# BEEP! BEEP!

From sleek classics to personalized wheels, our seniors rolled up in style. Empty parking spaces became vibrant canvases, reflecting personalities and passions, making every arrival a statement. The wheels and colors may fade, but the memories painted in these spaces will forever drive on in our hearts.

CB'S FAVORITE CARS

**Ms. (Glenda) Gucci**  
*Claire Muñoz '24*

"What isn't there to say about my car? The idea of getting this Gucci beast started as a joke on Christmas. A few months later, we found one in San Francisco and my family and I fell in love. (genuinely the best part of taking her home was watching my 6' 3" dad trying to fit himself in the car) She's the ultimate vehicle. She's small so she can fit into all the places you're not suppose to park, fast enough to beat out the newest Ferrari, a convertible for standing on the backseat to drive down a dirt road on a hot summer day, and she's the most fashionable car in the parking lot. **BEST CAR EVER.** if you ever have a chance to buy a 2013 Fiat 500c Gucci Edition, **GO FOR IT!!!!**"

**Tiffany**  
*McKenzie Sanchez '24*

"I love Tiffany, my 2018 Ford Escape. She keeps me on my toes, especially when she kept breaking down at school. I had to take her apart and fix some issues, I'm a mechanic at this point (Youtube certified)."

**Ms. Dior**  
*Miana Archie-Ramirez '24*

"I love Ms. Dior, she is my first car gifted to me by my great grandma. My perfect 2011 Subaru Legacy is going to be with me for a long time and will be serving looks everywhere she goes."

**Sally (2019 Nissan Kicks)**  
*Natalia Vallejo '24*

"My car is special because the battery died in front of a Wing Stop."

**Kelly (2003 Toyota 4-Runner)**  
*Ben Smith '24*

"I may be out of gas when I get to where I'm going, but at least I made it in one piece."

**(2023 Mazda Mazda3)**  
*Aleshanee Oseguera '24*

"My car was gifted to me by my grandparents"

**Kyra Blacklock '24**

"This 1983 Ford Bronco holds a special place in my family because of the show "Longmire" and the sheriffs iconic Bronco he drove around. My dad and I always joked about getting one like it, and here we are."

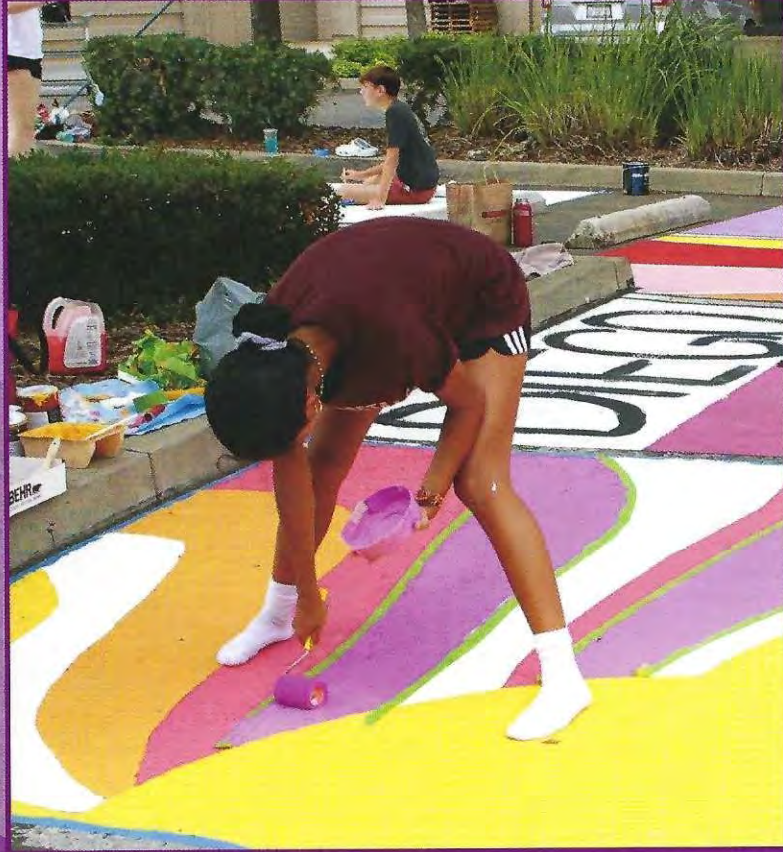

Elia Constancio '24 planning the perfect sketch for her parking spot

Matthew Zeigler '24 showing off his artistic skills while painting in his parking spot

"Despite my parking spot taking four hours to paint, I'm really happy the way it turned out. #eeyorestaysonfleek"  
 -Matthew Zeigler

Isabel Quintero '24 putting in hard work on her spot

"Although the day was very hot and the process was long, the result was perfect. I got the chance to hang out with my mom and my friends. I helped them paint their spots and they helped me paint mine. Now every day as I pull into school I not only have the perfect spot, but also a great memory."

# CB Scholars'

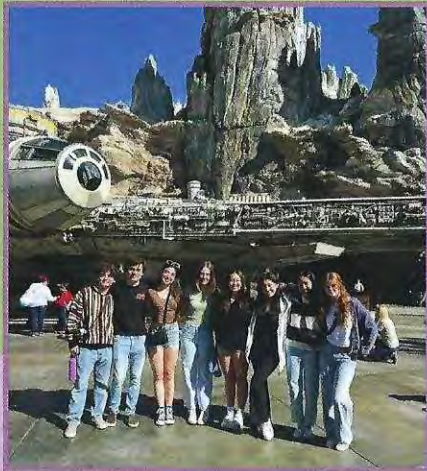

On March 2, 2024, the Senior Class Scholars departed for their trip to LA. During their time in Southern California, they explored the Getty Museum, Huntington Gardens, and Disneyland. The Huntington Gardens which have collections of flora from around the world, were a highlight for many people on the trip, and for good reason.

**Student Highlights:** Nathan Carrasco was pleasantly surprised by the gardens because they were "much cooler" than he thought they were going to be. Shane Schriock had a great time on the trip because he returned to Sacramento with "a lot more friends." While the trip was fun for both students and teachers, Nathan Carrasco advises to not "wear Converse to Disneyland."

**Faculty Take:** Mrs. Hanshew was "blown away" by the beauty of the "Chinese and Cactus gardens." She also recommends to "prepare for long bus rides" and to "know what you're doing before riding the Guardians of the Galaxy ride."

Sophomore Scholars touching UC Berkeley's 4.0 GPA Ball

On November 8, 2023, the Sophomore Scholars had the opportunity to tour the campuses of UC Berkeley and Saint Mary's College where they were introduced to the many traditions and the history of each campus.

**Student Highlights:** Margaret Barrett was impressed by one of Berkeley's long standing traditions, the "4.0 GPA Ball." Additionally, Addison Laird was fascinated by St. Mary's "series of underground libraries." Ryan Yee stated the food at the St. Mary's Dining Hall was "delicious" and that the "atmosphere was amazing."

**Faculty Take:** Ms. Cassetta described the St. Mary's Dining Hall as "lovely" and liked how St. Mary's strives to "make students feel like they're at home."

