# Ven-a-ver

Students attending the Venaver Otro Lado immersion trip to Tijuana, Mexico to gain a deeper understanding of the border. Venaver meaning "come over to this side, then go to the other side," and these juniors did just that; they went to the other side of the border to see what happens to immigrants. This trip provides a once in a lifetime experience, one that will last a lifetime, not only these CB students, but also with the people they met.

The Venaver immersion trip to Tijuana, Mexico and the Black Hills Indian Reservation was a chance to help those who are not as fortunate as many others. The students on the trip gained a deeper understanding of what it means to live in an environment that is downtrodden with misfortunes of teen pregnancy, alcohol and drug problems, and much more. Learning about these issues and the people that cannot be forgotten, and provides an experience to the students who went on the trip that can never be repeated.

*Our school year has been filled with memories that will last for years to come. Christian Brothers has encountered times of struggle, but more importantly, we have created memories of love. We have built a community that is forever united, no matter what adversities approach. Our identity as a Lasallian school is resilient and unbreakable. We express ourselves through style and celebrate our unique student body. We celebrate individuality through our ambitions, goals, lifestyles, and spirituality as an outlet for self-expression. When our time at Christian Brothers comes to an end and our next journey begins, may we continue to feel the presence of God and keep Jesus in our hearts, forever.*
