# Let Us Remember...

... that we are in the Holy Presence of God. For the past four years at the beginning of every class, we have said those words. Now instead of just using it as a tool for prayer, let's use it as a tool to remember the past four years.

Let us remember our Freshman year and all of our dreams and aspirations we had and wanted to accomplish. We remember the first days of school and looking up to all the upper class students. We also remember our first Homecoming and first sports games. It was a time of new beginnings.

Let us remember all the friendships that have come and gone and how they have shaped our lives. Also remember the teachers that had been there to help us on our journey to adulthood.

Let us remember our Junior year, when we were finally considered upperclassmen and had started to accomplish our earlier goals and had begun to realize our dreams.

Let us remember, and never forget, our Senior year. We were the wiser and older students at school. We may have been the smallest class, but we worked well together and had great school pride.

Finally, let us remember all the lessons we have learned for life. We, the Class of 1998, have ended our career at Christian Brothers and will always remember all of the memories and all of the dreams we have accomplished at this school.

# The Falcon Addition

## Principal Rutten Soars

Over the 1997 summer, eight applications were sent to Christian Brothers in response to the position as principal. The CB Interview Committee only interviewed three candidates out of the eight. "When I interviewed him (Mr. Rutten), I became convinced Tom Rutten was the best candidate and is the right person for the position." **Mark Warren.**

Mr. Tom Rutten previously came from Sacramento High School as the Vice Principal. Mr. Rutten was not only a Vice Principal but he taught English, Remedial English, Social Sciences, and Physical Education. Before he came to CB, he was Sacramento High's Mentoring Program Coordinator and the Student Activities Director since 1987. He held the Varsity Football Coach position since 1987, but recently resigned. By far, Mr. Rutten had the best background, and we are glad he is here.

The most talked about 97' 98' event is happening at CB, it's the latest Falcon addition. New principal, Mr. Rutten, is overcome with joy to be a part of the Lasallian spirit.

Mr. Witry and Mr. Donch prepare for the mad rush of student drivers eagerly wanting to buy their parking permits. Fun Fact: This year 215 parking permits were sold.

It truly was a day that the seniors will remember.

# You Can't Take CB Fall

Under the direction of Dr. Kenneth, *You Can't Take It With You* proved to be one of the funniest productions in CBS history. The story takes place in the New York home of Grandpa Vanderhoff, where things are more than a little strange. The manufacture of fireworks, writing of plays, and dancing of ballet are interrupted one day by the engagement of the youngest Sycamore, Alice, to the son of her employer, young Tony Kirby. The Sycamore family plans a celebration, but the Kirbys arrive one night too early! In the madness that follows, Government agents burst in and arrest everyone, including the unamused Kirbys. Alice is mortified and tearfully cancels the engagement. The play ends happily, however, when Mr. Kirby forgets his pride and gives his blessing to the grateful couple.

# A Year In Review...

## Hard Rock Cafe

Sacramento got a Hard Rock Cafe at Downtown Plaza in 1997. The huge, lit-up guitar outside the restaurant was a nice touch. The food is a little pricey, and the wait for dinner could easily be a few hours, but Hard Rock Cafe is still rockin'!

## Seven Baby Wonder

Whoa baby! An Iowa woman amazed the world when she gave birth to septuplets in November of 1997. Talk about a woman with an incredible amount of strength!

## WNBA

Long overdue, women's basketball started up in 1997. Sacramento got the Sacramento Monarchs. The team was successful, as were the turnouts for their games.

## Michael Jackson

Michael Jackson had a baby ... well, so did we. In 1997, Michael Jackson and his wife celebrated the birth of their baby boy. There's another bundle of joy on the way. Way to go and congratulations!

## Hong Kong

For nearly a century, Hong Kong remained under British rule. But in 1997, the contract expired, and Communist rule was restored. It was the turnover of the year.

## Cloning

Science took a turn for the better in 1997 ... cloning was it a turn for the worse? We watched in amazement as science successfully cloned a sheep, given the name Dolly.

## Ear-Nibbling Good!

It was supposed to be the biggest fight of the year, but the Mike Tyson and Evander Holyfield fight turned out to be one of the biggest disgraces in boxing history. Tyson was losing big time, and decided to lash out by biting a chunk out of Holyfield's ear. What a poor sport!

## Heaven's Gate

The Heaven's Gate cult stunned many people with their mass suicide. The cult believed they were going to be picked up by an alien spaceship accompanying the Hale Bopp comet.

## Titanic

Six months later than originally planned, *Titanic* opened in movie theaters everywhere in December of 1997. It was the most expensive movie made, costing an approximate \$200 million to make. It remained number one in the box office for weeks. Leonardo DiCaprio and Kate Winslet won the hearts of everyone as the main characters (Jack and Rose) of the tragic love story that took place on the historic ship. *Titanic* was, quite possibly, the best movie of the year, gracing numerous movie critics' "top ten" lists.

## Michelle Montoya

She was young and she was beautiful. Her life was taken on May 16 in Rio Linda High School's wood shop. Michelle Montoya was less than a month away from graduation. She would have graduated on June 5, 1997. She had attended CB during her Freshman and Sophomore years.

## Saying Goodbye

We said farewell to several familiar faces in 1997. They made us laugh, they made us think, they made us listen, and they touched our lives. Their passing caused heartache and tears for many people around the world. They will be greatly missed. Here are just some of the people we said goodbye to: Princess Diana, Mother Teresa, Jimmy Stewart, Notorious B.I.G., and Chris Farley.

