*Class of Two Thousand and Three*

Four years can be an eternity, all in the blink of an eye. It feels as though only yesterday we were timid little freshman, scurrying nerve-racked through a seemingly endless sea of students in a never-ending hallway, trying to no avail to find our way to a classroom without being late, again; and yet, as the last few weeks of senior year approached, the long days spent sprawled out nonchalantly in a desk, taking notes, passing notes, seemed to drag on and on and on, with no end in sight. From our entering the doors to lock-in, to our exiting through the parking lot from senior's night, our high school career at Christian Brothers has been unpredictable, unbelievable, and absolutely worthwhile.

As we leave CB, we take with us so many timeless memories. We carry with us the tears and fears of being at the bottom of the totem pole our freshman year. As sophomores, triumphant after surviving that first frantic year, we began to define ourselves, taking first place in the homecoming float contest. The 125th anniversary of CB and the winning of Holy Bowl provided us with an incredible backdrop to lighten up the dismal challenges of the stressful all-nighters of junior year. Senior year, amidst the chaos of college applications and the daunting idea of leaving our small community for that abstract idea known as real world, we learned to better appreciate our family, friends, and ourselves. It was imperative that we made our last year, hands down, our best year.

Our class of 2003 had character. We have been blessed with an innumerable variety of talents; we have excelled in anything and everything, from sports to academics, from art to dance to drama, from community roles to leadership roles. If it can be done, one can expect someone from CB is already there doing it. Full of compassion and charisma, we have proven ourselves, in our silly and sarcastic ways, to be a spiritual and stubborn class - we have deep beliefs and are not afraid to stand up for them. Above all, we have that distinctive, rare, admirable quality known as unity - we have been able to come together as one class of 2003, respectful to one another in every way.

Now our years at CB have finally come to a close. Although we have adamantly expressed our sentiments to flee from these hallowed halls as fast as humanly possible, deep down, there is still that part of us the wishes we could mingle in the grass of the quad, chattering away with our friends, forever. Graduation brings with it, though cliché to admit, the feeling that these four years have been all too bittersweet. A split second that lingers on infinitely. May the roads that lead us on our journey through life bring us nothing but happiness and success; may we learn to mature past our years at CB, but never forget them. As the years pass by, no matter what might happen in our lives, it is inevitable: the music of dances will still blare, the spirit of rallies will still scream, the talents of our stars will still shine, the laughter of friends will still ring, for our memories of one another will never, ever fade....

# *Final Thoughts on the Class Of Two-Thousand Three*

Life is making of choices and risks. This year's class of 2003 has done and will continue doing just that. Everyday we make the choice to wake up in the morning and be who we are and come home at night to the person we have portrayed ourselves to be. The risk we take is being who we really are, regardless of what is accepted and what is denied, what is popular and what is shied away. The choice to be a student and the risk to graduate not knowing what the world holds is all something this class will go through. And as we walk on that stage for graduation after we hear our name called, memories will flash upon us, friendships will be remembered, laughs will be shared, and smiles will overcome the atmosphere just as well as tears of sadness, joy, strength, and weakness. It will then come to our realization that everyone in this class is different, and yet at the same time so similar. We have all gone through something that has changed our lives for either the better or for the worse. We have all shed at least one tear over something. We have all endured a smile with a friend and a secret with a friend even closer. We have all sweated over some sport, some club, some dance recital, some concert, some test or project, or even the most simplistic thing one could think of such as waking up. Yet what separates us is neither our appearance nor the groups we are in, but rather how we have allowed ourselves to be who we are, for who we are all tells an individual story, yet the similarity is that no matter how different we are or have come to be, we all in fact have a story. From singers to sports players, to dancers to artists, to writers to mathematicians, to beauty to brains, to old style and what is hip hop, yet with all the varieties we are still combined as one...one heart...one mind...one spirit...one class. The class of 2003.

-Kristie Martinez

Man four years. I can't even start to think about where the last four went. I swear yesterday we all had braces, we all car pooled to school (with our parents, not each other), and Max and Andy had short hair. And tomorrow, all I know is none of us will be a CB. From the lock in, where we were all too nervous to talk, to now when none of us will stop, it all seems like a flash. But not like a camera flash because those are hecka painful, like the northern lights or something. I mean it's been real, it's been beautiful; as much as we've all said we hate this place, we gotta think about where we had fun. This is the place where we met all our friends, where we acted as stupid as possible just for a laugh, where we slacked off as hard as we possibly could. It's been real. I don't know if my life would be complete if I hadn't met you guys. Jon England, Becky Fien, Martin Heede, Alex Lyon, Chris Cobb, Whitney Peterson, Kyle Garman, Sean O'Connor, Mikee Robinson, Eddie Macayan, Tony Chinakwe; a raging motley crew. (If by motley crew you mean just a small example of people that I feel honored to have come into some sort of contact with over the last four years.) I know I haven't held a conversation with every single one of you, but that doesn't mean that I haven't thought about you, seriously. I remember everything we've done together. Killer musical performances, things I never thought an athlete could do, drama production, student activities, or just hanging out. Seriously, we are all so unique and bring our own talents and insights together to make this call we call 2003. You guys are the people I'm gonna brag about to the people I meet in college, the people my wife just won't understand; you'll be legends to my grandchildren. I think next year is gonna be hard without seeing you guys all the time; sounds cheesy (and yes it is), but really your days make my days. We are a crew, a clique, a posse, a clan, a family, a tribe, a class, a dynasty. I'm proud of us; I think we are seriously the coolest cats around. We need to hold our memories close to us and all, but I think we should be out there making better new ones, ya know? Let's all kick it, just chill back, relax or something. Lose any drama, break down any barriers we've had, drop grudge, pick up a new homie. As much as you hate hearing it, we are the ultimate and we do rock it.

