

CHRISTIAN BROTHERS OF
SACRAMENTO TO CELEBRATE
FIFTIETH ANNIVERSARY.

Jan. 1926

At a luncheon recently given at Sacramento plans were outlined for a fitting celebration of the golden jubilee of the Christian Brothers in Sacramento. The event will take place during the present year.

The immediate needs of the school were discussed, and the urgent need of more Brothers and the immediate construction of a gymnasium pointed out. There are 322 students now enrolled at the school, which is double the number enrolled two years ago. The staff of Brothers has been doubled but this is not sufficient, as students are daily turned away because of an insufficient number of teachers.

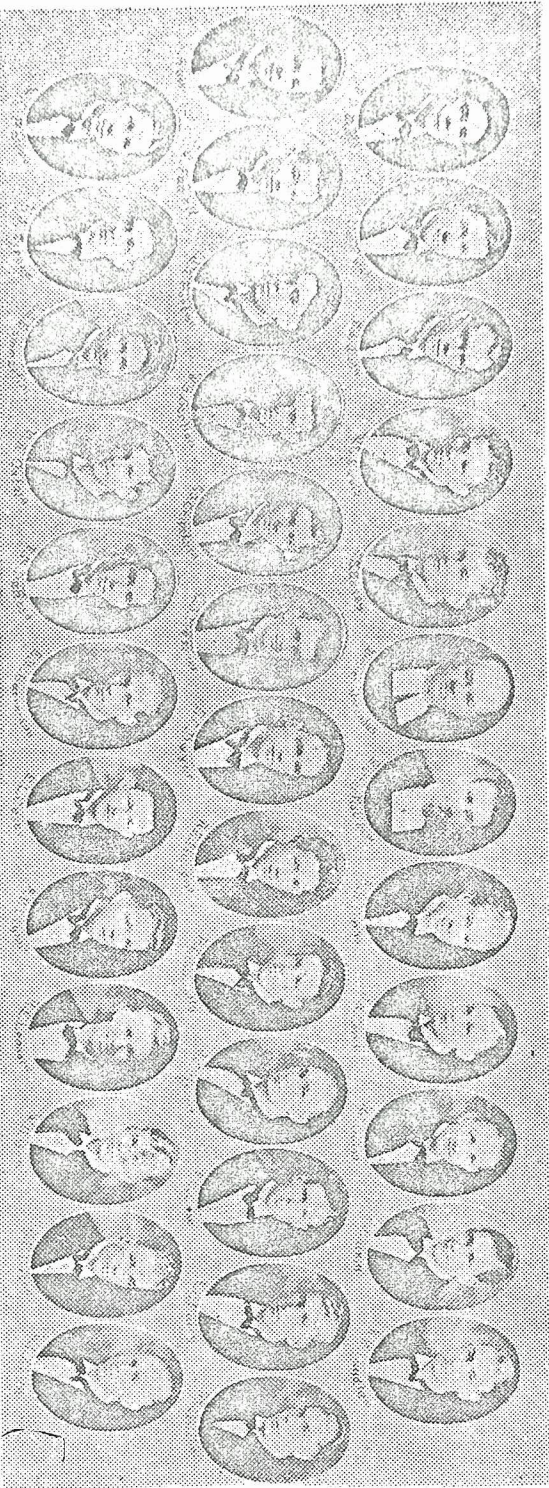

The chief concern of its administration is to do justice to the pupils now enrolled. The absence of a gymnasium is a retarding factor, and indications point to a speedy answer to this need.

Those present at the luncheon were: The Rt. Rev. Msgr. T. E. Horgan, V. G.; the Very Rev. Brother Z. Joseph, provincial; Brother Lewis, director; Messrs. William J. Carragher, Charles W. Deterding, J. R. Deterding, F. A. Henderson, Frank E. Michel Jr., Harry F. Connelly, Edward T. Ryan, Henry A. Sens, William F. Gormley, Thomas G. Gormley, Peter J. Mitchell, Joseph C. Hobrecht, H. C. Thomas and J. M. Silvey.

Recent additions to the faculty are Brother Ananias and Brother Matthew. Brother Ananias is from St. Joseph's Academy, Berkeley. He is no stranger to Sacramento, as he served on the local faculty a few years ago. Brother Matthew, a graduate from Sacred Heart College, San Francisco, who has recently completed his normal school training at De La Salle Normal School, Martinez, came to replace Brother Bartholomew, who, because of ill health, was transferred to Los Angeles.

