To Those Who Dare

The path to wisdom and success
Is not for kings alone; it is
Open to you and me.
You may not succeed at first
But the failure of your efforts may be
The needed preparation for your final triumph.
If there are a hundred steps in your
Path to success
And you have not reached it
In ninety-nine of them,
Do not conclude that the journey is a failure.
Press on and up...
The prizes are generally at the end
Of an effort, not at its beginning...
And not to go on is to miss them.
Be valiant...have faith in yourself.
Success belongs to those
Who dare to win it.

The Actively Engaged Student

"I just wish I had become more involved much sooner. It just goes by so quickly." This quote is uttered by senior after senior when they reach the spring of their senior year. The primary objective of our role in your life is to lead you in your desire to pursue your co-curricular passions. When you work, cooperate, and are actively engaged with other students who share your passions, it fosters development of your gifts, as well as the gifts of your schoolmates. Plus, and maybe most importantly, it's fun. It is because of this that we strive to provide an activity or club for all of our students.

Student initiative is the driving force behind student government and activities. The moderators provide direction and encourage student leadership. Whether it is a dance, a rally or a club activity, students plan and execute the event. The moderators are simply "guides on the side."