-Rion Larson

As the class of 2003 walks across the stage at graduation, we hope to make a lasting impression on all of those people who genuinely inspired us to be the proud individuals we are today. From the moment we walked onto campus as freshman, it was obvious that we were a unique group of individuals who had dreams and aspirations that we were ready to accomplish. We were excited, nervous, and overall optimistic about the four years to come. It was a time of new beginnings.

During our sophomore and junior year we established many friendships that have come and gone but have certainly not been forgotten. We have faced the challenges of life and allowed them to make us stronger people. The people we have encountered in our high school experience have helped shape us more as individuals, especially the friendships and discipline we received from our teachers on our journey to adulthood.

We went from Two O'clock Tuesdays to Nine O'clock Thursdays. From begging for air-conditioning in the original buildings, to freezing in the SMAT buildings. We went from a fourth place float freshman year to a first place float senior year. And although many things have changed from when we were freshmen, we are still the same creative, artistic, funny, loud, competitive, and fun people we have always been. We are still the same people with those goals and aspirations that we have not given up on. After we graduate we will continue to make a difference in this world of possibilities, with promising futures where success and happiness in life will have no boundaries.

A FRIEND . . . A CLASSMATE. . . FOREVER IN OUR HEARTS

# KEVIN MURRAY

MANY OF US KNEW KEVIN AS A CLOSE FRIEND AND OTHERS OF US JUST KNEW HIM AS AN ACQUAINTANCE, BUT NO MATTER HOW CLOSE WE WERE TO KEVIN, HE WAS OUR CLASSMATE. KEVIN ALWAYS HAD A SMILE TO GREET EVERYONE, AND HE WAS ALWAYS THERE TO MAKE SOMEONE LAUGH. BECAUSE OF THIS WE CAN'T FORGET KEVIN, AND I KNOW WE WON'T.

THAT IS WHY WE MUST KEEP KEVIN ALIVE IN OUR MEMORIES AND IN OUR HEARTS.

## Some Memories of Kevin

Kevin was the kind of guy that I could sit and just laugh with till the end of time. He was so special and so loving. No matter if I was mad about a test grade or upset about a family issue, he would always make me happier. Kevin was almost like a legend that will never be forgotten. He taught me to love, care, help, and most of all, be a better person and I love him so much for everything we shared. I know he will never be forgotten. I love you, Kevin.

## 2002-2003 Faculty and Staff

### Letter by Principal Rudy Schulze

I am writing this letter on Thursday, August 22, 2002, the first day of classes for the 2002-2003 Academic year. The last bell has rung and I am looking out my window as the students are moving toward cars and carpools, sports practices and club meetings, and maybe even some tutoring.

As I watch them walking about, I suspect that their world is quite different from the world I saw at their age. First of all, these kids have "toys" that weren't around a generation ago: cell phones, disc players, and gameboys. Their backpacks seem heavier. They are truly puzzled when I use words like "erasable paper," "liquid paper," or "correct-type." "Spell Check" used to mean physically opening a dictionary! They dress differently than we did—some outfits are baggier, some are far too tight; most are colorful; stripes are back, and "red" and "blue" are big colors around this place. Boys and girls wear shirts that say "Brothers." I've noticed that their hair color changes with the light and how their ears sparkle with modest studs and earrings. Even their music, food, and language are different. Just as it should be.

As I reflect on my teaching career, I'm not sure that I could pass the classes I've been teaching for the last 25 years. I'd invite you to one of our dances, but you wouldn't let them out of the house again! But the more things change the more things stay the same. What hasn't changed is the fact that high school kids are deciding not just *what* they want to do with their lives, but *who* they want to be. And although Christian Brothers High School changes with the times, our teachers understand teenagers and are committed to educating the whole person—body, mind, heart, and soul. We remain firmly committed to your sons and daughters as they negotiate their way through these formative years—as they decide *who* they want to be.

Your daughters and sons will spend most of their lives in the 21st century. We promise to give them what they need for the journey—knowledge and skills for success and a love for life-long learning. We promise to give them the tools to build their lives on solid ground—values, faith, and zeal. We promise to remind them always that they are in the holy presence of God because they are created in God's image. And finally, we promise to show them how to place their gifts and talents at the service of others.