# Academic Decathlon Team 2024

Christian Brothers' Academic Decathlon Team is a group of highly dedicated students. These students take on an extra class that meet prior to the beginning of the school day to study, take quizzes, and practice speeches. In preparation for the Sacramento County Academic Decathlon Competition, students study from a seven textbook curriculum and read a novel. They are challenged with tests, interviews, speeches, and then a real time Super Quiz against teams from other schools. Christian Brothers Decathletes are few, yet continue to bring some serious heat to the competition with their knowledge and spirit. Christian Brothers placed 4th overall for this years Academic Decathlon Competition which is the highest place that CB has yet to achieve. Go Brothers!

From Right to Left: Coach Whitesell, Cameron Nickson '24, Grace Knox, '24 McKensie Sanchez '24, Coach Reeve, Elijah Shabaaz '24, Brooke Steele '24, Jae Landesman-Kwon '27, Mark Aguillo '26, Liam Balo '26, Olivia Luong '24, Melody Nguyen '24, Vanessa Lee '24, Storm Mauricio '26, Izzy Gallegos '24, and Isabelle Burke '26

Storm Mauricio '26, a key player on the team, with her awards from this years' competition: Bronze in Super Quiz, Gold in Science, Silver in Social Science, Bronze in Art, Bronze in Music, along with being CB's Top-Scoring Team Member.

As the Christian Brothers Decathletes complete interviews and present their speeches, some pass the remaining time with card games like War, Speed, and some stats card games.

-Andrew Arias '25

The Quiz Bowl Club seeks to encourage peers to explore academic subjects and general knowledge in a trivia-based format. Students will be put into teams, where they will improve their collaboration and leadership skills. Additionally, members will be encouraged to take risks and answer questions even if they are not confident with their choice. These abilities are more important to promoting a quality education, as they help shape people into more well-rounded individuals. In fact, the Quiz Bowl Club will not only teach students new subjects, but also push them to work together as a team to solve problems. Since its founding, the Quiz Bowl Club has also fostered a supportive and inclusive community. Members work together to create a competitive yet friendly environment that is welcoming of everyone, regardless of their skill set. Overall, these attributes have made Quiz Bowl meetings enriching and memorable, with students excited for the next one"

"Through the Lasallian Core Principles of Quality Education, Inclusive Community, and Respect for All Persons, the Science Olympiad Club shares their knowledge together to prepare, study, and compete at the annual Science Olympiad Competition on the first Saturday of March. In addition, as a team we aid each other in learning about new concepts regarding the fields of STEM, and build upon our previous knowledge around science. We uplift and encourage each other as we all are curious and open to learning more about our world and the organisms in it. Through our quality education and inclusive community at CB, we build upon our foundational knowledge and welcome all students from all grade levels to participate. Lastly, we respect each other and treat one another with dignity and kindness as we all are learning and working towards one goal, of doing our very best at the Science Olympiad Competition"

## MOCK TRIAL

Mock Trial teaches CB students about the inner workings of a legal trial, while developing public speaking and persuasive writing skills. The Mock Trial competition simulates a modern trial proceeding in which students play the roles pretrial counsel, prosecuting and defense attorneys, witnesses, court clerks, and bailiffs. Members compete before a single presiding judge and two to three scoring judges who score individuals based on their legal arguments and presentations.

**President:** Isabel Quintero '24

**Moderator:** Mrs. Hanshew

"After 4 years of being in Mock Trial I can confidently say that law is one of my passions. Although standing out in front of a court room is intimidating, I enjoyed how mock trial forced me to go out of my comfort zone and think quickly on my feet."

Model UN is an academic team where students learn about the UN, international relations, and diplomacy through skill-building, research, and role-playing activities. An emphasis is placed on research, public speaking, consensus building, and negotiation skills. This year, the Model UN team attended the 27th Stanford Model UN Conference in the fall and the UC Berkeley Model UN conference in the spring. At the fall conference, **Lilly Barrett '24** won Best Delegate for her work in a committee modeled after the Senate and **Olivia Kim '24** won Honorable Delegate for her work in a crisis committee as a fictional war general in the ancient Majapahit Empire. At the spring conference, **Weather Cretu '25** won a Research Award for her work as United Arab Emirates in the World Health Organization, **Caleb Symkowick-Rose '25** and **Samuel George '26** won a Research Award for their work as Belarus in UNESCO. Additionally, **Noemi Phew '26**, and **Isabel Pierce '26** both won a Research Award and a Commendation for their work as the United Arab Emirates in the Special Political and Decolonization Committee. **Caleb Symkowick-Rose '25** fully committed to his position as the President of Belarus by making pins of the current president of Belarus, Alexander Lukashenko, shown below.

## FIRST GEN

# First Gen Features

Being a first generation college student means that someone is the first in their family to graduate from a four year college or university. Many Christian Brothers students have the intention of going to a four year institution as the next step in their academic career. First-Gen families may find it more difficult to navigate the processes of finding the right college, different applications, FAFSA, and the many other things that go into enrolling in a school. First Gen was founded this year to provide a support system for First Gen students. With the guidance of college counselors, students are informed on what to look for in a college, guided towards scholarship opportunities, and assured that they are not alone in the college process.

First Gen Club makes its debut on club day, Founder and President McKensie Sanchez '24 gets the word out on how the club can support CB students

"Being a first gen student is very confusing and it's easy to make one feel defeated. My parents, having no experience with the college application process, were fraught with not being to help me. But, being a first gen student at CB lifted this anxiety and confusion for my family and me. I pursue my education in hopes of achieving my dream of being a nurse, but also to give back to my parents and make them proud. I've made my decision to study at Sac State and I'm super excited for this blessing!"  
-Jairi Anaya '24

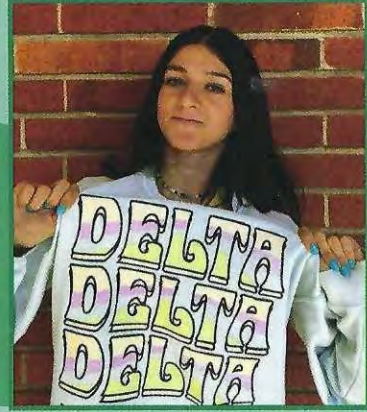

"As a first-generation college student and American, my future has always been characterized by the promise of success. As a child, I didn't understand the importance of paving the way for my family, but as I've gotten older, the pressure of going to college has been steadily increasing over the last four years. In all honesty, my motivation to work hard has wavered, but ultimately, the pride I hold in myself and in my family makes the journey (and destination!) much more rewarding."  
-Thuy Nguyen '24

**Moderators:** Mrs. Melarkey and Mrs. McClellan  
**President:** McKensie Sanchez '24

"Being a first gen student means a lot, my parents always encourage me to work hard in school because being first gen comes with an emphasis on academics. There aren't any barriers or limits when you have the right inspiration and support, and I'm very fortunate and thankful to have that here at CB. I'm excited for the new experiences that I will have at Saint Mary's College next year!"  
-Val Marquez '24

