"Why I Give" - Arnold Zuniga '68

"As a student (at Bishop Armstrong High School), when I heard about donations coming from our Alumni, I wanted to be able to do the same. It is important for today's students to know that they are part of a Family, beyond graduation."

Everyday, we hear stories from alumni whose lives were changed by the teachers, coaches and counselors of Christian Brothers and by belonging to a strong and supportive alumni community. Please consider a donation and help keep this education within reach for today's students. Gifts to the Alumni Fund are directed to students' tuition assistance. Any amount helps, and all gifts are greatly appreciated.

421 grateful students sit in our classrooms this year with the generous help of our community. Thank you for helping provide tuition assistance to them and for keeping this education accessible to families.

Please renew your support today.

*If you would like to **know more about the Alumni Fund, the Annual Fund**, learn how to become a monthly donor, or find out how your donation will be used, please contact **Yolanda Torrecillas**, Alumni Giving Director at (916) 733-3608 or send her an email at yltorrecillas@cbhs-sacramento.org.*

Do you participate in **United Way's** workplace giving campaigns? Consider designating CB as your **charitable recipient**. Donations will be directed to provide need-based tuition assistance for CB students. With more than 400 deserving CB students receiving tuition assistance each year, your contributions will help.

Indicate **Donor #5219** and know that your contribution makes a lifelong impact for students!

Please let others know of this option as well.

Dear Jerry and Rosemary,

It doesn't take a lot to make a difference, but it does take something.

I give monthly to Christian Brothers because I'm proud to be an alumna of a school that not only speaks of a mission of "enter to learn leave to serve" but lives it (as evidenced by the fact that Christian Brothers offers more financial aid than any other Catholic high school in our region). By making strategic and direct efforts and investments in creating a diverse student population that offers opportunities to dynamic and promising young people of all backgrounds no matter what zip code they're from or what their parents make, Christian Brothers is making an investment in creating a diverse set of future leaders.

Laine Himmelmann '06, supporter of CBHS and recipient of the Alumni Service Award in 2019.

But fueling that mission and impact takes financial support. Donating monthly to Christian Brothers gives me the opportunity to do something in support of the incredible efforts of CBHS to create a generation of leaders and change makers. Leaders who will grow intellectually, spiritually and morally during their years at CB.

People like us make it possible for many CB students to receive this education and become part of our community. It's an educational experience that makes a lifelong difference.

I give and I invite you to join me. There are many reasons why, but one student's story in particular stands out for me.

I've had the chance to see firsthand the impact CB has on a student I know personally. His parents work several jobs but could never have afforded to provide an education like that offered by Christian Brothers for their promising, straight A-student son. He is so thrilled to be part of the school community, and able to be there because of tuition assistance and people like us who support it. **The look of joy and pride on this young man's face** when he talks about being a student at Christian Brothers, how his classes are going, being part of the CB football team, and his plans for the future after he graduates from Christian Brothers – **that is the real reason I donate.**

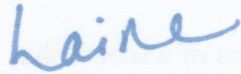

None of us got to pick our parents. We didn't get to choose whether we were born into a family that could afford a private school tuition or not, but as alumni who benefitted from the education we received at Christian Brothers, we do have the opportunity to invest in promising

young people. We can choose to invest in them the way we were invested in so that they too may have the springboard for a quality education and a better life.

It's true. It doesn't take a lot to make a difference, but it does take something. **Your gift matters. And we need you with us. Please renew your support today.**

Join me with a donation so that more students have a chance to join this CB community.

Sincerely,

Laine Himmelmann