## New Faculty and Staff and Familiar Faces

Joining Christian Brothers in January 2003 were three great people who are veterans of our school. Sister Rita Irene taught here for several years, and we are happy to have her back. Lincoln Snyder, a graduate of the class of 1995, has replaced Bryan Durant for the spring semester. Julie Kolch, a student at St. Mary's College of Moraga, is also a CB graduate. She is interning for Brother Roch in the video production courses. Cleann McGuire is a guidance counselor who works for us part-time.

*{Not Pictured} Returning to us this winter was Teddi Gregg, attendance secretary. After an illness which kept her out the whole first semester, she came back in January to resume her duties.*

## KBFT Station

What is your favorite part about using this new technology?

Anthony Bento, KBFT director: Working with state of the art technology gives the KBFT cast and crew a chance to do something that we might actually want to do later in life. Christian Brothers has given us an opportunity that no other high school in the area can offer.

## A Junior's Balancing Act

What's hard about balancing your tough junior schedule with everything else?

Allie O'Brien, a 11th grade Scholar: Junior grades are what colleges look at the most. I'm in AP Chem and AP History and the fast pace is hard at times. We also have to start taking the SATs. By the time you become a junior, the high school routine of dances and parties gets kind of boring and it is harder to be motivated and work hard. It's really difficult to to keep up with all of my extracurricular activities like soccer and Youth & Government.

Ryan Donoghue is counting sheep instead of conjugating verbs in Ms. Chadborne's Freshmen Spanish class.

Laine Himmelmann attentively listens to Ms. Chadborne's Spanish lesson.

## Liturgical Insight

**Mrs. Ruffu**

Mrs. Ruffu is the Campus Minister here at CB, and she is responsible for coordinating the liturgies with help from her Liturgy, Mass and Prayer Service Class.

**Jimmy Delgadillo**

"As part of the Jazz Choir, it is extremely exhilarating to lead the school in worship during liturgies. I can't wait to do it next year."

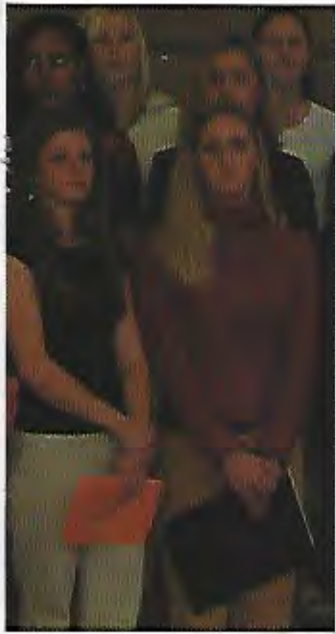

**Neal Davis**

"As Student Liturgy Coordinator, it is my duty to work to facilitate the liturgies, the Christian Service Program, and the Campus Ministry Program here at CB."

**McKenzie Meline**

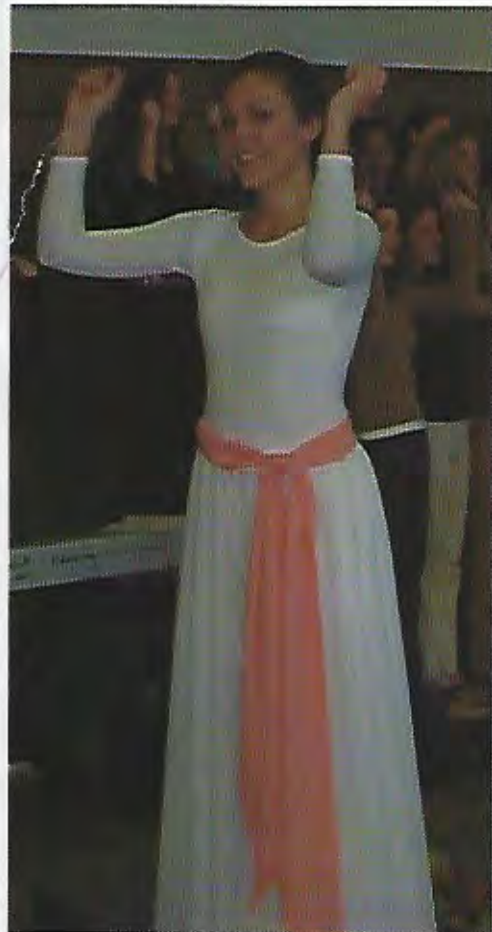

"I think it is so unfair that guys get to take off their ties after the liturgy! Girls still have to struggle and wear uncomfortable high heels all day long!"

"Choir makes me excited to come to work every-day because I get to work with great people."  
Mr. Slabbinck, choir director.

## LITURGICAL DANCE & CHOIR

"It is simply grand having the opportunity to integrate something that interests me into the monotonous, cookie-cutter fashioned liturgies that we were used to seeing. Plus God loves live music better than pre-recorded jiberty-jab." Tyler Lammerding

This painting is from a series of portraits I've done in the last year. With people's faces I like to capture their expressions and generate a certain mood. Art is a wonderful thing and I think from it we gain a better understanding of our emotions and life in general.