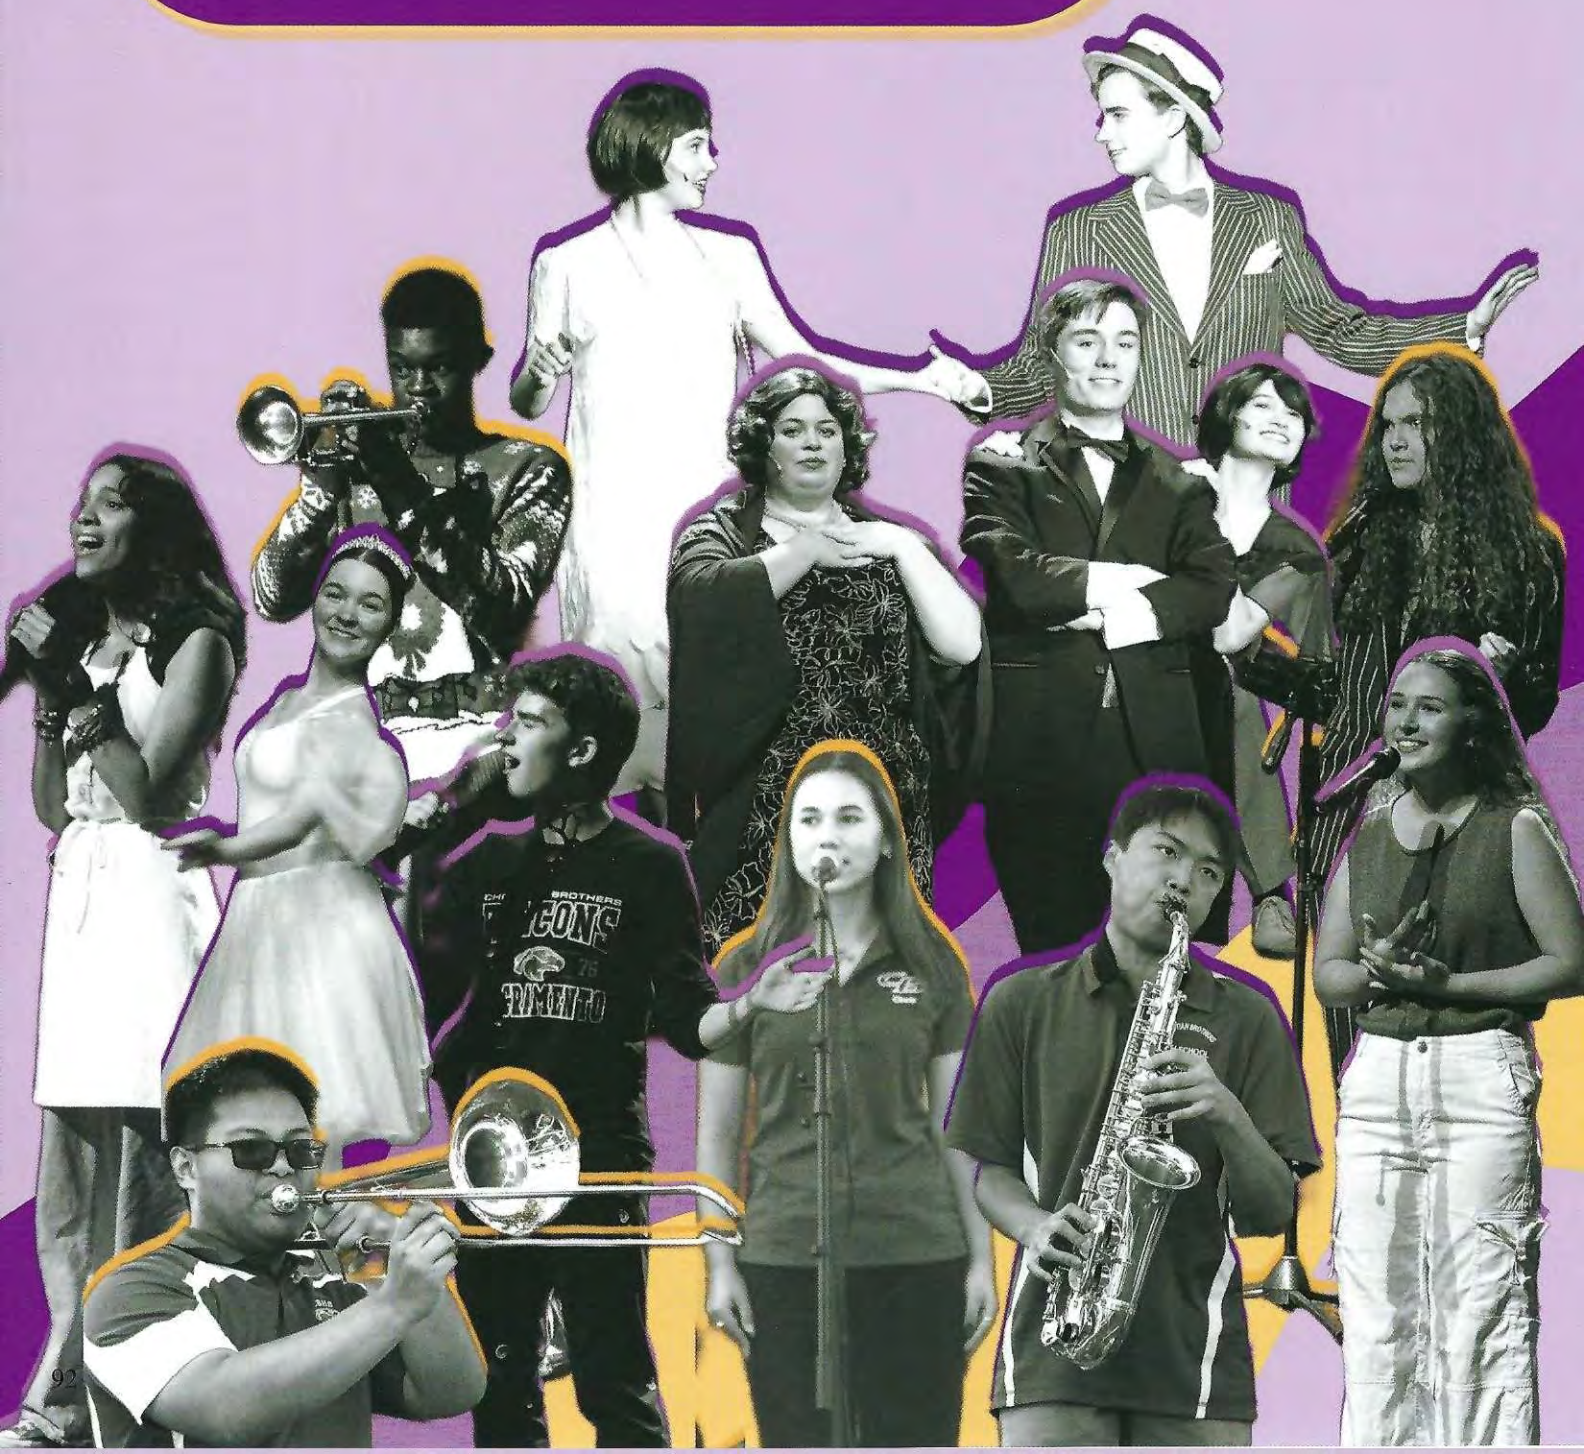

"Being a first-generation college student and American is both very rewarding and very confusing. Rewarding in the sense that in doing something that has never been done in my family before, however confusing applying for colleges and financial aid as it is a whole new world for both my parents and I. Regardless, I'm beyond grateful for my parents for giving me the opportunity to pursue a higher level of education at CB and continuing on for the next four years!"  
-Claire Muñoz '24

"College was always something that was a requirement for me in the eyes of my parents. Coming to CB as a first gen student made me feel a tad out of place, it felt as if everyone knew how to handle the next steps after high school but me. I was inspired to create this club and build a community on campus to support one another. First Gen club has helped me tremendously with college apps, scholarships, and just knowing I'm not alone with the new path of college. I'm going from a Christian Brothers Falcon to an Oregon State Beaver and I'm so excited for the adventures to come."

