## TRACK

In order to create an interest in Track, a field day was held at McKinley Park on May 15th for the students of the school. The day was a great success, and from the enthusiasm the boys manifested, it is expected that the affair will be an annual event.

Small and large boys alike could take part in the events, as there were 85, 105 and 115-pound and unlimited classes. The stars of the meet were Steve O'Neil and Ed Doyle in the unlimited, and George Skedd in the 85-pound division. O'Neil won all seven events in which he participated, including the five races, the high jump, and the pole vault. "Mick" Doyle managed to capture the three hurdling events, the broad jump, and placing in a couple of races. Skedd set the pace for the little fellows by winning all of his races.

In the unlimited division the interest was doubled by the rivalry between the Literary, Business, and Freshmen classes. Although the Business class is the largest, they finished far behind the Literary, the latter making 52 points, the Business 29, and the Freshmen 18. The winners were awarded prizes for their good work. The order of finishing is written below:
