INTRODUCTION

The original edition of Curriculum Vitae was published in 1980/1981; the second edition, in 1986/87. Both editions were compiled and edited by Brother Alfred Brousseau, District Archivist, 1979-1988.

The third edition, 1990/91, followed the format of the first edition in that the photo portrait of the individual Brother was included. It was compiled by Brother Bertram Coleman and edited by Brother Edward Stopper. The fourth edition in 1995/96 and the current edition followed the same format of the first edition.

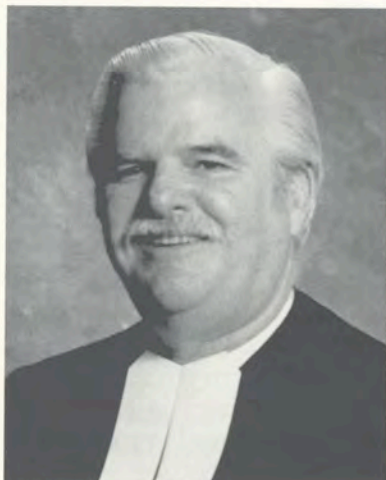

Each Brother was given the opportunity to check the text of his curriculum vitae and forward his most recent portrait. The photos used in this edition are the most recent ones in the District Archives.