## AN INTERVIEW WITH COOPER MILLER '26

### What is your experience with tap dancing?

I've been tap dancing since I was 8, so it's practically in my blood. It brings me so much joy to dance and singing with my friends on stage, and share my passion with the audience.

### What did you like about the show/story of the show?

What I love about *No, No, Nanette* is how different each character is, but how they all interact with each other; and the tap dancing.

### What are your favorite memories from the rehearsal and the show?

One of my favorite parts of the rehearsal process was seeing everyone in costume for the first time. It felt we were really taking a trip back to the 1920s!

# Jurors of the Present

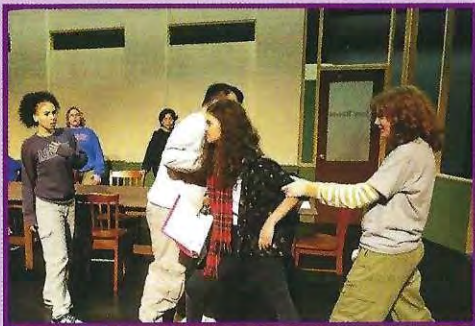

Kayden VonSchoech '24

Kayden was 6 years old when they were cast in The Little Mermaid Jr, their first production. Throughout the years, they have grown into their voice and found a home on the stage. If they could give their freshman self a piece of advice, it would be "[you are] who [you are] and that is perfectly okay." Kayden is sad to leave the CB Theatre community, especially because this will most likely be their last venture onstage. However, they are excited to go out as Juror #8, their first lead role.

Madelyn Whitnell '24

Madie was 10 years old when she starred as Jafar in The Lion King, her first ever production. Throughout the years, she has broken out of her typecast as a villain and learned how to play a variety of different characters. Looking back, if she could give her freshman self a piece of advice it would be "You're doing great, don't change who you are." Madie is sad to leave the close knit CB theater community, but she's excited to go out screaming and yelling as Juror #3.

Meadow Williams '27

Meadow is a little nervous but mostly excited to be playing Juror #10 in her first Christian Brothers production. She has never played this large of a role and she is looking forward to the challenge of doing her character justice, especially because she and her character have very different values. In the next 4 years, Meadow sees herself thriving in Acting Focus and, hopefully, participating in as many CB productions as possible.

Anthony is "happy to be here," participating in his 3rd Christian Brothers production. He is looking forward to playing with his line delivery to provide depth and character development to Juror #2. In the next 4 years, Anthony hopes to improve his physical acting through lots of practice. He sees himself heavily involved in the CB theatre program, as well as joining KBFT.

Coffee Shop themed art for the Fall show

House Band Members Koa Torres '24, Joshua Campbell '25, and John Wells '25

Open Mic has been an institution at Christian Brothers since 2002. 21 years later, the club decided to introduce something new and revive something old.

Partnering with Mr. McIntosh's art class, the club now displays theme relevant artwork made by CB students in the lobby at shows, in the spirit of getting the community to recognize more mediums of art.

Back in the day, Open Mic shows had a house band that played music between acts. This year the club's moderator, Mr. Fleming '04, decided it was time to bring it back. The club partnered with Mr. Hammond '95 to create a core group of musicians led by Koa Torres '24 that, under the guidance of the leadership team, entertain the crowd at shows during any dead time.

Student Television Network hosts several contests each year for high school students. All contests follow strict guidelines for content, copyright and ethics. Submissions are judged by professionals in the industry and comments are given to students for evaluation. STN adheres to professional guidelines for student produced work thus ensuring that students are equipped with real world knowledge during their education. The four-day convention included a day devoted to an 8-hour timed contests (Crazy 8's) and individual program contests. Every year, professionals in the industry are flown into the convention location to present sessions and judge contests.

"I'm so happy to be back at Christian Brothers High School! After spending 19 years as the Choir Director at Jesuit High School, I was proud and excited to return to CBHS and follow in Mr. Bohm's footsteps. I graduated from CB in 1996 and funny thing – he was my choir teacher my senior year. I find it more than fitting that I'm now back home, 20 years into my career. I have been welcomed both by my students and colleagues; but I am most impressed by the talent and enthusiasm of my choir students. I love being part of this choir community again, but obviously this time as a teacher. It's fun from this side of the podium too! And while there have been a few minor growing pains (finding myself in a new work environment with new students and new colleagues, for example), they don't diminish the gratitude and happiness I feel each morning when I get up for "work" because it truly feels like home! -

## Introducing Mr. Hammond

This year was Mr. Ross Hammond's first year as CB's band director and he innovated the program entirely. Mr. Hammond graduated from CB in 1995 and he was a full-time musician for 25 years before returning to his roots.

The first thing he covered with the bands was how to read and write music. Mr. Hammond specifically focused on the Blues and how they act as the root of many forms of modern music. He wanted to make sure that his students could understand the mechanics behind the music as well as how to play it.

When asked about this year, he reported that it has been fantastic and so nice to be back at CB, the place to be.

# A Comeback to Remember

At halftime of the CAL League Championship game against Vista Del Lago, things were looking rough. The team was down 7-21. Right out of halftime, the offense scored, giving the team the energy they needed to try for a comeback. The defense quickly followed with two stops. In the last few minutes of the game, quarterback Deakon Holden '26 threw the ball to Sammie Outlaw-Baldon '24 for a final touchdown, leaving the score at 28-35. It wasn't the outcome they wanted, but these Falcons learned the value of teamwork, and their fighting spirit will serve them well as they go into the 2nd round of playoffs on November 10th.

Flag Football is a familiar sport around campus. This year marked the start of the first Flag Football season for the newly formed Flag Football team. At the first home game of the season against the Inderkum Tigers, a father lead a cheer from the bleachers and everyone followed suit. The bleachers erupted with stomps and

cheers as Alyssa Abbott '27 ran in for the first touchdown of the game. As the game progressed, so did the spirit of the crowd. At the end of the game, the falcons dominated with a score of **37 to 0**.

Flyer Kathryn Littlejohn '26 completing a stunt while other flyers wait to start their elites during their half-time routine in the football game against Rodriguez High School.

The start of the season sizzled as the team endured scorching summer practices, battling the relentless heat of "Sacramento Summer." A memorable highlight was the Inderkum Cheer Camp, where they learned dances and skills, in spite of a blistering 115°F day raising concerns of heatstroke. As the summer ended, cheer season fired on. The team traveled to Reno for the first game of the year. They rallied together, got ready on the bus, and turned the ride into a dance party with a quick stop at In-N-Out.

Throughout the season both JV and Varsity teams practiced together, creating a dynamic learning environment. While they didn't cheer together during games, they came together to showcase their routines during halftime performances.

