Many students believe that our school spirit is "better than last year. Kids are more into the spirit of the school and they have realized that wearing a spirit shirt isn't uncool. They would like to see "100% participation"

Stephen Casselli's goal for each rally is to "have the entire school fully involved"

When asked about our school spirit he said, "Some people go all out and all the classes have a lot of spirit. It's wonderful"

Liturgy, Mass, and Prayer Class

Leslie Campbell says, "We are big on unity. We choose a theme and everything has to connect. We are especially proud of the ideas we had for the 9/11 broadcast." Kyle Bacchi adds, "We have to be committed and open to different opinions, and we have to do a lot of research to build the prayers."

Liturgical Dancers

Erin Preisinger reflects, "I wanted to somehow bring dance to CB, and with Mrs. Newton's help this was possible. Hopefully the program will continue to grow and bring a different type of prayer to the liturgies. Tana Kreutz adds, "It's not as easy as people think. We must coordinate our routines and dedicate much of our time."

This year the Literary Art Journal is combining with the Writing Class to make a new style of work this time around.

Steven Holmes : This year funding for the LAJ is not guaranteed, so we are here to fight for the money necessary for the publication. But we're optimistic and we think we can get the funds and organize the publication. This year there will be a public forum, and we are working out a plan to publish works in the newspaper. we just need to pull together the LAJ.

Joey del Porto (12)

Title: Unknown

This artwork is a painting of a pair of boots.

Megan Wong (12)

Title: "Prince Charming"

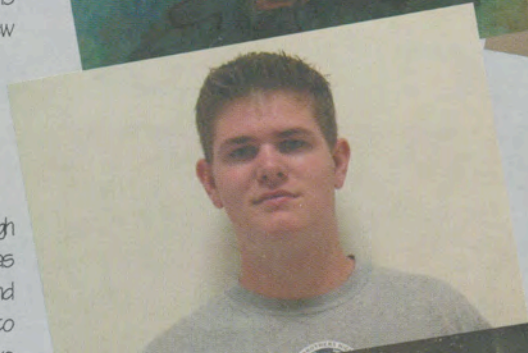

One leisurely Sunday afternoon, I roamed my house and gathered whatever junk I could find. I began piecing together my newfound "treasures" and voila! I ended up with this unique masterpiece. Although it is different from my usual artwork, it expresses a new side of me- the bold and abstract elements of my character.

Jim Arthur (12)

Title: "Too beautiful to name"

This piece is based on a dream. Like flying through the cosmos of time and space. This starlit scene was done with spraypaint and the great imagination and love for space. The small city scapes allow you to explore a world unknown. Think, wouldn't you like to live here.

Jeffrey Loverde (12)

Title: "Benge"

This is a close up of a Bengal tiger. My inspiration for this piece comes from both the vibrant colors and my love for painting wild animals. I like to paint more from a realistic point of view.

1.

1. Evan Jeffries painting her box while chatting with David Borden
2. A sculpture of a face modeled by Mehrzad Mohaddes in ceramics class.

Title: "Fairy Fun"

I saw this crazy picture of Kate Hudson and decided to draw her with wings and an orange dress because she looked like a fairy.

4.

3.

Chebie Cisneros (10)

Title: "An army of one"

I thought I would pay some tribute to the soldiers fighting for us. It turned out pretty good considering I have never used scratchboard before.

6.

6. Jordan Miller poses with his sculpture.

7. Students sketch in Mr. Haag's Intro to Art class.

Title: "Boa"

This is a sketching of the singer Kwun Boa. My inspiration for this piece was, well, Boa of course.

Open Mic Night

Performer's Opinion

This is my first Open Mic Night and I really treasure the intimate setting because when you perform at a larger venue, its harder to come across as genuine and connect with your audience.

Audience Opinions

RJ Martin, 11

"It was marvelous! I saw a lot of faces and their acts were super cool."

Erin Barsanti, 11

"The Open Mic Night Committee is a lot more organized, there's less shows but they will be more special. There's also a lot more student interest in the performances."

Becky Hernandez, 10

"I thought it was really fun because you get to see the student's creatives. There were lots of new people that I didn't know perform."

Jim Taugher, 10

"There were a lot of good singers and awesome bands!"

Student Coordinators

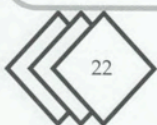

"Open Mic Night has a very laid back environment that allows performers and the audience to relax and have a good time."

-Daniel Jacobs, 12

"This night is a good medium for all artists on campus, no matter what their forte is. It gives them a platform to express themselves."

Senior Liturgy

Being a part of the LMP class brought me closer to God. It gave me a better understanding of the masses. Preparing liturgies takes a lot of hard work and time. One event to look forward to is senior liturgy. It brought several Catholic schools together for our last year as high

The mass was put together well. I was glad that such a large community was able to come together to worship as one in Christ.

Senior Overnight Retreat

at St. Joseph's Camp

Amber Rankin: I'm looking forward to all the activities and reflections. I think it will be a unique way to get to know other people in the senior class before we graduate.

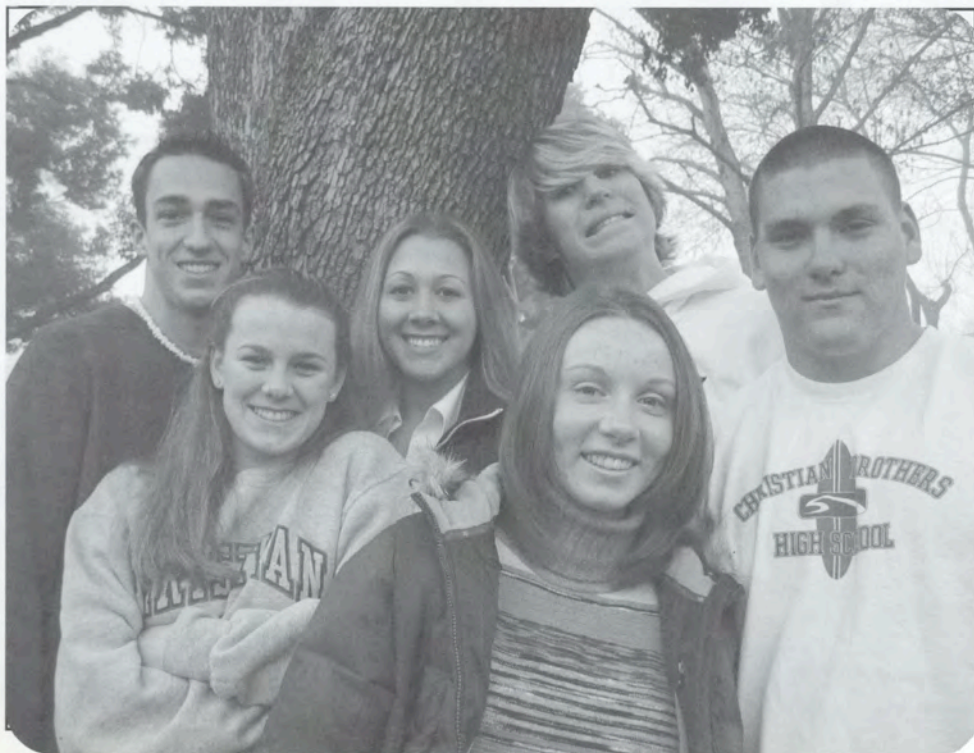

Paul Peletta: I expect to get down with God.

