

CBS In Playoffs

Falcon QB Jeff Tisdel will be ready for El Camino.

Spirit Week Scores With Student Body

By Vincent D'Angelo

Spirit Week was a tremendous success, with each division sponsoring and undertaking its own activities. Although the participation in the "dress" aspect of Spirit Week was relatively small, it was certainly not due to lack of spirit — a trait which was profoundly expressed by the students during the main activities.

The Week got off to a fine start with the radio show which was presented by the seniors. It was both humorous and entertaining.

Apart from this, the matches were interesting and competitive, and certainly exciting.

The sophomores had a small rally-type show the following day with a skit put on by Mr. Rubenstein's drama club, and the freshman had a pentathlon whereby homerooms competed against each other in various events. (A "tip of the hat" to Scherley who certainly made the opening worthwhile!)

The biggest event of Spirit

Meet "Different" Eagles

Christian Brothers will meet the El Camino Eagles in their first step to the City Championship this Saturday Night at eight o'clock.

This is not the same Eagle Team the Brothers beat 33-6 in the season opener. El Camino has four new starters on their team and they are a much improved ball club. Since that first game the Eagles have lost only one contest. They have one of the best quarterbacks in the area, Butch Edge, and an excellent running back named Steve Ridenour. They have also climbed to number five in Superior California. The only problem is that CB is number one in Superior California and the Metro League Champions.

The CB team going into the

playoffs has to be the best all around developed team in the school's history. The Falcons are no longer a one or two-man team. If you talk about how great Bill Boughton is, you can't forget about Brice Ragster. But, what about Jeff Tisdel and Dan Farrell and what about Chris Gandy, Dennis Gauthier, John Hurtzig, Eason Ramson, Joe Greco and Kurt Schirmer? And then there are those running backs, Bob Bingham and Randy Wilson, put the two together and they have more moves than Allied Van Lines.

Not one of the players mentioned are superstars — they all are! Saturday night they will all be down there on the field doing their best in order to clarify the statement, "Brother Number One!"