## Whitney Greep Peterson '03

I thought it would be a neat idea to take something as well known as the Tower Theater and add a modern twist! So, I captured the theater in a different angles, split the canvas in 4 squares and wa-la! Perfection!

I remember just sitting down one day listening to my Victor Wooten cd and thinking, "Man, this dude is badd!!!" I knew I had to draw a fat picture of him right then and there. The final product ended up in the '02 Java City Art Exhibit, I am proud to say.

This piece actually started out as a religion project. I like it because of the bright colors and intricate detail. It took me so much time to complete, however, once I finished, I felt such a great sense of accomplishment.

## Jim Arthur '04

My spray paint artwork is all based on a childhood wish. When I was younger, I always enjoyed watching the artist do it on the street. In March of my freshmen year I decided to start doing that too. I started out with swirls of paint on a paper. Over the course of the last year and a half, I progressively become better. Just about every week and a half, I do two or three paintings. The piece shown here is one of my best and most recent paintings. It will be shown at the 20th street art gallery in January.

## Carrie Tsang '03

Wandering the endless school halls at night, I realized the thousands of lit up "EXIT" signs. I never recognized how many there were until that night. For this piece, I wanted to take a subject that was small and petty, and enlarge it so that it was no longer something insignificant.

# Oakridge Christmas Party

## FA LA LA LA LA LA LA LA LA

Santa happily makes sure that all the Oakridge children get what they've asked for this Christmas.

Many Smiles expressed with joy and excitement thanks to CB's Christmas cheer.

Brian Kornow tries to be a Christmas tree, but since that doesn't work, at least he makes the children laugh.

### Hark! The Harold Angels Sing

These Santa helpers shared their jolly personality with the children and the two nutcrackers beside them. Thanks, Trish Bennett and Sonny Montoya!!!

Jillian Franzoia, Bjorn Nunan, and Gabriel Gomez are Santa's elves in disguise... delivering presents to Oak Ridge and taking time to say "SANTA" as they smile.

On the twelfth day of Christmas my true CB friends gave to me, twelve Santa Helpers, eleven easy bake ovens, ten writing pens, nine power rangers, eight lollipops, seven baseball bats, six new board games, five transformer trucks, four make-up kits, three G.I. Joes, two Barbie dolls, and a wonderful day at CB.

Open Mic Night was an idea I had since around the fall of my junior year. It first was, in my head, a sketch comedy night accompanied with musical acts, a high school version of *Saturday Night Live*. I brought the idea to Ms. Kenny before last year ended, and she loved it. SENIOR year rolled around and the Drama Department decided that since it was my "brain child," I should receive full creative control. I accepted, of course, since my whole goal was a student run, student presentation. The idea that every student has something to offer the community is a belief I have. "Open Mic Night" is this belief taken to action. Now "Open Mic Night" is a reality, and I am overwhelmed and grateful for the constant support.

APRIL 3<sup>RD</sup> - 13, 2003

Besides *Evita* already being a difficult play, tons of things went wrong- like people dropping the play and music problems. I think the play will all the better because of everyone's effort.

The songs for my character Eva Peron have been my most musically challenging yet. Even though we decided not to do the full play, I think, because everyone is prepared and hard working, *Evita* will be a success.

Everyone involved in the play has worked hard. Emily Kollars, Emily Olsen (Eva Peron), Holden Aguirre, and Jimmy Delgadillo (Che) have dedicated every waking moment to the show. These four refreshing voices are responsible for memorizing and characterizing the bulk of the show. The ensemble practices singing and dancing to half of the show for two months. The cast & crew go through a "week from hell" before the opening show.

In Mexico, we spent a lot of time walking around Cuernavaca, looking through Market places, and eating authentic Mexican food, but mostly Dominos pizza! We made a lot of new friends at the high school we attended, and they showed us a good time. - Tesfa Porter

Mexico was a blast. Hanging out in another country for two weeks was an awesome experience, especially working in the orphanage. It was an enlightening and eye opening experience that we will all never forget. -Rion Larson

The twenty-five days in France was the most amazing time in my life. From having the best French family, the Kansas city girls, and Sara Lygren and Carey Preisinger, I couldn't have asked for a better trip. - Melissa Baker

Mexico was fun and a great bonding experience for everyone. I can't wait to go back. - Kim Tompkins

There are no words to fully describe the experiences that the France trip brought. The Eiffel Tower was breathtaking, the countryside was beautiful, and our French families welcomed us with open arms. I'll never forget the things I did and the people I met. - Sara Lygren

When I first arrived in

shocked by the fact that  
everything was much  
bigger than in Europe—  
the malls are bigger, the  
roads are bigger, the cars  
are bigger, and even the  
people are bigger. It's  
crazy! First, I didn't  
understand why people  
need so much space in  
their car if they only put  
their back packs in them.  
Then I thought that  
Americans wanted  
bigger cars in order to  
look slimmer! I'm the

### Team Comradery

Q: How has your time at CB improved your golf skills?