Stephanie Howell: I think it's going to unite the senior class and bring us closer together.

Justin Fong: I am due to have a long conversation with God.

What's it all about?

Mrs. Nelson: The senior retreat experience is an important part of the senior year at Christian Brother's High School. The overnight retreat is held at St. Joseph's Camp, the Christian Brothers camp, at the Russian River near Guerneville. The focus of the retreat is the image of the Cross and the students' recognizing their opportunity to carry the Good News and the experiences they have had at CB into the world when they graduate in May.

*Why was a Beautiful woman
taken from us?
No words can explain.
Now an angel, she will be missed.
We will remember her Beauty, Poise,
and Heart.
We will always remember her.
We Will Miss You Sharmelia.*

Sharmelia,

Thank you for the gift of your presence in my life. Words cannot express the impact that your seventeen years have meant to me. Every day with you, my dark & lovely, was a kiss and hug from God. I will never forget you.

Love, Mom

Friendship

I never thought our friendship would come to an end,
Cause you said you would always and forever be my best friend.

I've told you things I never thought I'd say,
And just having someone there made me love you more everyday.

We had a bond with secrets, we promised we'd always hide,
But don't worry I'll always keep our secrets deep inside.

You were always there if I needed a shoulder,
Remember I told you I want to be like you when I get older.

I told you that you were beautiful both inside and out,
And that you are everything a real woman should be about.

You are so mature, independent, and very smart,
You are the peacemaker, because you didn't let anything tear us apart.

You care more about others' feelings than even your own,
You are honestly the most sweetest person that I've ever known.

You've changed my life in so many good ways,
And all these things I will remember till my last days.
Every second of the day I think of you and want to cry,
Just thinking about the last time I saw you but didn't get to say
goodbye.

Sometimes I ask myself, how am I ever going to move on?
But I know that you would want each and every one of us to be strong.

I'll be there for your family as much as I can,
Like you did everyday, I'll always lend a helping hand.

Thank you for blessing my life with your kinship,
You truly shaped my soul with just your friendship.

But I know that our friendship will never end,
Because Sharmy, You'll always and forever be my best friend.

Matthew Parrish Prentice

June 11, 1986 - December 31, 2003

Matthew, whose name means "Gift of the Lord", was surely our gift for 17 years.

We shared countless moments of joy with our beautiful son from the time he was born. We smile as we remember we called him "Uggums" when he was an infant due to the football shape of his head....and as we remember him at the age of 3 chasing his screaming brother around our yard with a freshly caught trout...wrestling with his brother in the kitchen...to animated nightly conversations around the dinner table. We enjoyed the humour, wit, and vitality of his personality.

We are proud of his accomplishments of achieving the Eagle Scout award at a young age, getting good grades while holding down a part time job, excelling as a leader in his Scout troop, and mostly, we are proud of his maintaining his faith in God and being a dedicated and loyal friend to his companions.

We will forever cherish his wonderful memory and miss his beautiful smile.

Love, Mom and Dad

To Our Friend Matt,

There are so many things we left unsaid between us, so many adventures that are yet to be experienced, and an abundance of stories that haven't been created yet. It seems unfair that you were taken away from us so soon and that we will never have the pleasure of growing up together. However, in your seventeen years of life, you had a profound impact on all of us. We all have special memories of you that we will never forget. Though you meant different things to each of us, we all hold at least one thing in common. You were our best friend.

Matt, your integrity, strength, and honor taught us so much and we have all grown as a result. You were the leader of our group, and the captain of our ship.

O Captain! My Captain! Our fearful trip is done,
The ship has weather'd every rack, the prize we sought is won,
The port is near, the bells I hear, the people all exulting,
While follow the eyes the steady keel, the vessel grim and daring;
But O heart! heart! heart!
O the bleeding drops of red,
Where on the deck my Captain lies,
Fallen cold and dead...

-Walt Whitman

Without you, our voyage seems long and daunting, but we will try to carry on. We must sail our boat along the ocean that we call life, and may we one day meet our captain on the shore.

We will always love you and miss you deeply,
Seth, Jeff, Chris, and Matt

Words from his brother, Russell:

I never thought I would be sitting here in my brother's empty room, writing on this computer. The computer where he composed Spanish essays and designed Mother's Day cards for Mom. I never thought I would have to sit here remembering the stories of our lives, trying to remember the ones that would make people laugh, the ones that impossibly characterize the amazing brother that he was. There is no way I can put into words the pain of having to let him go, coming to terms with the fact that all those dreams I had of us getting older together will never be. You get to the point where you have to acknowledge that you aren't in control. But if you aren't then who is?

...I know where Matt is, he is in Heaven with Jesus, with Abraham and David, with Ganny and Granddaddy, and someday I will meet him there. But the fact that the Lord has seen fit to leave me here is proof that there is still work he has for me.

So I sit here with Matt's bass at my feet and his empty bed beside me, I am filled with the peace and ease that comes from knowing we will see each other again. While I regret not being able to grow old side by side with my little brother, I know that in the end it is all for God's glory.

I love you Matt, and I'll miss you.

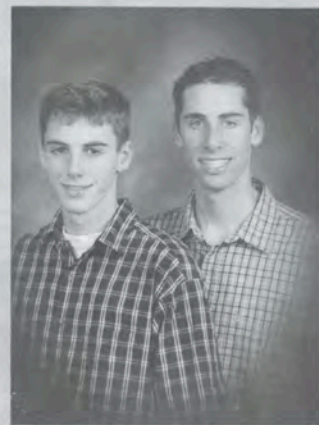

"Seventeen Years" by Jeff Webb, Scoutmaster, Troop 136

(An excerpt from his memorial to Matt)

Matt has shown us just what can be accomplished in years...enough time to make friends. To earn the love and respect of all who knew him well...time to be of service to others, to be kind to those less fortunate, set a good example, and keep your word... to appreciate beauty, to love, and to praise God. One lifetime is all we get, but it is always just exactly enough if we will use every day that we are given. ...Let us treat each other, our families and friends, and let us treat ourselves as the precious, temporary blessings that we truly are

...Just because we lose sight of somebody for a time on the trail, it doesn't mean they're not where they're supposed to be. Even so, if you place a pebble in the palm of your hand, when you close your fingers do you think that it is no longer there? That it somehow ceases to exist just because you can't see it right now? God has closed his hand about our friend Matt, and while we can't see him right now, we know that he is as safe as ever. My friend Matt is just on up ahead, just out of sight. His other Father is looking out for him the same as He always has. We will eventually catch up, those of us in the back always do; and we will meet again at the end of the day.