# SPORTS MEDICINE Someone

## Living it up in Long Beach

Last year the Sports Medicine program ventured to Long Beach with a group of 8 to compete against hundreds of other students. Students were first tested on a series of 150 questions focused on anatomy in sports medicine. Our team was then asked to palpate different parts of the body and demonstrate an adequate taping response for support. Students Olivia Yee '24 (left), Ehlyssa Gonzales '24 (center) and Kat Lopez '23 (right) are pictured at the Quiz Bowl portion of competition. Ehlyssa Gonzales '24 is noted for securing 3rd place as Sports Medicine Student of the Year. # We "All In"

## Men's Basketball

"We started off the season not so well. After winning our first game, we took 3 tough losses. Even though we hit that adversity we bounced back by winning the second tournament out of the three we played. We had lots of injuries that held us back but as a team we found our way back to ourselves at the right time towards the end of the season and playoffs. It was a fun season and I loved being the underdog in every game we played in. We beat some teams that nobody believed that we would come close to even competing with."

Shawn Underwood '25

"Although the season did not end the way we wanted, it is still considered a huge success! From a 6-21 record two years ago to being a Top 20 Team in Sacramento and the #2 Team in San Joaquin Division 3. Most of all and probably the most satisfying is that we were able to accomplish just about every goal we set going into the season.

- 20 Wins - Check
- Section Championship Game - Check
- Play at Golden 1 - Check (we did that twice)
- Play in a State Playoff Game - Check (we had Home State Playoff Game)

Make no mistake we wanted to WIN it all... But with the goals above being accomplished this team was able to make history and do something that has not been done in the last 23 years of Christian Brothers Men's Basketball.

Our "All In" mantra set the tone for this group, and I am more than honored and blessed to have coached such amazing young men."

### 9 Years In The Making

This year, with a nail biting 3-2 win against Vista Del Lago, the Varsity soccer team won the CAL League Championship for the first time since 2015. The team lost to Vista in the Championship game the year prior, making this victory that much sweeter. After four years of blood, sweat, and tears, Senior Collin Ross believes "it was all worth it when we got to hold the banner." Andrew Thompson '24 said "the road to the League Championship was difficult" but after the win he was "overwhelmed with joy and so proud of my teammates!"

## Fast Freshman

Head Coach Todd Fulton touches on the large influx of new swimmers this season, stating "it has allowed for a young group to work and bond through a unique challenge". The team has 66 swimmers this year and 28 of them are freshman. While often student athletes get the chance to be mentored and guided by upper classmates, Fulton believes they are "building a future around around a core group of young and talented individuals". And while he looks to finish out this season strong, has his eyes on the 2025 season because the new swimmers will help lead the way in a more competitive and larger conference.

## Out With The Old, In With The New

In a feathered twist of fate, this year we said farewell to our trusty old Freddy mascot. A symbol of spirit and tradition for many years. However, a shiny, spirited successor soared into our hearts. With wings of cheer and enthusiasm, our new Freddy embodies Christian Brothers' spirit as well as providing a much more comfortable space for the costume wearer. Old Freddy is now in retirement cheering on his successor, watching him bring joy and laughter to all.

LSA group photos that were taken while preparing for Open House tours.

"In LSA, we visit middle schools/junior highs, usually 7th and 8th graders, in the area and tell them about CB. We also help run Open House every year by giving tours to visitors. Overall, our job is to help promote the school. The LSA has given me the opportunity to share with others how much CB has positively impacted my life and I love being in it."  
-Jadin Norman

"I was giving a tour to this family and there was an older woman there who couldn't understand English. Her daughter was translating everything I said to her. She seemed very uninterested and just kept walking while looking like she didn't want to be there. When we got to the theater building I began to tell them all about it. While talking I mentioned how our theater classes were led by Mr. Michael Jackson. The old woman suddenly looked up from her feet and started looking around, really surprised. Her daughter had a laugh and had to clarify that it was not the famous singer Michael Jackson and just a different person with the same name." -Peter Okamoto

# Class of 2027...

On August 11, the freshmen class of 2027 received their official welcome into the CB community. Throughout the night, they experienced their first CB pep rally and dance, and met their own class officers, Student Council, Falcon Force, and students from the classes of '24. The class of '24 led the new CB students on a walking tour of the campus and through multiple ice-breakers. Student Council performed a choreographed dance number and a skit named "Johnny Got Hit by a Bus." At the end of the lock-in, the students gathered on the football field at 6 AM, and the event was finished with prayer and donut breakfast.

Classes of '24 and '27 tried to earn Barbie themed prizes by showing DJ Hightop their energy during the dance on the Mary Lawn

After the pep rally, the students flooded to the Mary Lawn for a dance, led by DJ Hightop. Students danced the entire time because the DJ promised Barbie merch to students who never stopped dancing. A few slow songs were played throughout the dance and the classes of '24 and '27 formed a giant circle and swayed together to the music, truly exemplifying the Lasallian Core Principle of Inclusive Community. The dance allowed students to show off their dance moves, such as the worm, the jerk, and a backflip, to name a few.

Collin Ross '24 thought that lock-in was an "amazing experience" as he felt "closer to his classmates" after spending the whole night with them.

# Locked In!!!

Group 19, led by Matthew Zeigler '24 and Harper Johnson '24, engaged in many activities like taking their picture with the pope, writing a letter to their senior-selves and playing 2 truths and a lie with their NEST teacher, Ms. Thayer.

Jarmaine Oviedo '27 shared that a highlight from lock-in was "meeting all [his] new friends" and that the school felt "very welcoming"

Harper Johnson '24 enjoyed "feeling the nostalgia" from when the class of 2024 had their lock-in as sophomores as well as providing a "positive experience for all the incoming freshmen"

This year's Falcon Force led the freshmen class in CB cheers during the night's pep rally

In the skit "Johnny Got Hit by a Bus", the doctor (Emerson Reel '24), mourned over the "death" of Johnny (Shane Schriok '24)

Ella Fong '27 talked about CB's "positive vibe" in "watching the sunset", and how "everyone looked like they were enjoying themselves"

After a jam-packed night of dancing, games, ice-breakers, pizza, and fun, everyone on campus watched the sunrise in the Bollinger '57 Stadium. They experienced their first CB Prayer Service and enjoyed a cover of "Here Comes the Sun" by Adam Sunderman '24

## Asian Cultural Alliance

The wish wall above holds the many wishes for the new year. Thuy Nguyen '24 hosts the Lunar New Celebration and educates the community on the different traditions of the Lunar New Year all around Asia.

Promoting the Lasallian Core principle of Inclusive Community, the Asian Cultural Alliance is committed to building a sense of belonging both in and out of club membership. Students come together to learn more about Asian culture. This club is responsible for the Lunar New Year celebration every year, bringing our Lasallian community together with delicious food and performances from PIFAA.

With collaboration of PIFAA, the club presents Tinikling, the folk dance of the Philippines.

A raffle takes place after the performances, giving students and faculty a chance to win adorable plushies and prizes.