Lindsey Franzoia: The team comradery definitely helped me. It was a mixture of getting older and using my teammates input to correct things that I would never see myself.

Q: Do you plan to continue golf after high school?

A: Yeah, I'm actually going to a college in New York on a golf scholarship.

Q: What is your favorite memory of being on the golf team?

Allie Kubochi: The car trips to and from the golf course and to all of the tournaments.

**Q:** What was the most memorable match of the season?

**Kaelyn Mezger:** None of our matches were very successful, but the home matches where everyone tried her hardest were the best.

Victoria Paulk received an Honorable Mention in All-City Tennis....Good Job!

## Tennis Talent

**Q:** What do you think of your Honorable Mention? **Tori Paulk:** Well, I practiced really hard and went to every match to improve so I would win. I'm glad that it goes to colleges, and I got a plaque. I was disappointed that I didn't make All-City, but I'm hoping for next year.

**Q:** How did your teammates react?

**A:** Everyone was really happy for me, but they were kind of surprised because I'm only a sophomore.

**Katie Tratten:** No, we never had practice on Fridays. All the practices were pretty short because we got everything done quickly, it was great!

**Q:** What was your favorite part about being on the tennis team?

**Tara Davis:** I liked the matches and getting to know the other players.

**Q:** How was your experience as a senior on the tennis team different than your other three years?

**Becky Fein:** It was so much better, because there were no older kids to harass me or for me to be afraid of. And I already knew the coaches.

"The team really plays well when we shoot in rhythm. Since we have many shooters on our team, it is essential that everytime the ball is in our hands, our shot has a nice flow to it. Our team is probably the best at everything we do, and, most importantly, we have a good time doing it." - Natosha Reed

"The team was real cool this year. All the girls got along, and that made playing together fun. We were all supportive of each other, and all wanted to have a good season. It was just cool that we could have fun and still do well." - Amanda Plasencia

"In order to play this game, one needs to love it first. So, much love to the players and the bench mob." -Mikee Robinson

"Our team is like, spiritually, cosmically bound. We're Gemini's, vegetarians, and our hobbies include painting fences and bike riding. It's like NASA cloned one person twelve times." - Christine McShane

# Love and Basketball

*"Who we be?...CB. Where we from? ...Oak Park.  
Who we be?...CB. Where we from? ...Oak Park.  
We Fly ... So High Like Falcons!"*

"The team, what can one say about this team... We have a lot of personalities that are disturbing off the court. But on the court we all seem to be in sync with each other, all on point. But then the game ends, and we are still all 13 crazy, weird, and very different individuals. How does it work? Just like how many times it takes to get to the center of a tootsie pop...The world may never know." - Natalie Franklin

Falcons fly together and are never alone, as are these girls as they show their team work in a group huddle.

"What can I say- These girls are amazing! Everyone adds an important element to the team. I am so glad that I got the chance to play with such talented girls." - Heather Campbell

Heart is something that cannot be given nor taught, but only found within oneself. To have love for something is what makes that something so wonderful and worthwhile. Love and basketball are not the only themes of this Varsity Girls' season, they are also their mentality as a team.

"The team was really fun this year, because we pulled together and won games. Everyone on the team is 'Da Bomb.' I'll miss the seniors next year, but as long as we stay juicy and bootylicious, we'll do well in playoffs." -Amber Whittington

