sign you up!

What is Halo-Halo? It's a Filipino dessert composed of a mix of fruits in crushed ice. Why Halo-Halo? - The key word is diversity. This diversity shows within our members. We have many representatives from many countries such as the *Philippines, Vietnam, Tonga, Guam, China* and *Japan*, just to name a few. We should acknowledge our roots and origins and recognize our race. We cannot function in a di-

verse society unless we learn about and respect the differences among us.

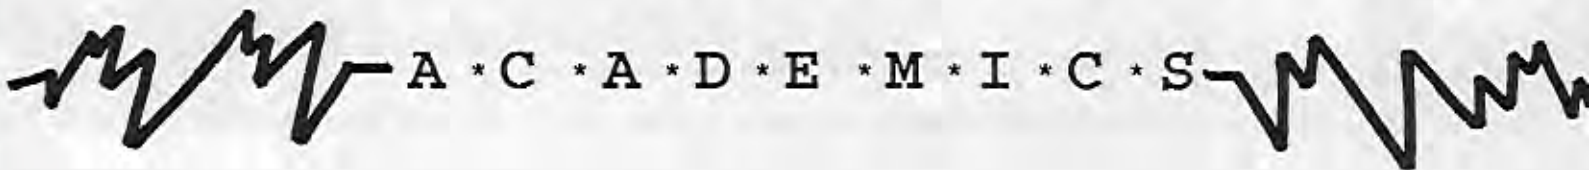

The purpose of the Halo-Halo Club is to share who we are with others and learn about the backgrounds that we know little about through activities and meetings. The factors for this club are involvement, dedication, open-mindedness, and last but not least -

fun.

Thanks to the *administration, Ms. Peterson, and Sister Michelle* for their help, A special thank you shot goes out to our first president, *Rayne Soriano*, for having that "vision" of the Halo-Halo Club.

Scholars Programme In Theory

Two of the members: Jonathon Balcao and Katie Moser. Interview with the former. - What does it mean to be in the Scholars Programme? You're a part of an elite group of students who are serious about school and their future. How did you join? We applied before freshman year and if they liked our application, we were interviewed to see if we

were the right kind of people. What are you plans for the future, in a career? Well, I'm not really sure right now. I want a job where you don't have to be incredibly bright or really do that much during the day. But, still make tons of money and get news coverage. Maybe Vice President. What about your plans for the immediate future? Well, in July actually, Katie and I are going to be married in the Elvis Presley Chapel of Love, in Vegas. We're kind of young, but we're very ambitious and very much in love. And the way I look at it, hey I got a cheerleader! (NOT)

The Falcons held on to a 20-14 win and sole possession of first place in the Metro league. The following week, El Camino defeated the sophomores 21-0 at ARC. CBS quickly disposed of Burbank 28-0 and then faced Sacramento on the final day of the season. The J.V. defense rose to the occasion and the offense played up to it's capability with a 14-6 victory and finished 5-1 in the Metro League. This made them the co-champions of the league.

Water Break!

The 1992 Women's Tennis team had an exciting season! In only the third year of women's tennis at CB, the team took 69% of their individual matches, beating four of the seven schools in the Metro League. Leading the team in our 8 and 6 season was Senior *Tracy Donnaley* and Sophomore *Chauntelle Mitchell*—sitting first and second seeds respectfully. Also having a fine season was sophomore *Shalom Kimble*, who played third singles as well as CB's first doubles team of *Tamara Johnston*, and *Leslie Tatro*. With 14 of 16 players returning next year, CBS tennis should be stronger than ever in '93!

*HAD TO FORFEIT

The Falcons varsity soccer team did themselves proud this year by their outstanding performance on the field and their professional and Lasallian attitudes in the face of misfortune. Led by captains Mark Poletti, Dennis Fox, and Jorge Valdez, the team scored ten wins and three ties. With their athletic ability and moral courage, we know they will maintain their momentum until next year . . . !

Man's Sport!

What A Year!

This year was one of the greatest and one of the saddest years for our Varsity Soccer team. This year was one of the best years the soccer team has had, with a 9-1-2 record, which kept them at the top of the League for most of the year. On October 28, 1992, two games before the end of the regular season, Mr. Delgado announced that due to an administrative error they had to forfeit all but a few games.

Dennis Fox said later in an interview, "I was disappointed by what had happened and I know it wasn't the team's fault. The other team members and I know we were really #1 or #2. But I also back up the school 100% for forfeiting, because if we didn't do anything and if we got caught later, we would be called cheaters. So, I would have rather turned ourselves in and say we messed up, rather than be called cheaters."