# LA RAZA

Jairi Anaya '24, Alexa Duarte '24, Valerie Marquez '24, and Daniel Surita '24 celebrating La Virgen de Guadalupe

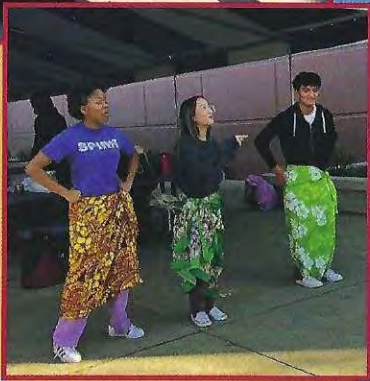

La Raza is a club that fosters an inclusive community that celebrates the diversity of Latino cultures and embraces the worth of every person. Their mission is centered around promoting unity, respect, and cultural awareness among the Christian Brothers community. It is dedicated to creating an environment where everyone, regardless of their background or gender, feels welcomed and valued. We uphold the principle that every person deserves respect and embrace the vibrant and diverse cultures that make up the Latino community. We empower members to be the leaders of social, cultural change.

"La Raza has been one of my favorite parts about CB and has also been where I've spent most of my time here. Ms. Fern, Ms. De Leon, and all the club members are such beautiful people that have made me feel safe throughout my four years. We, La Raza, focus on fostering an inclusive community that celebrates the diversity of Latino cultures and embraces the worth of every person. We are dedicated to making CB a welcoming environment to all faces on campus with a feeling of respect and compassion. By educating our school on the richness that is Latino culture, we empower young leaders of social cultural change. La Raza also donates its funds to the homeless youth and local churches here in Sacramento which I greatly support."

# PIFAA

PIFAA's goal for this club is to show the richness of our cultures and to dismantle any stereotypes with being Polynesian or Filipino. We want to be a safe space for those who feel like they are alone in our community and help them realize that they are, in fact, not alone. We are all one big family!

"PIFAA is one of my absolute favorite parts of being at CB because it gives me a family within a family. The community of Pacific Islanders at school, but also in the world outside, is very small, so being able to find people like yourself is one of the most comforting things a person can experience. And being able to come together to share our traditions and cultures to others is one of the main reasons this club was put together. Some of our favorite events we perform at are the International Dance, where all the culture clubs come together to dance and show off their cultures, and one that we are looking forward to is having a Luau during school! Overall, PIFAA has a special place in our hearts, and we hope to share that same love and passion with everyone who is willing to learn!" - Isa Palé '24 - President of PIFAA

# OUI are French

## FRENCH CLUB

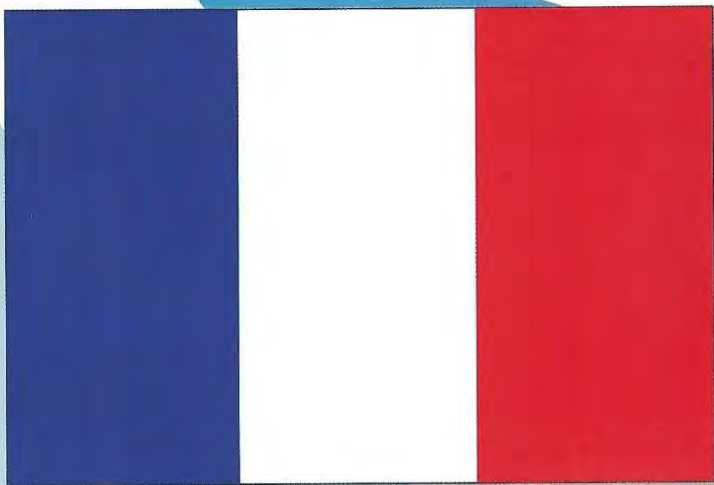

**President:** Emerson Reel '24

**Moderator:** Madame Sasso

French Club's purpose is to share French culture with the student body through music, movies, and food. Emerson Reel '24 formed the club last year with Logan Tiska '23 as a way to express, as he said, the "great passion for the French language and culture" that he's developed during his time at CB. He enjoys being able to share his passion with the entire campus, especially those who don't get to experience it during class.

Moderator and French teacher Madame Sasso is looking to take students on a trip to France in the future to further immerse CB into French culture.

# D(E)IBs on DISC

DISC

One of the important roles of DISC "is historically to be a part of the visioning process for what belonging looks like at CB, especially in the student perspective," said Moderator Ms. Adams '14. The club's main goal is to educate and invite conversation over inclusion and diversity. Ms. Adams '14 and Mrs. Jackson look to the future of the club, where they hope DISC continues to allow for "a space of bringing people to the table." They want DEIB (Diversity, Equity, Inclusion, and Belonging) at CB and for it to be a place where people can "show their experiences growing up, traditions, and be a space to see other's side of the story."

**President:** Chloe Tam '25  
**Moderators:** Ms. Jackson and Ms. Adams '14

One of DISC's many impacts in the CB community was seen in their DEIB meeting hosted on March 11, 2024. Students, parents, and faculty created a vision board of what they wanted to see happen at CB in terms of inclusivity and engagement.

## MEMBER ACCOUNTS

"We had a bit of a rough start this year after losing our original moderator, but its great to have the chance to work directly with administration to improve diversity on campus and make active change"  
 -Alina Haag '25

"DISC is a student organizaion that aims to foster equity, inclusivity, and belonging at CB to serve its diverse community. We work directly with students, administrators, teachers, and parents to make our school a place where everyone is welcomed and supported"  
 -Chloe Tam '25

"My experience with DISC was pretty great, even though we were slow to start back up earlier in the year. I did enjoy getting to know my peers and openly sharing my thoughts with the group"  
 -Rune Long '25