Let Us Remember That They Are

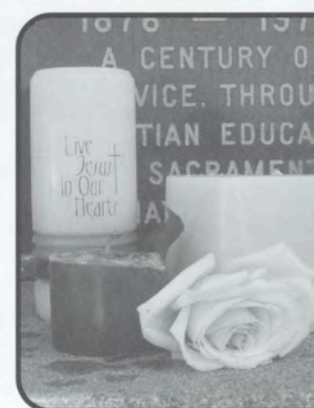

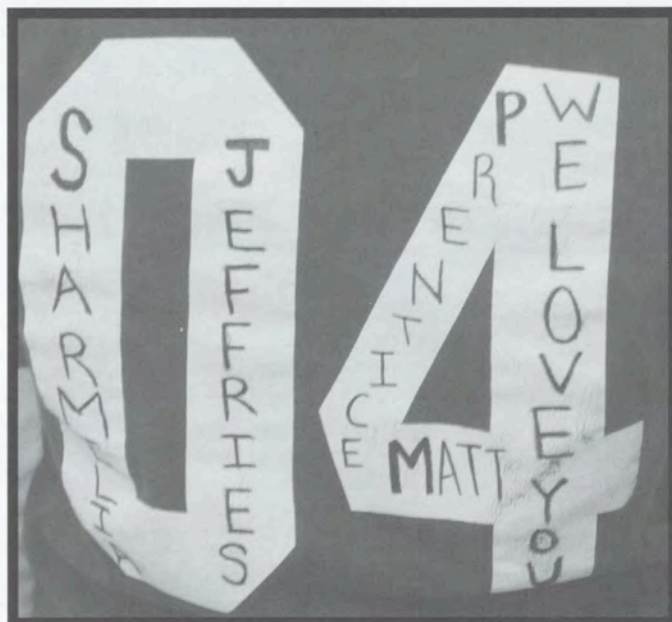

In the holy presence of God

“They had all fled after seeing Christ die on the cross; they had gone into hiding, afraid of death. But after receiving the Holy Spirit, they came together again and gathered in the same place; there they encouraged each other.”

“You need the fullness of the Spirit of God, for you should live and be guided according to the spirit and the light of faith; and it is only the Spirit of God who can give you this disposition”

...Forever

Probably my most vivid memory of my years here at CB involve my freshman year memories. It was in 1990-1991 and the first year of going coed due to the fact Bishop Manogue had just closed down. As a first year student, I was very wide-eyed and timid. Like most freshmen, I was worried about a senior stuffing me in the trash. I was on guard and ready for any boy looking to start trouble. What I was not prepared for were the many girl fights occurring on campus! It seemed that the girls were fighting for position, so to speak, and finding out who was in the top position. The boys, pretty much knowing each other, just sat back in awe as girl fight after girl fight occurred all over campus. This in one example of the type of transition we had here at CB in deciding to go coed. Those first few months of school were quite a sight and one that was never repeated again the rest of my stay here at CB.

Being a member of the Bishop Manogue Drill Team was a big part of my high school experience. During the 1980-1981 year, when I was a sophomore, the LA Rams invited our Drill Team to perform at their half time. We were so excited! the entire Drill Team flew down to LA and we had the opportunity to visit Disneyland and Knotts Berry Farm. And, of course, our halftime performance went extremely well. We all had a great time. I will always remember how much fun we all had in LA!

Time and Again CB ALUMNI

"Together and by Association is how I would describe my forty plus years of experience with Christian Brothers High School. This association began with my grandfather, Joe Kirrene, back in 1945 when he helped found the La Salle Club. It continued with my dad Jerry, Class of 1953, followed by my brother David, '81. This association will continue with my own children Kaalen, Remi, and Jerett. Together with the Brothers, my family has provided me the opportunity to live a good life. Together with the Brothers and my family I have been loved. I am bound by honor and responsibility to carry on this heritage from the Brothers and my family to those who pass through the doors here at Christian Brothers High School. Together and by Association is how I hope to do it." Kenny Kirrene

Class of 1978

Right-- Kenny Kirrene is in his classroom 301. Behind him is a banner which honors his grandfather Joe Kirrene. Beside the banner are pictures and honors other family members have received. Kenny represents one of many alumni and alumnae who have attended and returned to serve CBHS and the former Bishop Manogue with which CBHS joined forces in September 1989.

Director of Visual and Performing Arts

This year Rudy Schulze, Principal, appointed alumnus Kevin Haag, right, to a new administrative position at CB: *Director of Visual and Performing Arts*. Haag's job is to coordinate the many facets of fine arts at CB. Although rooted in classroom instruction, the Fine Art programs extend into the realm of extra-curricular activities. Band and choir performances, art exhibits, drama productions, KBFT coverage, the Art Expo, open mics, senior video, yearbook, audio production (logo above), and one act plays all occur beyond the classroom. Haag will, therefore, support the art programs and represent them as a member of the school administration team. He also serves as the chairman for the Friends of the Arts, a support group for the art programs consisting of parents and other patrons.

Accessories

College sweatshirts are popular this year. Students sport the schools they like, the schools they want to attend, and the schools they wish they could get in to.

R e **Y.B.:** How do you feel about the way the

S l the season, I'm happy with the progress we
Q e made as we establish our program here at C.B.
U c 3 games literally could have gone the other way
E t and we could have been 6-4. Unfortunately they
S : didnt, but next year they will if we put in the
time during the off season. **Y.B.:** What do you
feel went well about this pastseason?

Fresques: The athletes are starting to understand the commitment it's going to take to get on the field to make a contribution and get this program turned around. **Y.B.:** For next year's group, what things would you change?