Todd Simmons said after the news! "I feel especially sorry for the seniors, since their last year of victory was taken away by a human error. But, hopefully, next year we will come back stronger and better than ever. This just means next year when we bring home the Metro League Championship, it will mean that much more!!"

A Goal!!

Charles Brack said in an interview "In the beginning of the season, we were a little shaky. A lot of the players, were not in training and we had never played with each other before. However, after we became accustomed to our individual styles of play, we began to pull together and play as a team. It was then that we were able to win games. Actually, we pulled together so well that we placed second in the Metro League with a record of 4-4 and an overall record of 7-6-1, which is not bad for a group that for the most part had not played together before.

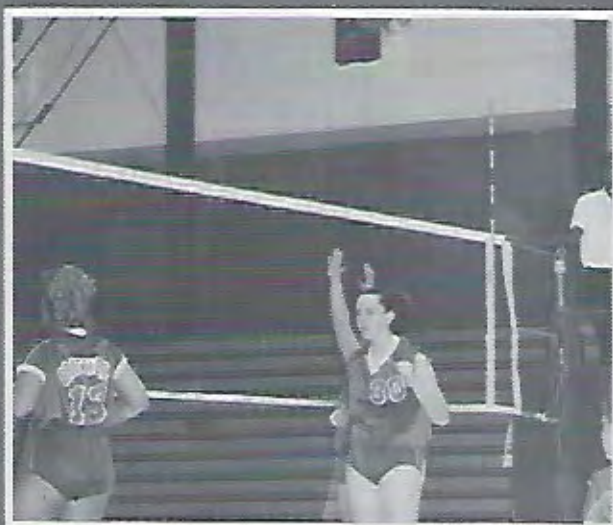

VARSITY VOLLEYBALL

Team Members: top row: Angelique Kincanon, Carin Mikaelson, Serena Sabella, Cristal Duncan, Karen Chelini, Monica Hernandez, and coach David Dacong. Middle row: Christina Pow, Kasey Humackich, and Melissa Holman. bottom row: Jaime Villones (Dawn Leesha not pictured)

Another great season was shown by the young and determined Varsity Volleyball team, ranking fourth in the Metro League. The team began with a rough transition of the majority of the players freshly off the JV squad. In the end, the eleven girls' spirit and talent overflowed from each individual.

First row: Mr. Delgado, Dena Scott, Brian Chargaloff, Matt Keast, Chris LaSala, Armando Diaz. Second Row: Vanessa Rivera, Shannon Frank, Deidre Nelson, Erin Schlensker, Carla Florian.

Competing with young individuals and without a full team, the CBS runners finished a very successful season November 14, 1992 at Sierra College in Rocklin. Having qualified three runners for the Section finals, all three finished very strongly, eventually bettering their respective times by more than a minute each. Freshman, Matt Keast finished fifteenth, sophomore, Chris LaSala finished second and junior, Armando Diaz, a surprise qualifier who learned that morning that he had made the finals, finished a very respectable seventh place.

Each runner; Erin Schlensker, Armando Diaz, Carla Florian, Brian Chargulaff, Chris LaSala, Shanon Frank, Matt Keast and Liz Piff, is to be commended on their commitment to a sport that can be both lonely and difficult. Thank you and congratulations on a very successful season!

Drill Team

The Members of the CB 92-95 drill team squad:
 (third row) Jeanette Erica, Charline Cassarino, Megan Wright, Brandy Wyvscraver, Kirsten Boyd, Jennifer Moller, Andrea Green, Kara Green, Anisa Villatobos, Beth Shea, Jessica Brewer, Anne Martin.
 (Second row) Danielle Trillo, Rose Garcia, Kristy Teal, Deja Gomes, Cheryl Anderson, Yolanda Sanchez (advisor), Valerie Knutson, Jeanine O'Brien, Brandi Neuberger, Monica Ferrigno, Maxine Maxwell.
 (first row) Patrice Bolton, Terra Irving, Lisa Koppes, Stephanie Gomez, Jennifer Regadio, Katie Collins, Nicole Scaglione, Jennifer Conry, Kendall Crabtree, Amy Welch, Nicole Cruz, Aimee Steele, Amy Buckley.