## PRISM

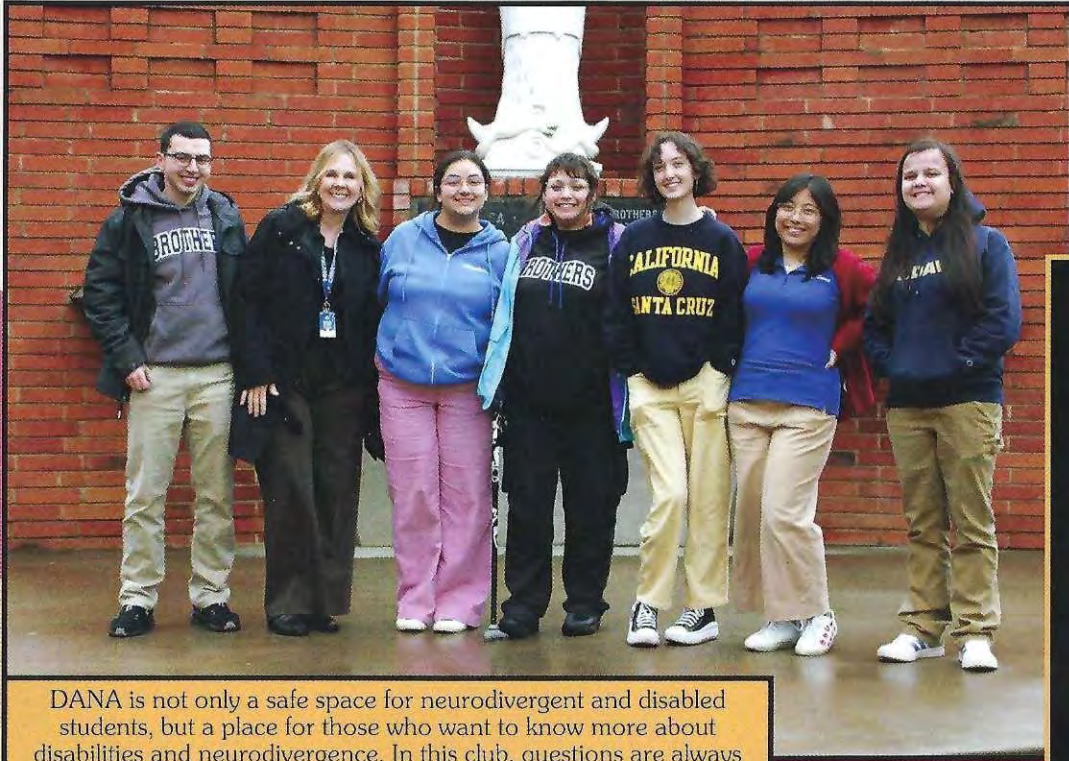

Prism is Christian Brothers' resident LGBTQ+ club. They aim to create a safe space for all LGBTQ+ students and allies on campus. They also aim to educate students on various sexual orientations, genders, historically important queer people, and LGBTQ+ current events. Prism is an inclusive community, everyone is always welcome at their club meetings regardless of sexuality, gender, ethnicity, disability, or political preference. In spite of the hatred the LGBTQ+ community faces, the Prism club always finds a reason to celebrate the beauty of being true to themselves.

DANA is not only a safe space for neurodivergent and disabled students, but a place for those who want to know more about disabilities and neurodivergence. In this club, questions are always welcome as one of the primary goals is to educate. This is the first time Christian Brothers has had a group like this and so far as a first year club, they have already created a strong community and gained more on-campus accessibility. DANA hopes to continue growing and educating over the next couple of years.

## This Year's Theme is Salad?

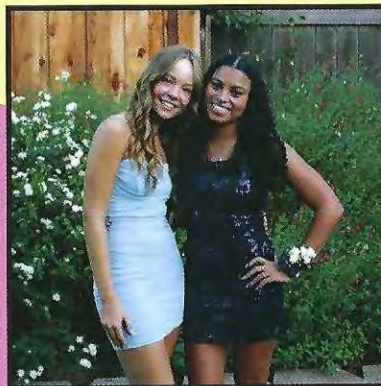

On September 12, 2023, an uneventful Friday Morning, at the end of E Set the CB community tuned into watch KBFT. After the show recapped the week's events and sports, an award show themed package aired to announced the 2023 homecoming theme. The contestants were these potential themes: Under the Sea, 90's Party, Game Night, Sports, and Lettuce. Laughing and theorizing about which theme would be selected, a watched Diego Cortes- Torres '24 announce the homecoming theme. This year's theme would be... lettuce. This bomb shocked students and teachers schoolwide, with many people expressing many different opinions. Deemed "poloraizng" by Talon Staff Writer Rune Long '25, this theme was definitely out of the box and will be one theme that CB students will never forget.

## Liturgies and Prayer Services

The Christian Brothers' core principle of Inclusive Community is clearly exemplified each Liturgy or Prayer Service. The students come together and celebrate the word of God, and although they all come from different backgrounds they come together as a strong Lasallian Community. During Liturgies and Prayer Services students participate by doing the hand motions to accompany songs and are invited to sing along with the amazing choir.

### Yakima, WA

Students are able to have a firsthand look into life on the Yakima Reservation. They are shown how Native Americans preserve their sacred lands and culture while working on projects for land restoration and sustainability.

### Tuscon, AZ

Students are taken to the US/Mexico border and taught about the many complexities of immigration. They gain insight from humanitarian aide groups, border patrol agents, and those directed by US immigration policies.

### Blackfeet, MT

Students are able to go to the Blackfeet Reservation and learn about the culture, Native American treatment, and the tribes' history. They work with the kids of the De La Salle School while exploring the lands on the reservation.

### Los Angeles, CA

Students are given the opportunity to help aide in the Boyle Heights Community. They hear stories from the unhoused community members which promote raising consciousness about the larger issues of justice and peace.

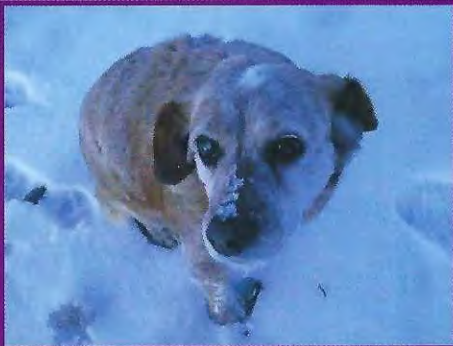

*"The best things about VENAVER is becoming closer to each other, reaching out to people beyond our surroundings, and finding ways to support their community."  
- Natayla Negroni '24*

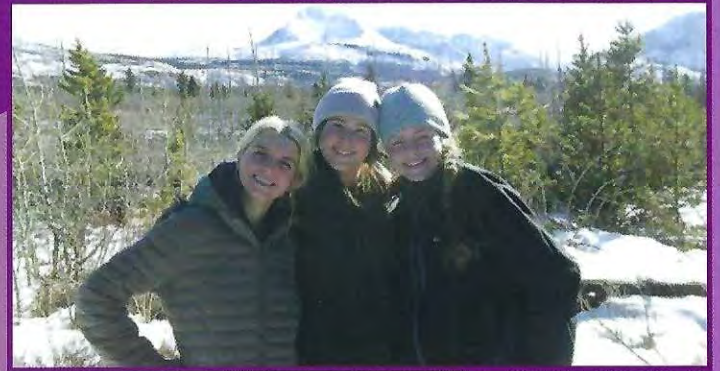

VENAVER (Spanish for "Come and See") has its origins in scripture. Jesus said, "Come and you will see." John 1:39-41. This is a program where juniors and seniors are offered the opportunity to go on an immersion trip to better the world and gain new perspectives. These trips are meant to open the eyes of students and to make an impact on others' lives firsthand, whether by planting a garden, being a class aide, or even being someone for others to tell their stories to. Immersion is meant for people to leave what they have behind and be fully present in this impactful experience. Many students describe their time on VENAVER as a "once in a lifetime experience [which] allows us as students to make a positive difference in the world around us."

**"VENAVER is one of the most memorable experiences CB has to offer. Waking up to Mr. Eckel yelling, going on morning runs, giving back to the community, all while growing our own community in the course of the week. 10/10 would recommend."**

***SRLT stands for Senior Retreat Leadership Team. The members of this team are selected through an application and interview process in order to be able to lead the next years' retreats. Every class goes on a retreat during the year. SRLT has a goal of creating an impactful and fun environment for all of grades. They work with preparing the retreat activities, make sure things run smoothly in the retreats, and connect with classmates on the retreats by guiding them through the days. They want to help people further explore their faiths and themselves internally by being the leaders for the frosh, sophomore, and junior retreats. They do the most work as they help lead Karios which is the senior retreat in Alliance Redwoods, which is what many refer to as an eye-opening experience. SRLT's goal is to help guide all students in their positive, eye opening retreat experiences.***

## WELLSPRING

Wellspring gives time to help members of the Oak Park community by providing weekly meals. Their goal as a club is to help those that need it most. They donate pancakes and yogurt parfait for breakfast every Tuesday morning, in addition to sandwiches for lunch to the local Wellspring Women's shelter. Usually, they work in stations to ensure that their goal is met by helping all those in need. This club provides countless opportunities for CB students to volunteer for our community.

