Dear Sirs:

I am taking this belated opportunity to thank you for your thoughtful Christmas package that I recently received. The Navy has been moving me about of late and this explains the delay of this note of thanks.

It is indeed a comforting thought to know that your organization has remembered me in this manner.

I have always regarded the work of the La Salle Club very highly, having once been attached to the faculty of the Christian Brothers High School. May you always continue with this much needed help for the Catholic youth of Sacramento.

Gratefully yours,
Jim Flynn