You've seen them at halftime shows for football and basketball. They are CBS drill team. With a brand new advisor hand picked by Mrs. Curtis, drill team is adjusting to some changes. The new advisor Yolanda Sanchez says

Taking over was a difficult task. I'm dealing with students just a few years younger than I. I've seen a lot of improve ment since the beginning of the year and a difference in attitudes comparing me to Mrs. Curtis. I think people

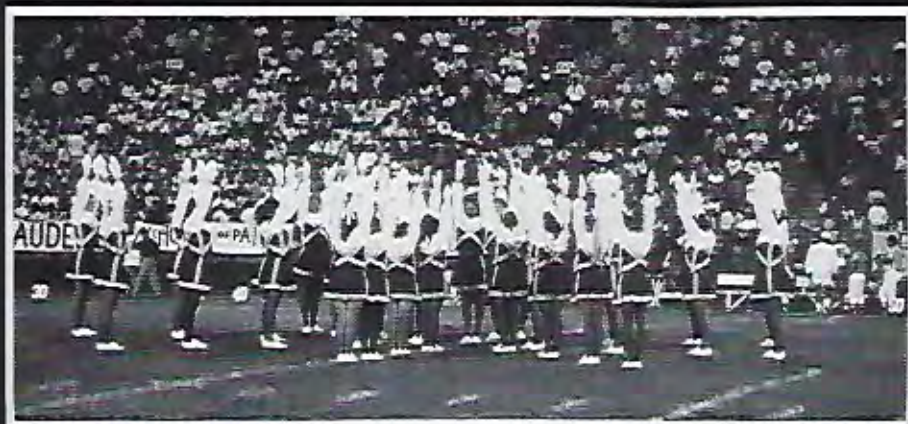

have finally given me a chance. My goal is to work together as a team to get through this transition. I also hope every girl gets satisfaction out of being a member of the drill team. This summer the drill team attended

UDA and USA summer dance camps where they took the top three drill down ribbons and qualified for national competition in Florida. They also took a pride stick and a superior plaque. You saw the drill team in the many basketball

games and rallies. You also saw them in the East West Shrine Classic football game and the Martin Luther King Celebration. They were in the St. Patrick's Day parade. The performed for a C.S.U.S. basketball

game. They eagerly made an exciting trip to Disneyland where they were asked to perform. The drill team hopes to see you at their many performances, so watch and cheer them on!

Top left: Kendall, Lisa and Anisa show their spirit at the Holy Bowl. Middle left: Andrea Green Looks thrilled to have her picture taken. Above: Hey, Valerie and Monica say cheese! Middle right: Vice president Katie Collins and President Nicole Scaglione take time from leading the team on field to take a picture. Right: Another outstanding performance to start the season.

G

CHEERLEADING AS ZEN

Our prized Christian Brothers cheerleaders continue on their quest for spiritual enlightenment through hard work, dedication, perseverance and impressive uniforms. But don't get the impression that just because they wear motivating uniforms, that they have matching brains too. Take the question - "What does it mean to be a cheerleader?" One said, "Cheerleading means hard work! It doesn't mean popularity and it doesn't mean flirting with the teams. Cheerleading is not advertising and it's not superficial. It never has been!", while another simply stated, "It means, um... smiling a lot." Why they became cheerleaders is another point that they disagree on. "I wanted a way to show that I was part of the CBS family and that I was proud of it!", retorted one, while another matter-of-factly said, "I love to be the center of attention. I love having all eyes on me, and only me. If I were a celestial body, I'd be the sun. I can't help it; it runs in the family." You'd think that with the vast variety of answers these girls wouldn't agree on anything, but you're wrong. When asked about why they didn't join Drill Team, the responses ran along the lines of, "Next question!" or "I can't say". Showing spirit for your team means a great deal to them, because it gets them motivated and makes them think, "WOW there's people out there, cheering and rooting for us!" Now, don't you think that's very important?! Quotes in order of appearance: Jennifer Matalone, Kristen Van Liefde, Michelle Barbosa, Amanda Caudwell, Anon, Tayna Danko & Katie Moser.

A nice cold drink sure is appealing when the sun beats down on you. Sure enough though, you're refreshed when the liquid hits your lips.

Like the bright memories of high school, you long for just one more drink, one more prom, and one more victorious moment.

What happened to time? The year just flew by, never seeming to take a breather.

Different events will stand out

in everybody's minds, but certain incidents will be frozen in our memories from the last day of school to our twentieth reunion.

We can always boast about when our football team forced Jesuit into an ice-cold defeat ending the seniors' last Holy Bowl with a bang!

But, no matter what memories we take with us as the year ends, we'll always remember those we shared with our closest friends most vividly.

"One ... But Not the Same" will keep in our minds all the special times we had here at Christian Brothers are always going to remain deep within our hearts.

Some of the memories we may have shared as a school, others as a class, but always the remembrances will be a part of "US".