Aidan shares that they create their donated stuffed animals out of "up-cycled materials" like clothes from closets that are no longer worn, or even "clothes found in CB's clothes closet"! All projects are donated to the UC Davis Children's Hospital and the Sacramento Children's Home. Aidan states that they utilize "the creativity CB is abundant in" to spread love through their stuffed buddies. He also feels accomplished that this club has created a "comfortable community" at CB where "people are free to express themselves". Aidan and Sophie were inspired by Build-A-Bear and wanted to replicate a less expensive and more impactful way. Aidan hopes that this club continues its lasting impact on CB and the Sacramento area.

Co-President Sophie Diaz '24 helped restart the Lasallian Youth Club after it suffered a hit by COVID; she shares that the purpose of this club is to "provide tutoring and mentoring to kids". Student tutors meet at the Oak Ridge Elementary School next door after school. While these students mainly teach math and art lessons, they also try to create a sense of "gratitude and excitement" towards school and learning. Diaz '24 is very passionate about her club's impact because only an hour of tutoring can positively change a kid's life. The club also plans to expand their services past Oak Ridge.

You may have seen the people learning how to play Mahjong, a tile game, at the Lunar New year festival on campus every year. This is hosted by the Mahjong Club which hopes to bring community through the game, especially to the Filipino population. President Sophie Diaz says her and her sister formed the club "to keep the game and culture alive just by playing the game". In the very first year, 2022, the club attracted over 40 people, and it continues to grow and be an important cultural tie in CB's community.

Ainsley Fong '24, Dr.  
Potter

President Matthew Zeigler '24 of Tea Time! shared that the purpose of this club is just to "provide a relaxed and open space" for CB students. Every Thursday during break, tea is brewed in 609 where students can swing by and enjoy a nice cup of tea before their next class. In addition to the tea, food is often present to be shared and eaten by anyone and everyone who comes by. Tea Time's effect on the CB community is not that impactful, but Matthew states that everyone who goes to a meeting leaves "happy and fed". While there is not a whole lot of history about the club, Matthew shares that they "upgraded to full sized mugs" this year, which was Mrs. Romani's idea. This change is more environmentally friendly and also saves the club from the "hassle of buying paper cups every few weeks".

## FASHION ASSOCIATION

Haylee Potter '25 and Taylor Ericson '27 give an outfit presentation

**Co-Presidents:**  
Haylee Potter '25  
and Jack Lai '25  
**Moderator:** Ms. White

Fashion Club's goal is to enlighten people on how much fashion can help others in relation to Concern for the Poor, Social Justice, and Quality Education. The Fashion Club meets regularly to discuss regular fashion and celebrity choices at events like the Met Gala. Some meetings are also spent encouraging members to bring clothes in to build outfits to get each other's supportive feedback. Jack Lai states "Next year we hope to organize a clothing drive for local [charities]."

**Co-Presidents:**  
Levente Gurmai '24  
and Sofia Nguyen '24  
**Moderator:** Ms. Fitzgerald

Crochet club aims to promote an inclusive community, where everyone is welcome to learn the art of crochet. No one will be judged for their skill level (or lack thereof) and instead will be treated with kindness. As long as there is a willingness to learn, they are willing to teach. As a club, they aim to continue organizing donation drives to serve the Sacramento area. They hope that their handmade items, like hats and scarves, will be of use to the local community.

# To the Rescue

## ANIMAL SHELTER CLUB

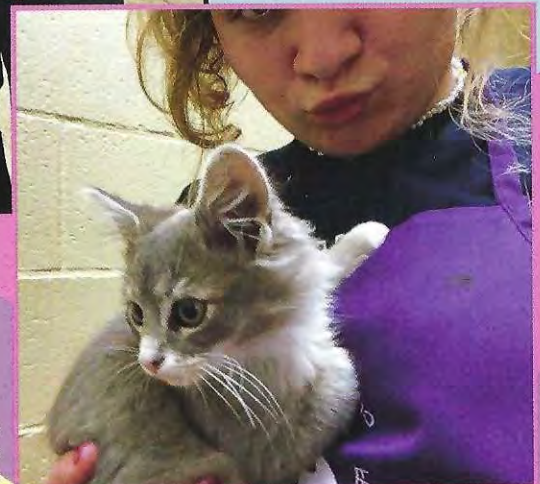

The whole point of the club is to help animals that are vulnerable. They don't have voices to advocate for themselves like people do. In club meetings, they go over how to become a volunteer at the club's local shelter (Front Street). The steps can be confusing, so it is easier to have someone guide them through it than doing it alone. The club is an easy place to make friends with others that want to help animals and gives students someone to volunteer with.

## CLASSIC ROCK CLUB

Back in Black by AC/DC was one of the most popular rock albums in the 1980s

Classic rock club is a place for all rock lovers to come together. This club is a way to dive deeper into the art of classic rock. Being able to see how this genre was made and its history creates a new appreciation for this style of music. Meetings are full of sick tunes and good vibes.

President Larissa Kerr '25, representing classic rock on Club Day

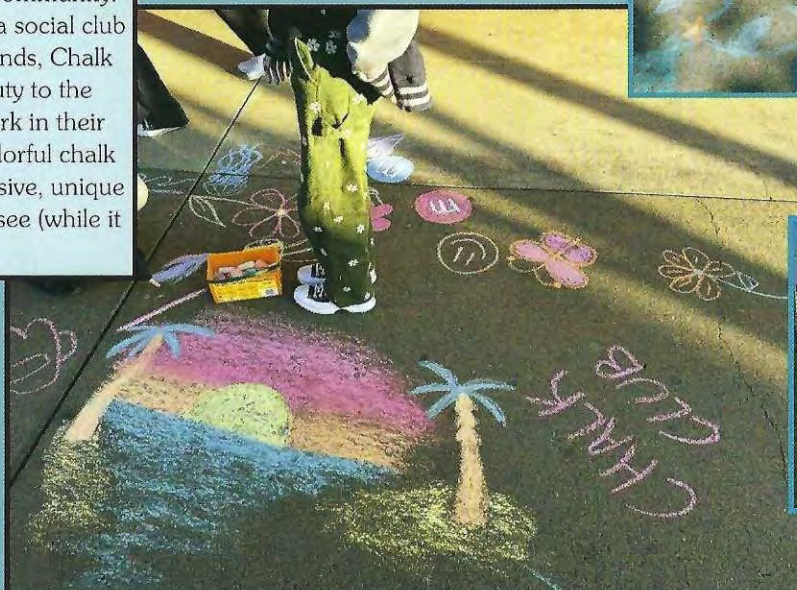

# Make Your Mark

## CHALK CLUB

Chalk club is a club that fosters inclusive community. Along with being a social club to make new friends, Chalk Club adds beauty to the school. They work in their meetings with colorful chalk and create expressive, unique artwork for all to see (while it lasts).

## QUILLING CLUB

Quilling club is a new club to the CB community. Paper quilling is an art form where paper is cut into strips, rolled, and folded together to make things. Paper quilling is a good way to pass the time in a relaxing environment with friends. It is an art form that allows people to express their creativity without any prior experience.