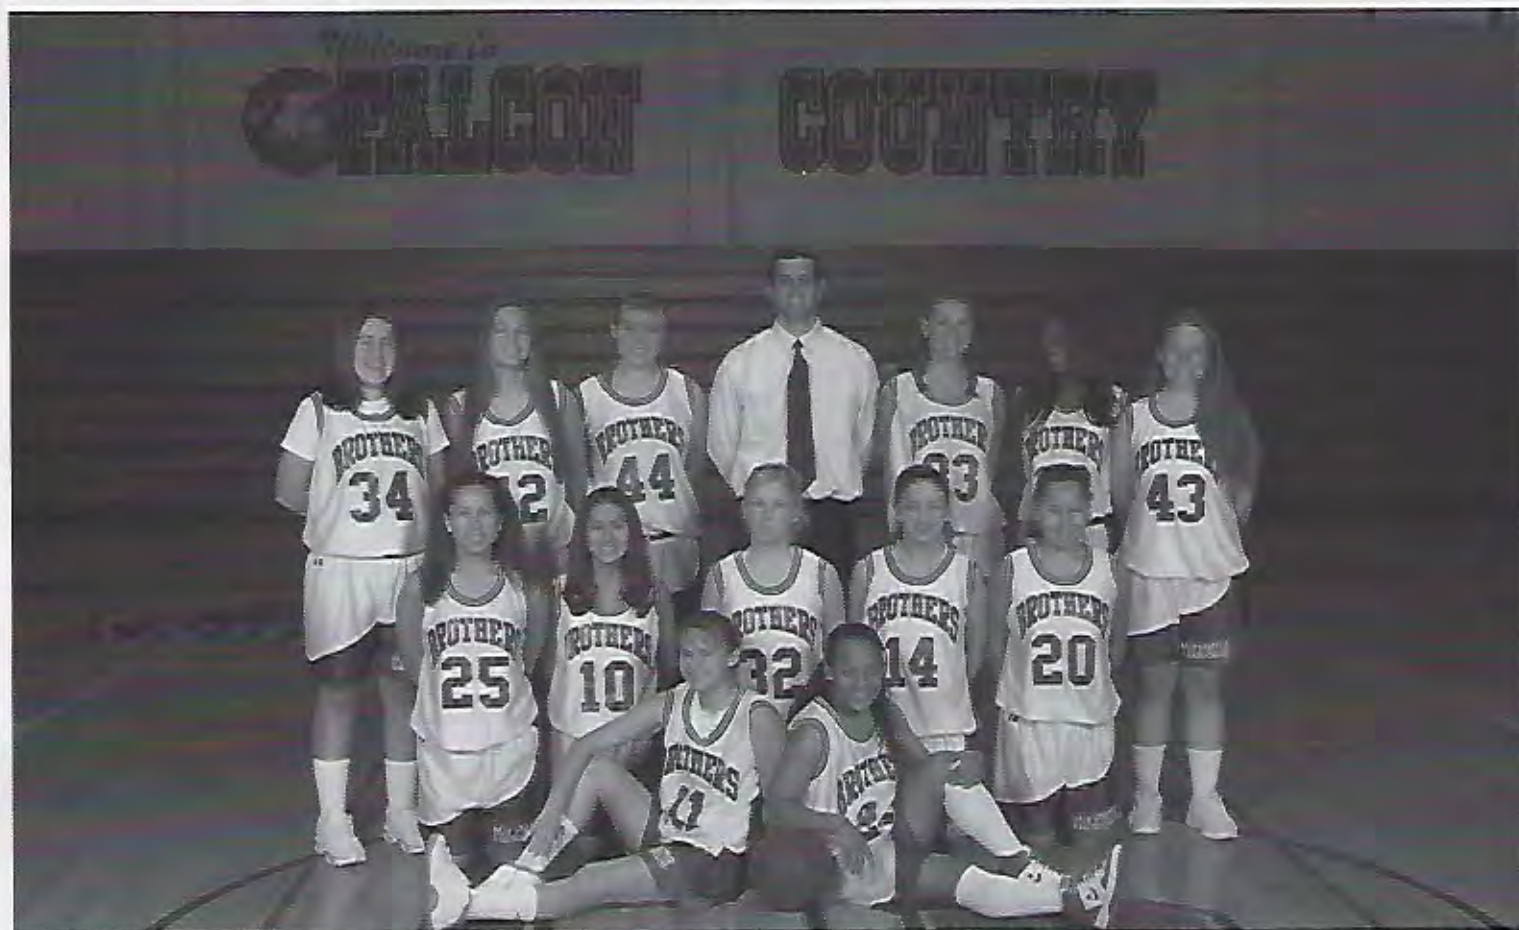

"With hardwork and dedication, you too can reach your star status." -Amber Whittington and Alex Machado

Just being with my teammates on and off the court made us "click." Even if we didn't win, we had the best times and a great season. 4. You could be the best player but if you don't have the love of the game you are the worst. Love what you do and do what you Love. To my 6 girls out there, give me an "Uh Ooh!" 5. If you think you're going to miss the shot, you're going to miss the shot

DEFENSE! Heart and determination are necessary aspects in any game played, but especially when day in and day out that game becomes your life. - Amanda Wallner

This year was a great experience for our team. We came together as a family and played like a family. In order to have a hard impact in the game, a fierce first impression is a must. In order to feel how good a true win is, you need to know how a loss feels. - Amanda Limeberger

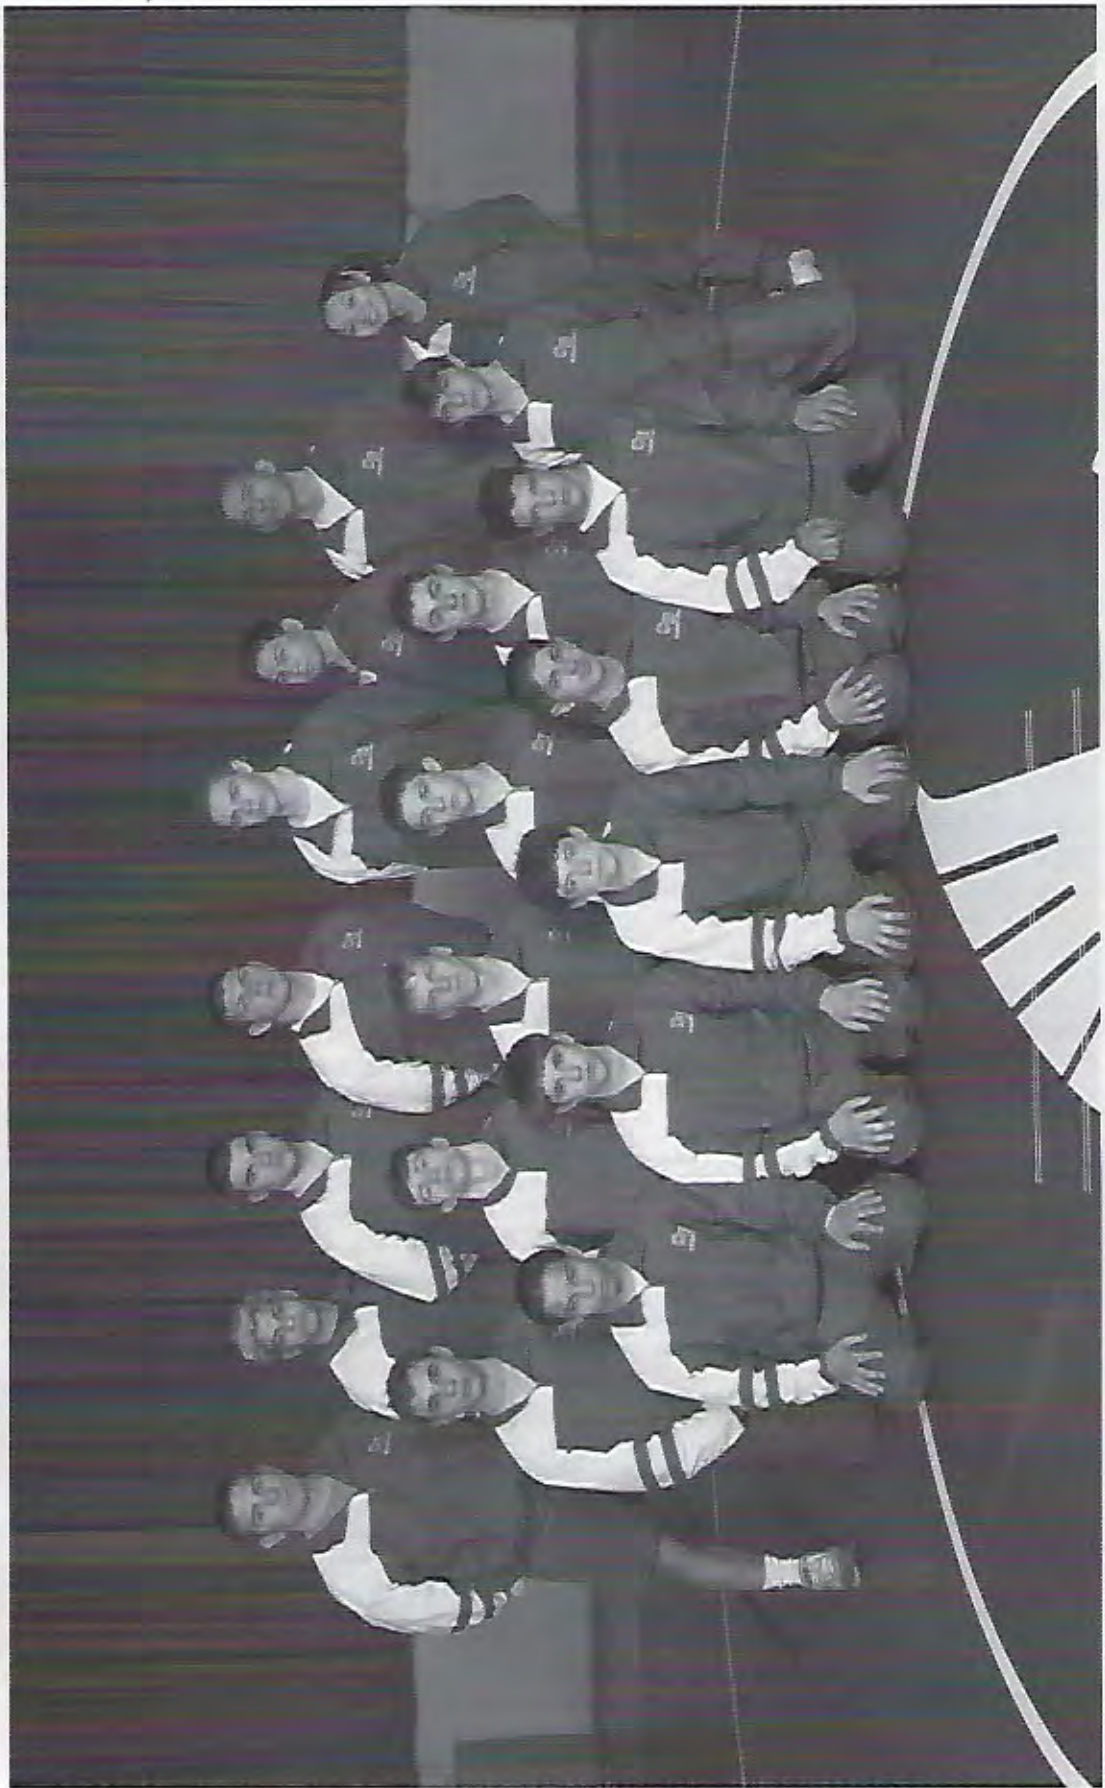

The season was really fun and the team was really close. The bus rides were fun once we got good busses!- Lindy Wilson

Basketball is more than games. It's bus rides and practices. It's the people you spend time with. It's the man-arms your coaches help you get, and the "abs of steel" promised after millions of sit-ups. But most of all, it's the atmosphere the team creates. This year I was lucky to have great teammates and excellent coaches. -Katie Tucker

Far Right: Assistant Coaches John Synhorst and Ryan Harrington.