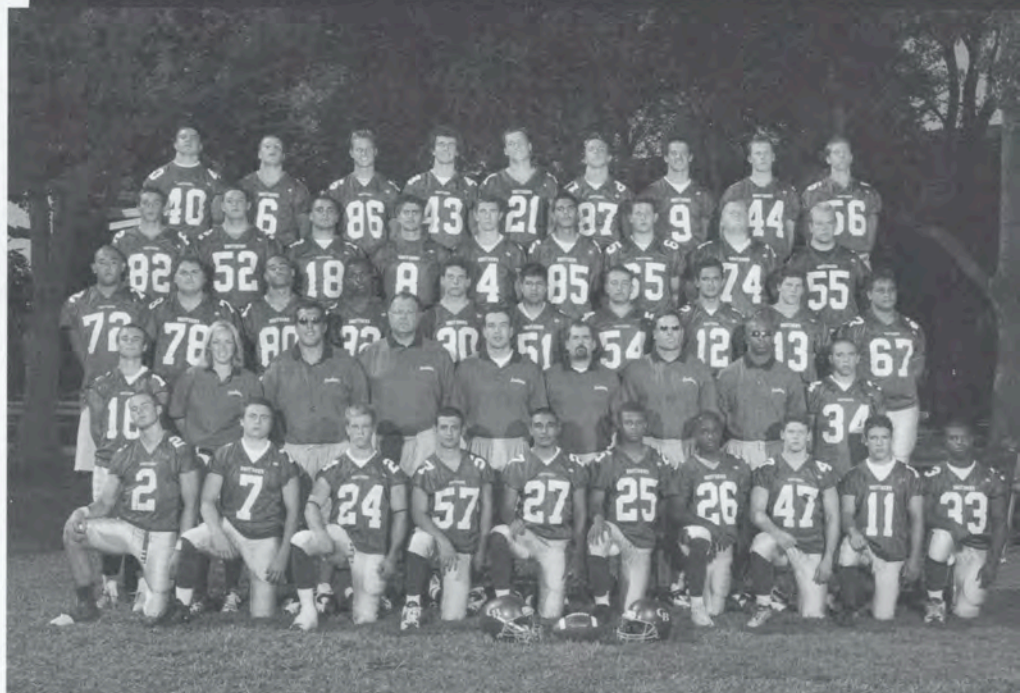

Fresques: We need to raise our level of expectation in the weightroom. If we can take this initiative in the off season, it will carry over to the fall. **Y.B.:** How do your players feel about this past season and how they did?

Fresques: I wish the season could have ended differently for the seniors considering the last two games were lost in the final drive

Regardless, they know their contributions essential, and they'll be missed next season. **Y.** was a fun year with a lot of memories. **Y.** Are you satisfied with your staff? **Fresques:** I am happy with our progress. With stabilizing our staff, we will get better each and every year.

A SEASON TO REMEMBER

The 2003 season was a big success, the team captured the Sierra Valley Conference Title after ending the year with a 18-2-2 record. The Sacramento Bee even ran an article featuring returning starter Matt Boyd.

The team began the season with only two of its starters from the previous year, Matt and Ryan Magill. The coaches predicted that this would be a rebuilding year for the team, but the players surprised them with a great season.

CB has continuing success on the soccer field for a few reasons. Year after year we get good players who know the game and can play well. The guys have a coaching staff who have mastered the game and help them to improve their skills. The "green" team tested the coaches' abilities and they came through with the Conference Title.

YB: Does soccer get enough recognition?

Perez: All the hype goes to football.

YB: How is Juarez as a coach?

Perez: He's a great coach. He really understands his players and relates to them on more than one level.

"We had an awesome year. We became the SVC Champions for the 4th year in a row. It was a disappointing not being able to win sections for the 4th but we gave it a hell of a run."

Pat Raber, 12

We had a very good year considering that we only had two returning starters. Even though we didn't win section the year was a success. We had 7 players make first team all league.

EHH....it was better than last year.

This season was wierder and funnier than last year, and we all had a great time. While it was unusual for us to have two freshmen on the team, we all felt they gave their share and contibuted just as much as the rest of us. The underclassmen were really very good for their age and made a large impact on our team. The team this year was altogether closer than last year's, and while we all felt the highlight was defeating Loretto in a great match, it was mainly a lot of fun.

Runners With A Mission

The cross country team completed a very successful season. "Each runner showed improvements of one to three minutes by the end of the season," brags their very enthusiastic coach Danny Delgado. With such significant individual achievements, the team as a whole was able to compete with many teams and leave with a number of medals. At the Mariner Invitational, Matt Smolich, Erin McKenna, Alli Clarke, Erin Parr, and Courtney Patterson earned medals in the small schools race. Brian Henrikson, Ryan King, Matt Smolich, Erin McKenna, Matt Delgado, and Evan Burford earned medals in the Frogtown Invitational. Despite cross country's small numbers, the team showed dedication and determination, ending the season on a positive note.

A Few Words From the Athletes About Their Season

Courtney Patterson

As a senior this year, Courtney comments that it was a very good season. She says, "I started freshman year, and I have been running all four years except for the one I spent in Australia. The three new coaches are really good this year and made the season a lot of fun. I think the most memorable part of the season was when Allison Clarke won the Cordova meet."

Brian Henrikson

As a senior who has been competing since sophomore year, Brian says, "It's a tough sport because it is physically demanding. You have no idea how hard it is to run as much as we do. We get to eat a lot though because we burn it all off. Despite all the work, the year has been fun. We got to break in the new coaches and show them the ropes."

Lady Falcons Serve up their first win in 3 Years!

Although the Women's Tennis team struggled this season, they were able to pull out their first team win in three years. The addition of two promising Freshmen helped the team's cause. Freshman Sidney Scheideman had a very strong first season playing in the two position. Freshman Katie Groesebeck played with Sophomore Lindy Wilson as the third doubles team and captivated the spectators with a series of close and exciting matches. The standout this season was Angela Stassi who in her second year playing the sport received an honorable mention in All Conference voting. Despite their losses both the girls and the coaches agree that it was a fun season! As the team is only losing four seniors they feel that there is much room for improvement and are very optimistic about next year.

Hilary Matthews

As a captain this year, Hilary said she "felt a lot more involved with the team." Capturing her first personal and team win "was an amazing feeling and a great ending to her last season." She felt that "this year's team bonded really well and had a lot of fun times!"

Victoria Damiani

Tori dominated the league this year as the number one seed for the team. In response to her MVP nomination she was "extremely excited!" How was CB's first Water Polo Season

A foundation has been laid for future teams and water polo program will only become stronger. Sadly, the for the very first Christian Brothers' water polo team, they had a rough start. The team did not, unfortunately, win any games, but they seemed to have scores of fun. As the season went on the team, grew closer as a squad. There were some really strong underclassmen on the team, and they should lead the team to a successful future. A lot of the players had not played before so it this year was definitely a learning experience. Coach Nelson gave up practically all his free time, to come and coach the team. All the players are very thankful for that.

