Christian Brothers High School

Built Up & Unbreakable

C-B-H-S Falcons FIGHT!!! The 2017-2018 school year was one for the history books. August 16th marked the first day of countless studying hours, memories with friends, and time to explore and develop our passions. Now, as we look back, we know that these unforgettable moments have built us up as Falcons. From freshmen to seniors, we all come from different backgrounds and bring something unique to Christian Brothers to make it our home. Everything we do makes a difference: whether it is acing a test, scoring the winning point, owning the stage, joining a club, going on retreat, or volunteering for the community, we are all on the path to success. Together, we have built a family of Falcons, but most importantly, we are a community where we are all **BROTHERS.**

As Athletic Trainers these students help tremendously in the physical health of our athletes. They wrap ankles, wrists, supply ice packs, and keep our players hydrated. Recovery from injury for athletes can feel long and lonely, but no matter what sport, if you need a hand in that process the athletic trainers are prepared to give aid in rehabilitation. Along with providing aid for others, they are also aiding in their own future. Athletic trainers learn many important sports medicine skills that if they choose so, put them ahead of the competition in their field of study.

Save The Bees

Honey bees — wild and domestic — perform about 80 percent of all pollination worldwide. A single bee colony can pollinate 300 million flowers each day.

Grains are primarily pollinated by the wind, but fruits, nuts and vegetables are pollinated by bees.

Seventy out of the top 100 human food crops — which supply about 90 percent of the world's nutrition — are pollinated by bees.

Honey Bee Fun Facts

Sponsored by Allen Warren & Family

Seven Species of Honey Bees are now on the endangered species list!

Honey bees must gather nectar from two million flowers to make one pound of honey.

Save the Bees by buying local & raw honey from your local beekeepers. Avoid honey sold in bulk or in the supermarket.

3 years in a row!

Welcome to Personal Touch Esthetic. I am Windy Aceves, and I'm here to share my passion for skincare with you! As a teenager and well into adulthood, I suffered from horrible acne. This made me feel insecure and unattractive. Helping others achieve the skin they want is my passion and my love. I want to provide you with the best possible skincare. My goal is to get you the skin you have always wanted. My honest, upbeat personality, and my caring demeanor makes the experience one that you will embrace and enjoy. My goal is to make you love the way you look and glow with happiness. I specialize in facials, Brazilian waxing for men and women, and eyebrow waxing. I look forward to working with you to provide you the best possible service.

Congratualtions to our daughter, Jordan Nicole,
and the rest of the class of 2018!

Dustin,

You did It!

You've worked hard these past four years and we couldn't be any more proud of you. Even when things got rough, you managed to work hard and see it through. Everywhere you have been and everywhere you will go have and will always be someplace wonderful. Wherever you may roam, our love will be with you.

*Congratulations and good luck, my son