Many Changes Are Made At Christian Brothers' School

1935

Brother Patrick Succeeds Brother Lewis, As Principal

Changes In Faculty And Methods, Many Improvements In School Plant, And Reduction In Tuition Fees Announced

Sacramento.—With the reopening of school on August 26th, the Christian Brothers' Primary, Grammar and High School, 21st and Y Streets, faces its high purpose as the only Catholic High School for boys in the diocese, with a reorganized staff, new methods of administration, and changes in procedure which those responsible for the school feel will be to the best advantage of the boys entrusted to their care.

NEW PRINCIPAL.

Brother Lewis, M. A., former principal of the school, has been promoted to the teaching staff of famed St. Mary's College, and has been replaced by a veteran educator and a master in boy psychology, Brother Patrick, M. A. Brother Patrick is a former member of the staff at the school, having taught the senior class in 1933 and 1934. He is a member of the New York Province of the Brothers of the Christian Schools, and taught in the schools of his congregation in New Hampshire before coming to California. The new principal held the important post of assistant director of the Novitiate of the Brothers at Mount La Salle, Calif., last year. While there he was mainly responsible for the training of the future teachers of Catholic youth in this state.

Changes In Faculty.

Brother Joseph, A. B., will continue, as vice-principal, the work done so ably in former years by Brother Charles, who goes to Los Angeles. Brothers Leonard, Mark, and Odran have also been transferred. Brother Philip, A. B., remains as director of Resident Students at the school. Other new members of the faculty are Brothers Kevin, A. B.; James, A. B.; Benedict, A. B., and Robert, A. B., all of St. Mary's College and Brother Agatho, A. B., until recently dean of the Commercial Department at Cathedral High School, Los Angeles.

Physical Improvements.

Extensive improvements at the institution include a new lounge for students, and a new recreational room. A cafeteria will supply hot lunches for day students, and new locker rooms will add to their physical comfort.

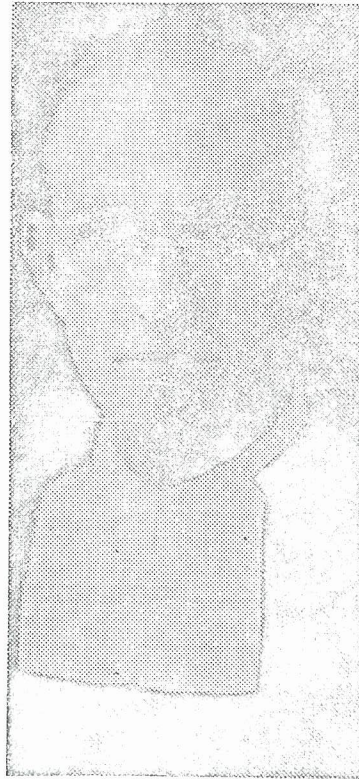

Fees Reduced.

A substantial reduction has been made in tuition fees at the school, so that no Catholic parent may feel that the cost of a Catholic education for his boy at the Christian Brothers' School is prohibitive.

Religion Stressed.

Among the changes in teaching methods is the assignment of Religious Instruction to the first period of the day, from 8:45 until 9:30

New Principal

BROTHER PATRICK, M. A., F. S. C.

Brother Patrick, a veteran educator, is the new principal of the Christian Brothers' School, Sacramento, succeeding Brother Lewis, M. A., F. S. C., who has been promoted to the teaching staff of St. Mary's College, Moraga.

o'clock. Brother Patrick, convinced that this period is by far the most important in the horarium of each day's work, wishes that the students may give their attention to their religion at the beginning of each day, when their minds are fresh and their attention undivided.

Fully Accredited.

An education received at the Brothers' School is, of course, second to none. The school has been fully recognized by state authority since its foundation, and parents may rest assured that the secular education of their boys at this school will, at the very least, equal the training received at any other educational institution. The Brothers of the Christian Schools are men who have consecrated their lives to the Christian and Catholic education of youth. Their work is done, not for gain, but because they are convinced that they can render no higher service to their Master, our Lord Jesus Christ, to Whom they have dedicated their lives, and for Whose sake they have taken their vows of chastity, poverty, and obedience, than the training of the future men of our city and diocese in the ways of Christ. Their work is done for the love of God. No higher encomium could be passed on it.

Resident Students Welcomed.

The school has a splendid group of buildings, fully and thoroughly equipped for its purpose. Commodious quarters are provided for resident students. Board and tuition fees are moderate, and Catholic parents living in the outlying districts of the diocese are invited to consult with the principal, who will be glad to advise them on the educational problems of their families.