Coach Nelson and the athletic Department have made this season possible and the water polo team is sure to be successful in future Christian Brothers competitions.

Yeah! Ever since freshman year. I had been playing over the summer over the Land Park Water Polo Club, because CB hasn't had a team.

I had a really good time playing for the first CB Water polo team. Even though we never won a game, the team was more about chilling and messing around then anything else.

How was the CB golf team

The Christian Brothers' varsity women's golf team had a successful season this year. We had some really good girls on the team. One individual went to the subsection at Sierra View Country Club and sections at Del Rio Country Club. Over all, the team did well in the regular season. The team has helped improve some team members' skills greatly. If the players keep practicing during the off season, the Christian Brothers' team will be able to go further. The car rides to the matches were a lot of fun; luckily there was not a lot of drama among the players. Even though we lost a lot, we never let it get us down.

Beth Schlosser was most improved team member and was recruited for Sacramento City College's Women's golf team to come and play.

Our cheerleading years at Christian Brothers are coming to an end. As we look back on tons of memories and friendships, we start to realize how much we will miss it. We are the only senior girls, the originals, who tried out together at the end of our 8th grade year. Cheerleading in high school is way different from elementary school or Pop Warner. Showing our school spirit at all the different sporting events is so much fun. Cheerleading is more than just an activity to us, it is a sport, something we enjoy. There is so much to recall in four years, but the most rewarding experience we can remember is performing in half-time at the Pro-Bowl in Hawaii. It wasn't nationals, but it was the first time cheer was recognized for our hard work.

How was the Team this Season?

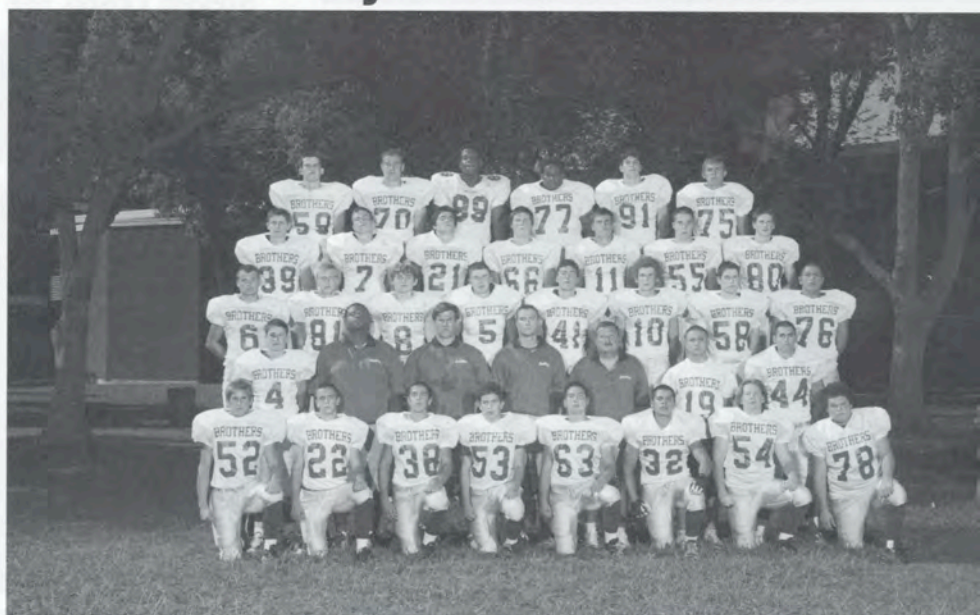

Although this year did not go we all might have wanted, we learned much and have much to look forward to next year. Teamwork, leadership, and persistence were all valuable qualities we gained through this year of football. These lessons will help us not only in football but also in our lives, in high school and beyond into the real world. Our Coaches provided excellent examples of how to play the game and how to be good sports on and off of the field. There were many players who could not participate on the JV level this year but will be returning on the Varsity team next year. Along with these additions and the help of the coaches and senior

players, it looks like it will be an interesting season. All of the Junior Varsity players are looking forward to playing Coach Fresques and the Christian Brother's Varsity team next year.

I've only played volleyball for two years but I already love it. It helps you get to know more poeple and talk with them. Every practice is like a time to hang out with your friends while doing exercise. Next year I hope to have another fun season. My coaches were Minh Ngyuen and John Jacobs and I like them a lot because they had a great sense of humor and could teach us how to play volleyball well. One of my favorite things during the season was participating in the all day tournaments. You really got to know your sport and interact with other teams.

Although I was a cheerleader in middle school, high school cheerleading is so much more exciting! While cheering at Christian Brothers is demanding because of the practice hours, it has been very rewarding. What I love the best about our sport is the combination of athleticism, teamwork, and spirit! Also, I enjoy supporting numerous sports teams throughout the year. Within our squad, we learn new fast-paced dance routines, as well as complex stunts, which always keeps us motivated. We all have common goals which are to come together, perfect our routines, provide school spirit, and have fun while doing all of this.

I've been a cheerleader for 5 years. Two of those amazing years have been at CBHS. There have been many good experiences throughout it all. I enjoy supporting the different sports and meeting tons of new people. As my year on the JV squad comes to an end, I can't wait till I get to try out for Varsity and continue to enjoy sharing good times with all the other cheerleaders. The one thing that I remember the most was cheer camp. That was where we all bonded together as a squad. Cheer camp is also hard work and tiring. We get up early in the morning to spend the entire day working out in the sun. That is why we are so tan by the time school starts.

Game against St. Francis

Interview: Natalie Franklin and Amanda Plasencia

YB: How do you prepare yourself before a game?

Franklin: Before a game I pray. Then I listen to game time music, mostly angry rap like Eminem and Ludacris.

Amanda Plasencia: I just try to relax and get mentally focused for the game. But mainly I try not to get too worked up because that will affect the way I play.

YB: How do you think your season will turn out?

Franklin: We are going to have a bomb season! We work as a team and we work hard and that will take us to Arco...hopefully.

Amanda Plasencia: If we are able to come together and play as one unit, we should do really well. I definitely see us making it to playoffs.

YB: How do you feel about your team this season?

Franklin: I think it's fun. We are all friends there is an extreme sense of unity. We love each other.

Plasencia: The team is great. We're having a lot of fun and there is never a dull moment when we're together. Our chemistry on the court is good which helps us when we play other teams.

YB: What do you think are your team's strengths?

Franklin: Our strong points are fast breaks and free throws. We are like the Kings. We play just like those guys, especially in crunch time: "Down but not out baby!"

