WE WROTE THE BOOK ON HOW TO PAY FOR COLLEGE.

If you plan to go to college, you'll not only need good grades, you'll need good financing. And joining today's Army can help you get it.

If you qualify for the Army College Fund, you can learn a skill while you accumulate up to \$15,200 for college in just two years. Or up to \$20,100 in three years. And all you contribute is \$100 a month from your Army pay.

To find out why so many students are making today's Army a prerequisite for college, visit your local Army Recruiter. Ask him for a copy of the Army College Fund booklet.