Byron Miller has been the CB wrestling coach for the last three years, but he has been coaching wrestling for the last nine years. Considered one of the best coaches at CB, he would like to see athletes at Christian Brothers give many sports a try. Instead of concentrating on just one sport, students should try several. This year is a growing year for the wrestling team. Only one wrestler, Mitch Simmons, is graduating, so the rest of the team will be back next year.

Danny Wilson is a junior at CB. He started wrestling after football season during his freshman year. Mr. Haag, his football coach, recommended wrestling as a way to get in better shape. Danny not only took up wrestling but liked it better than football. Last year as a sophomore he participated in both sports again and this year has become one of CB's top wrestlers, not only in skill but also in enthusiasm. He loves the sport and wants to make it to sections this year, the state meet next year.

Danny commented that wrestling is "the toughest sport at school. We practice three hours a day and have tournaments almost every Saturday." Danny, like his coach, feels that the sport is underrepresented. "CB needs more people to have a full team that will be truly competitive."

I love the atmosphere on the team with all of the jokes and fun, especially the accomplishment when you finally don't smack on a dive. I've improved since freshman year dramatically. When I started I was one of the worst divers CB had ever seen.

Diving is fun because its not too competitive and most of our practice is spent in the hot tub, keeping warm between turns if its cold. I don't really have a favorite competition; we spend most of our time at our practice pool in Rio Linda.

It doesn't matter what grade you are in or how many years of softball you have played, what matters is what you do as a team, when given the chance to do something. Heart is something you either have or you don't... and this team indeed has heart.

We field grounders and hit line drives. We play softball and there's nothing soft about it.  
-Audrey Laine

In order to be the best, you have to look the best.  
-Becky Conley

Play every game like it's your last.  
-Celisa Hidalgo

This season has been awesome. Thanks girls for the memories.  
-Casey Daffin

Stephanie Howell

No matter how many games we win or lose, in the end we will always have the memories: Hey Baby Girl! Bangers! That a Baby!

Kelsey Harris

Winning isn't everything, as long as you are having fun. Love 2 the Bangers, the Bobs, the Folks, Coach K, the LD, the Irishman, and the Cuz.

Evangelina Garcia

To all the homegirls on the team... Partying is just like softball, the object of the game is to make it home safe!

One cannot play as a team, until a team is established.  
-Christine Pearson and Celisa Hidalgo

There has been bonding and many laughs shared. A smile is what can make a difference, and it has on this team.  
-Casey Daffin and Kristie Martinez

I would rather be lucky than good.  
-Alisa Kuwabara

Live this game second by second, but live it with your heart.  
-Kristie Martinez

Offense wins games, defense wins championships.  
-Alyssa Shope

There's no crying in softball, so smile instead.  
-Hailey Rellies

# Women's JV Softball

As a pitcher, the weight is on your shoulders, but with the help of my team, the weight is a lot less to handle. -Stevie Jablonsky

Softball is like homework, put 110% into it and you'll be ready for the test. -Annie Conley

Go! Fight! Win!  
Christian Brothers

Before you ask me why my legs are bruised, my knees are scarred, and my nails are broken, realize that I play softball. If the game was any easier, I wouldn't play. -Renee Campos

So much can be said about softball and the game itself; however, what makes the game what it is are the people that love that game. Monica Victorio believes "This game is a war and we always survive." This war is fought each day of practice and each hour of each game. The goal according to Kara Tyson "is to never give up." It is easier said than done, however; these talented ladies prove this day in and day out. Some people have missions rather than goals, specifically Roxanne Campos as she says, "I'm here to kick butt, get dirty, and play hard!" With so many views of the game by so many of the athletes, emotions about the game run high. When Angelica Rios was asked what she feels about softball she answered: "Softball!!! There's nothing soft about it! My family is what pushes me to continue this game and they are so special to me." Another athlete stated, "If what you did yesterday still looks BIG today, then you haven't done much." Elyse Avila expressed this as her emotions of the game came into play this season. Yet, all in all, with every athlete, spectator, critic, and admirer, they all have one thing in common... it is the love of the game.

Two teams, four bases, seven innings... Why do I play? It's simple... I love the game. -Jennifer Farrell

**Kyle & Shawn:**

You met when you were only three and your friendship has never wavered. It has lasted through different schools, other friends and even girlfriends. You shared everything and you still do. Back then you could both fit in the same chair, now you pump iron together at the gym. You share old friends, new music and a "healthy" interest in food. You have different personalities but always share a laugh. Stay friends! You'll need each other. Slayer!!
