Christian Brothers High School

LIVING THE LEGACY

One hundred and forty-three years ago Christian Brothers High School was established to provide a place for students to explore their faith, receive a quality education, and investigate the world around them. Every day, students, faculty, and staff are guided by and live out the five core Lasallian Principles: Faith in the presence of God, Respect for all persons, Inclusive community, Quality education, and Concern for the poor and Social justice. Over the years, Christian Brothers High School has brought together people from different backgrounds to form a community. This 2018-2019 school year has been filled with retreats, traditional Holy rivalry games, homecoming, liturgies, plays, band and choir concerts and so very much more.

Christian Brothers students make our school extraordinary and rare with their leadership, service, and talents. We build each other up, we support each other, and most importantly, we come together as a family. Together we are united.

Senior Advice

Seize the opportunities given. There is only one reason many people say high school goes by in a blink of an eye - it is true. You will only have four years out of your entire lives dedicated to high school. However, a high school experience cannot be measured by the number of years, but by the opportunities taken and the memories made. You determine how to live those four years.

- Victoria Okafor

Don't wait on doing what needs to be done. Get the difficult stuff out of the way, then you can focus on doing what you love.

- Nick Maricle

Be more positive and spread more kindness to everyone; spreading the love makes school and life more enjoyable.

- Carmen Singer

Participate in everything you can, because if you don't, you'll look back later and regret not having done so.

- Garrett Simpson

For new ISP students, please don't be afraid to ask questions or speak up. CB is friendly, and everyone is willing to help you when you need.

- Sophie Tran

High school isn't just all about prom and going to football games. It's also a four-year rite of passage into college, to prepare you for the rest of your life. If you don't focus on school to some extent, you won't have as clear a path towards success. To put it simply, enjoy the present, but if you enjoy it too much without focusing on more important things, you will have to pay the price in the future.

Dearest Alexandra, may God give you...

*For every storm, a rainbow,
For every tear, a smile,
For every care, a promise,

IT,
I can't believe how fast these years flew by, I can't believe you are already graduating from high school and ready to begin your next chapter into adulthood. We are so proud of the young man you have become, from watching you graduate from kindergarten to entering into college and from watching you play t-ball to watching you play rugby- it has been an honor. We love you so much!! Love Dad and Laurie
