

WELCOME to Christian Brothers School! You are now a "Brothers Boy", a title which has been given to the more than five million students who have been taught by the Brothers throughout the world. What is a "Brothers Boy?" First of all he is a MAN and all that this title implies: he is a person who is a credit to his family, his Church, his school, his friends, and, most important, himself. He is the sort of person who is guided by principles which he firmly believes are right. If and when he falters and falls, he does not become discouraged. Rather he has the strength of character to begin anew. In short, the "Brothers Boy" is a Christian Gentleman. The purpose of this book is to help you attain the ideal which has been set for you. The Brothers and faculty at C.B.S. are interested in one thing: YOU AND YOUR SUCCESS.

HISTORY—The founding of Christian Brothers School dates back to 1876 when it was located at 12th and K Streets in downtown Sacramento. However, in 1924 the campus was moved "across the levee" to its present location at the corner of 21st and Broadway. In 1926 a gym, locker rooms and shops were added to the facilities. Because of an ever-growing student body, four "temporary classrooms" were erected in 1952. In 1954 it became evident that the facilities at 21st and Broadway could not easily handle the increased enrollment which in that year exceeded 600 students. Bishop Robert Armstrong gave approval to begin plans for the school which would later bear his name. Since 1956 only the Freshmen and Sophomore classes have been held at C.B.S. The two upper classes are held at the modern and beautiful Bishop Armstrong High School. However, on the campus at Christian Brothers is a Resident Students Department which houses some 80 boys drawn from the four years of senior high school.

Christian Brothers School is conducted by the Brothers of the Christian Schools, the largest religious order of men devoted exclusively to the Christian education of boys. There are at present over 25,000 Brothers teaching in practically every part of the world. In California they conduct ten schools in various parts of the state.