Plasencia: On the court, we have a big advantage over other teams because we're quick.

Amber Whittington (12):

Q: "What are your goals for this season?"

How is this year's team?

The Christian Brothers Falcon's Wrestling team was a very young team this season. The team was mostly made up of sophomores. There were only four seniors the team and absolutely no juniors. Because of the young team there was not a lot of experience for the team to play in such a fierce league. The team may not have done as well as hoped, as a team, but everyone felt individually that all the members did well. Senior Brian Patterson was disappointed for the lack of seniors and juniors on the team, but he felt they were doing well for what they had. He hoped that next season the sophomores stick to wrestling to make sure the future team will have experience, and then more future sophomores and juniors need to come and try out for the team.

What is the hardest part about wrestling?

Nate Minshew

Competing by yourself against somebody with equal weight and strength because you have to be tougher than your opponent in order to win.

Shane Rogers

The hardest part is being committed and handling the workouts we are given. It takes a lot of commitment to go to the tournaments every weekend and make your weight.

David Cotter

The hardest part of wrestling is keeping up your weight because if you weigh too little, you're at a disadvantage. If you weigh too much, you will move out of your weight class.

Player Insight

Andrew Bettencourt

Andrew predicts that this season will go very well. He says that "with a lot of new players it might take a little time to improve on team dynamics.

We have new coaches this year who know the game really well and have a lot of experience. The practices are not too hard. There is a lot of running but other than that we just work on defensive plays. The practices can be long, but we have a good time."

Chris Luna

"This year I think our team is going to be great! Our coaches are great and know the game. We started off slow, but are now catching on just in time for league play. Our practices are long and hard, but it is only making us better and tougher."

Coach Paris Kidd notes how the team this year gave it their all, 100%. "They operate as a family and you can feel the love on the court. The crowd turn out has been great, and the parents have been very supportive. At the beginning of the year they had a rough start and had a choice to turn and run or turn it up a notch, and they came through and exceeded her expectations." She is very proud of the girls and thinks they are shaping up for a great JV year and beyond.

NOT JUST A BEACH BUM

Lauren Singer started wake boarding over the summer and though she admits she has not quite mastered the skills, she can't wait to get back in the water and give it another try again. Not only does wake boarding offer amazing adrenaline rushes and a great physical workout, but while your waiting your turn on the beach you can get a great tan! The only down-side to the sport according to Lauren is the "extremely cold water"!

MOTO-CROSS SUPER STAR

Drew Shempp has been riding bikes since age of four, racing since he was six, and was sponsored by the time he was eleven. According Drew, his dad was the one who got him into the sport and pushed him to succeed. His personal best was a whopping 168 mph. Drew says, "It is awesome to take a 90 degree turn at 90 mph." He has reached heights over 65 ft during some of his races. Throughout the course of his career Drew claims to have broken over 160 bones including his ribs, collar bone, both arms, and both legs at the same time. He has even cracked his pelvis bone. These injuries at one point earned Drew a flight in a life helicopter.

DOWN-HILL DRAMA

Brian Riley might appear to be your average high school junior, but he has a hidden passion. Brian has been racing down-hill mountain bikes for the past four years. Competition for him usually occurs during the summer, so the racers can take advantage of the excellent conditions at Northstar at Tahoe. This ski resort is home to many such events due to the abundance of jumps and steep inclines. Tackling the difficult jumps and drop-offs gives Brian "an amazing adrenaline rush."

Coach Gill reflects...

Head Coach Joe Gill has heard that this year's team probably is ranked 4th. His philosophy, though, is not related to rankings.

"It's a nice honor but it doesn't really mean anything."

Gill emphasizes that constant improvement is the goal for his team members. He feels his team is a very good group because they do work to improve their game. He also credits the many coaches who assist him. The team learns because they get watched and have help.

"What you have to learn to do is deal with adversity. Losing is just one aspect."

Gill compares Greyhound bus drivers to his players. The drivers have to continue driving after accidents. The players have to learn from the adversities they face. Gill says this is true for life, in general, not just baseball.

"The best thing to do is to constantly get better."

According to Gill, the team tries to play on a consistently high level. At this moment early in the season they are three for three.

Head Coach Joe Gill below a straightforward philosophy: "Just get better every day."

We had a disappointing end to our season last year, so this year we hope to make it to Sectionals and Nor Cal as a team. In league," Coach Purdy says, "We hope to win the Sierra Vally Conference championship. Oak Ridge has won it the past several years, and this year we tied with them in our first match." The men's varsity golf team has a lot of potential, and the players are focused and working hard on their game.

YB: How do you feel about the team this year?
PH: This year's team is on point! We had over 30 players try out which means we were able to create a team with great depth and talent. We've got returning players, seniors eager to leave a legacy, and freshman newbies out to make a mark. This year's team is the bomb!
YB: What is the strength for the team this year?
PH: Great returning talent, combined with a wealth of new and experienced players, makes the team deep, consistent and highly competitive. Plus, word has it they have a pair of awesome coaches, that's just what I heard.
YB: Do you enjoy coaching?
PH: I love every second of it - even driving the huge vans! Word!

Coach Lee Reflects

Y.B.: How do you feel about this year's team?

Lee: This year's team should be strong. We only graduated two seniors last year and have a strong returning class.

Y.B.: How does this team compare with teams you have coached in the past?

Lee: This team has a great attitude and has been working really hard.

Y.B.: Is there anything that you feel should be changed for next year? **Lee:** There has been a huge struggle this year for information regarding gym and weight room availability. I think a list that is accessible to all coaches would be a great help.

Y.B.: Do you feel that a larger staff would be helpful? **Lee:** I think that another assistant coach could be very helpful.

Y.B.: How has this team laid the ground work for years to come? **Lee:** The freshman and sophomore classes definitely show a bright future for C.B. volleyball.

Y.B.: Do you feel that you were adequately represented in the athletic student council? **Lee:** Yes, the team is being represented very well.

The Inside Track

The Track and Field team competes in three areas: jumping competitions (high jump, long jump, and pole vault), throwing competitions (shotput and discus), and running competitions (long distance, sprinting, and relay). Coach Minh comments, "Many students participate in multiple competitions, so we have a lot of versatile athletes." On the outlook of the season he says, "We were decimated last year in our number of players and coaches, but we are up to 45 players this year. We are a young team, and our strength is in the junior class. Our goals for the season are to place in the top four in the league and to qualify at least five athletes for Sections." The track and field team is very enthusiastic about the season and ready to improve upon last year's record.