# WE CAN DIG IT

## Women's Varsity Volleyball

This season has been especially memorable for our Lady Falcons. For the first time in 7 years these ladies beat their arch rivals, St. Francis. This is what Coach Decong had to say about the win: "I always knew we had the talent to beat the top Metro League teams. The only problem was getting the team to believe it. Mentally, this year's win over St. Francis was not just a win it was the greatest confidence-builder a coach could ever want. It was so satisfying. We came to that match ready to play. The win opened the door for the Falcon volleyball program."

### Bobby Anderson

Bobby played volleyball for the first time his freshman year here at C.B. Because of his lack of experience, he often found himself riding the bench. But since his sophomore year, he has improved a great deal and is now a vital part of the C.B. team. "We have a great team this year with a lot of talented players. We are one of the best teams in the Metro league and have a great shot at the title- it's going to be a good year."

### Jordan Willis

Jordan Willis was inspired by his big brother to play volleyball- it had always looked fun. Therefore, his freshman year, he decided to give it a try and go out for the school team. Since then, Jordan has been C.B.'s star setter. "We will be pretty good. We have strong seniors and really talented juniors (also one sophomore) and that assures us at least 2nd place. We work pretty well together, it's a good team."

This year will be Celena's third year on varsity, and she is pretty confident. "Our team looks really strong. We have a lot of potential to work with Metro Champs for a third year looks like a strong possibility in our future."

### Kristen Trejo

Some girls could not see themselves out playing in the dirt. Kristen is not one of those girls. She has spent more than half her life out on the field not only for CB, but on her competitive teams during the summer. This year Kristen says, "We definitely have a young team; however, our talent is pretty good. Everyone can play everywhere and that opens up a lot of opportunities. This season is going to be one for the books."

### Matt Singer

Matt Singer has been playing the game for 13 years. That's more than half his life. It is now his Senior year and he is CB's studly starting catcher, a position he's played for only 4 years. This season Matt is coming back from a back injury that plagued his Junior year. However, he is now rehabilitated and ready for the new season. "We are going to dominate Metro League. All our talent is great and the line up is really strong. I'm confident we will win a fair share of games."

### Danny Gill

It's a Gill tradition, at the age of 5, to clean up and hit the field. Danny was no exception to that rule. Just like his 2 older bro's, Danny's a studly Falcon ball player.

He now plays right field for the Varsity team. However, he also sperks a few innings on the mound. "We have a dedicated team this year. There's great potential to take Metro League." Danny sure is looking forward to this season.

Nick White (11)

"I've been playing for 6 years. My next door neighbor was my best friend and I liked to hang out with him, and one day I went golfing with him and beat him. He thought I had talent and bought me clubs and helped me along the way. I was 10 years old. No, I don't care too much for Tiger Woods, but I do wish to be the next Nick White."

### Ashley Robb

Ashley and her twin sister Jen have more than just looks in common, they're also the only Seniors on this year's soccer team. Ashley, however, is more of a veteran to the sport. Once she hit second grade, she also hit the soccer field. 11 years later, she finds herself tall playing the game as one of the captains for GB's varsity team. Playing at the varsity level is nothing new for this starting fullback. Freshman year she got pulled up to show off her elaborate skills. We can't deny Ashley's love for the game either. Come on! She doesn't even have an off season because she plays year around. What's a stud? Our team is stacked with talented Juniors. We'll be able to win more than we lose. You'd better keep an eye on this awesome Falcon, she's HOT!

### Sarah Rogers

Watch out for that Sarah Rogers. She's on the move; on the move up, that is. She was moved up to varsity her freshman and sophomore years. It is now her Junior year, and she's starting as one of the team's fullbacks. With 10 years experience under her belt, Sarah's not letting anything stand in her way. She's got what it takes, that's for sure. Sarah takes pride in the fact that she is a versatile player. Her competitive attitude shows in her love for soccer. All year round, Sarah is out on the field. She never gets enough. The outlook for our team is good. Our team is really strong. The team may be smaller than in previous years, but it's just as strong!

## Acknowledgements

After countless hours of work, the yearbook staff has managed to capture the moments which have made us laugh or cry. Those are special times we want to remember. Every moment we have spent here at Christian Brothers had added to who we are and who we will become. The 1997-1998 Crest will help to "Let Us Remember" our high school years as we mature from our distant dreams to our long-awaited accomplishments. Capturing these memories has not been easy; it is a job which could not have been completed without the help of these people whom I'd like to thank:

- Mr. Palfraith, our great Jostens representative, for all the help in putting together the book (and for the yummy popcorn!)
- Jostens for all their hard work and understanding in publishing the book.
- Comet Photography for the speedy photo developing, super pictures from dances, sports and everywhere else.
- Sister Diane, the fastest and most spectacular proofreader anywhere.
- Mr. Willy and Sister Maria for approving every page.
- The Talon for sharing their pictures and their information.
- Ms. Hobart for use of the office phone.
- Ms. Young for paying our bills.
- Mrs. Hlanilena, our understanding librarian for use of the computer.
- Ms. Tosta, Ms. Gregg, and Ms. Rivas for their expertise.
- Nicole Nicolson, my Assistant editor for the support and "bonding" at camp.
- Ms. Drucker, for her patience, humor and time outside of class (and "delicious" chocolate hearts). She is the best advisor ever.
- Nicole, Tam, Jennifer, Elyn, Michelle, Ashley, Kristen, Lindsey, Hersine, Andrea and Joe - the most responsible and most fun yearbook staff ever.

Thank you to everybody else who has helped to make this book possible.