NOTEWORTHY PLAYS

1. Ali Kubochi shows off her stellar goal tending skills which earned her the reputation as one of the best goalies in the league.
2. The Ashleys: Ashley Baker and Ashley Lauer defend their players.
3. Courtney Patterson goes on a fast break with Leah Zeff to help her out.
4. Coach Brian and Aimee Darville critique the game.

Lacrosse is gaining popularity in California and CB has recognized the change. All of the new players have shown tremendous dedication to the unfamiliar sport. Mrs. Bennett aided tremendously in starting the team, and funds from QSP and the Athletic Department helped to make this team possible.

With the exception of one player, every girl on the team is a rookie. This season has definitely been a learning experience for everyone involved. The players picked up the skills of the game very quickly. Coach Brian's dedicated attitude improved the team's stick skills and molded the team unity. Assistant Coach John Darville helped goalie Ali Kubochi learn to be the team's last defense.

The team did surprisingly well for being a first year team. The team's constant

improvement made the captains Ali Darville, Hilary Matthews, and Courtney Patterson proud. More than anything girls took the initiative to begin the team and even create Saturday practices.

Q: What is your favorite part of lacrosse?

My favorite part is the aggressiveness. It is invigorating being able to take out your aggression through stick checks.

Marissa Kania, 12

Q: What is the hardest concept to learn?

The hardest skill to learn is to stay out of the crease and behind the restraining line.

Claire Flynn, 9

Building the Foundation

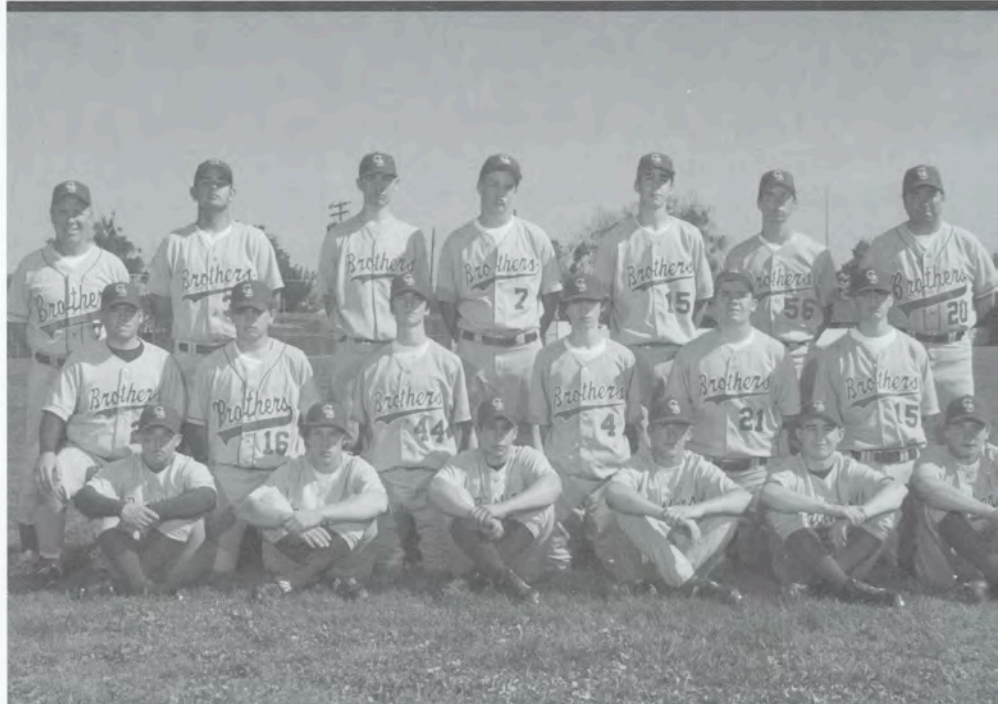

Coach Kossick has an undeniable passion for Christian Brothers baseball and coaching. When asked about his goals for the season he replied,

"I consider Christian Brothers to have the best baseball program in Sacramento. I am fortunate to have a role in developing the players' talents. My job is two-fold: I teach the players proper techniques and at the same time encourage them to have a positive experience. The emphasis is not on winning, but on athletic and personal development. I hope to get the kids acclimated to the program and to establish a foundation for the JV and Varsity teams."

The freshman team and coaches have a positive outlook for the upcoming season.

We hope to carry over our defensive successes into this year and improve our hitting and blocking. We are also looking to improve our record from last year. 1989 Varsity Baseball Team - Ron Limeburger, top left

A GOOD FRIEND

by Jack Witry CB '57 to '99

The present students at CB didn't know Ron Limeburger very well except through his occasional substitutions or stories from former students. Those stories are legendary over 40 years when he began teaching at the old CB on 21st and Broadway.

I met Ron and his lovely wife Joan in 1957 when he was completing his studies at CSUS preparing for his career at CB. At that time CB had only freshmen and sophomores while Bishop Armstrong (current site of CB) had the upper classes. Ron taught PE, was the athletic director, and coached baseball and basketball. In 1964 the two schools merged and CB became a 4 year all boys school until 1990 when it became coed. During his tenure he taught PE, was PE department chair, coached JV and Varsity baseball, coached JV basketball, was athletic director and taught drivers' training.

That was Ron the teacher and coach. The other part of his life also speaks of what kind of a person he was: fun loving, loyal, hard working, traveler, generous, at times gruff but really soft as a kitten, great father, grandfather, loving husband for 46 years and a friend of many covering all walks of life. He loved CB with a passion, calling it his home away from home. He was hardly ever sick until the last few years and expected that of others. I was afraid to miss a day for fear of a phone call asking why I wasn't at school, or, if I was ill, what could he do for me.

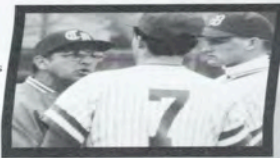

The coaches at CB were very close, supporting each other both at school and socially. After Friday night football and basketball games we would all meet at one of our homes or go out for pizza with our wives and children. Over the years, Ron, I, Dick Sverbeck, Mel Fontes and Dave Hoskins got together to shop for Xmas every year. It was one of the shrewdest & cheapest gets.

Ron had a language of his own. He had nick names for everyone, and his freshmen orientation talk to his PE students was classic, "... and after you shower and towel off, make sure you start with your face and end up with your fanny ..."

Even in retirement Ron stayed close to CB with the La Salle Club, a group of men dedicated to helping fund needs of the athletic department. He will

missed by me, the school, his many friends, and, of course, his family whom he loved so much. As one of our former athletes and coaches said "WE LOST A GOOD ONE"

A LOVING, DEDICATED GRANDFATHER
by Amanda Limeburger,

Ron William Limeburger was a loving, dedicated grandfather, father, husband, and teacher. He was a very proud man and very enthusiastic about his CB family and friends. He was very supportive of me in school sports. He loved to talk. He told a lot of jokes and was known for many sayings. He always put a smile on my face and made me laugh. He was always there to lend a helping hand or give any advice. He definitely had a huge impact on CB students and me. He taught me to always do my best and see the positives in life. He is definitely a true Brother. He went to school at CB, taught at CB, and he even had CB live with him. What can I say? He is my hero. I love you, Pops!

A GOOD FRIEND

by Jack Witry CB '57 to '99

The present students at CB didn't know Ron Limeburger very well except through his occasional substitutions or stories from former students. Those stories are legendary over 40 years when he began teaching at the old CB on 21st and Broadway.

I met Ron and his lovely wife Joan in 1957 when he was completing his studies at CSUS preparing for his career at CB. At that time CB had only freshmen and sophomores while Bishop Armstrong (current site of CB) had the upper classes. Ron taught PE, was the athletic director, and coached baseball and basketball. In 1964 the two schools merged and CB became a 4 year all boys school until 1990 when it became coed. During his tenure he taught PE, was PE department chair, coached JV and Varsity baseball, coached JV basketball, was athletic director and taught drivers' training.

That was Ron the teacher and coach. The other part of his life also speaks of what kind of a person he was: fun loving, loyal, hard working, traveler, generous, at times gruff but really soft as a kitten, great father, grandfather, loving husband for 46 years and a friend of many covering all walks of life. He loved CB with a passion, calling it his home away from home. He was hardly ever sick until the last few years and expected that of others. I was afraid to miss a day for fear of a phone call asking why I wasn't at school, or, if I was ill, what could he do for me.

The coaches at CB were very close, supporting each other both at school and socially. After Friday night football and basketball games we would all meet at one of our homes or go out for pizza with our wives and children. Over the years, Ron, I, Dick Sperbeck, Mel Fontes and Dave Hoskins got together to shop for Xmas every year. It was one of the holiday's highlights.

Ron had a language of his own. He had nick names for everyone, and his freshmen orientation talk to his PE students was classic, "... and after you shower and towel off, make sure you start with your face and end up with your fanny ..."

Even in retirement Ron stayed close to CB with the La Salle Club, a group of men dedicated to helping fund needs of the athletic department. He will

Sisters of Mercy are.

women who for the past 135 years
in the diocese of Sacramento
have continued to share the vision
of our foundress, Catherine McAuley:

*"To connect the rich to the poor,
the healthy to the sick,
the educated and skilled to the uneducated,
the influential to those of no consequence,
the powerful to the weak,
to do the work of God on earth."*

Teacher Coach Friend

Ron Limeberger

December 8, 1934 - January 8, 2004

A GOOD FRIEND

by Jack Witry CB '57 to '99

The present students at CB didn't know Ron Limeberger very well except through his occasional substitutions or stories from former students. Those stories are legendary over 40 years when he began teaching at the old CB on 21st and Broadway.

I met Ron and his lovely wife Joan in 1957 when he was completing his studies at CSUS preparing for his career at CB. At that time CB had only freshmen and sophomores, while Bishop Armstrong (current site of CB) had the upper classes. Ron taught PE, was the athletic director, and coached baseball and basketball. In 1964 the two schools merged and CB became a 4 year all boys school until 1990 when it became coed. During his tenure he taught PE, was PE department chair, coached JV and Varsity baseball, coached JV basketball, was Athletic Director and taught drivers' training. That was Ron the teacher and coach. The other part of his life also speaks of what kind of a person he was: fun loving, loyal, hard working, traveler, generous, at times gruff but really soft as a kitten, great father, grandfather, loving husband for 46 years and a friend of many, covering all walks of life. He loved CB with a passion, calling it his home away from home. He was hardly ever sick until the last few years and expected that of others. I was afraid to miss a day for fear of a phone call asking why I wasn't at school, or, if I was ill, what could he do for me.

The coaches at CB were very close, supporting each other both at school and socially. After Friday night football and basketball games we would all meet at one of our homes or go out for pizza with our wives and children. Over the years, Ron, Dick Sperbeck, Mel Fontes, Dave Hoskins, and I got together to shop for Xmas every year. It was one of the holiday's highlights.

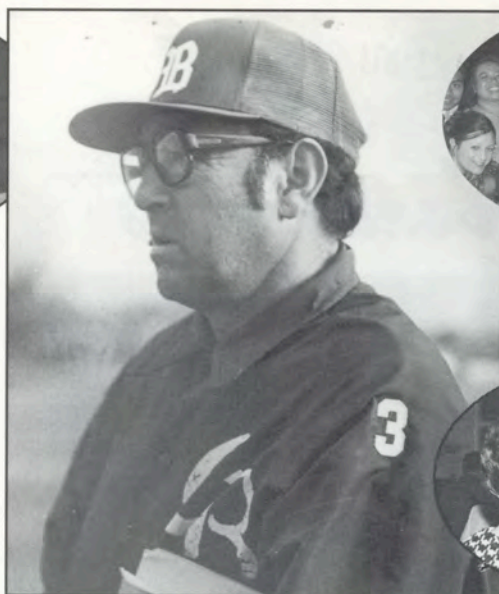

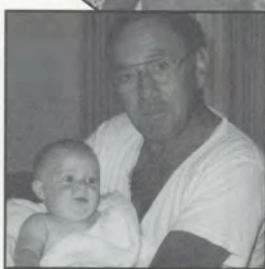

Ron had a language of his own. He had nick names for everyone, and his freshmen orientation talk to his PE students was classic, "... and after you shower and towel off, make sure you start with your face and end up with your fanny..." Even in retirement Ron stayed close to CB with the La Salle Club, a group of men dedicated to helping fund needs of the Athletic Department. He will be missed by me, the school, his many friends, and, of course, his family whom he loved so much. As one of our former athletes and coaches said, "WE LOST A GOOD ONE."

A LOVING, DEDICATED GRANDFATHER

by Amanda Limeberger, Class of 2006

Ron William Limeberger was a loving, dedicated grandfather, father, husband, and teacher. He was a very proud man and very enthusiastic about his CB family and friends. He was very supportive of me at school and sports. He loved to talk. He told a lot of jokes and was known for many sayings. He always had a smile on my face and made me laugh. He was always there to lend a helping hand or give any advice. He definitely had a huge impact on CB students and me. He taught me to always do my best and see the positive in every life. He is definitely a true Brother. He went to school at CB, taught at CB, and he even had CB live with him. What can I say? He is my hero. I love you, Pops!
