BY MARK WARREN,  
PRESIDENT

## “Building on the Tradition”

**C**hristian Brothers has served Sacramento for nearly 125 years. We have been educating and nurturing young men, and more recently young women, for over a century and a quarter. What an accomplishment! As time passes, educational needs change. The students taught by the Brothers in 1876 when Christian Brothers, Sacramento was founded learned to read and write. They also learned basic math skills – addition, subtraction, multiplication and division.

Today, students have calculators that give square roots and that calculate tangents, sines and cosines. Back then students learned how to diagram a sentence, and today students produce “projects” with video clips taken from the Internet and visuals of other parts of the world. Dylan said it, “The times they are a changin’.”

With this issue of the *Connection*, we announce the beginning of a new era for Christian Brothers in Sacramento. We are well into Brothers’ first Capital Campaign since Bishop Armstrong was built in 1956-57. We have raised over \$6 million against a goal of \$7.5 million, and we have begun construction of a two-story, 32,000-square foot, Science, Math and Technology Wing at the north end of our Martin Luther King, Jr. Boulevard campus.

You will read about the specifics of the building elsewhere in this magazine, but I want to share with you just what a momentous event this is for Christian Brothers ... and for Sacramento.

We have been quietly fundraising for this project for just over a year, and the response from our alumni and friends has been extraordinary. At this time we have begun construction of the building shell for this remarkable addition to our legacy. We continue seeking pledges and contributions which will be used for the “tenant improvements” – the inside of the building – and for the equipment necessary to have first-class science, math and technology programs. “Building on the Tradition” does not mean blowing up the old tradition. “Building on the Tradition” means adding to, evolving, changing for the better, advancing, and visioning our mission. As you read about the new Science, Math and Technology Wing, you will see that we have done all of this ... and more.

The times? They are “a changin’” ... for our current and future students who will, in their time, continue “Building on the Tradition.”

God bless,

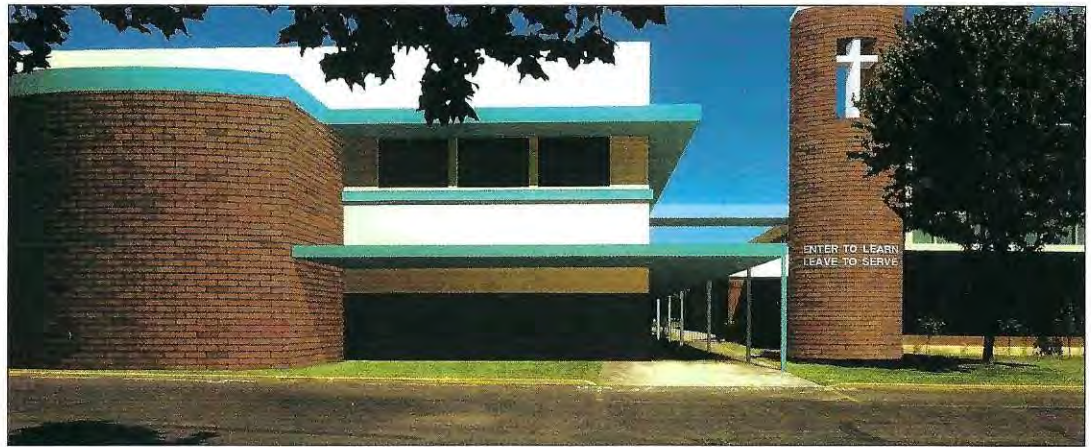

*Mark J. Warren*

Christian Brothers High School's tradition of nurturing tomorrow's leaders - leaders of character - has helped shape the Sacramento community. Dedication, vision, sacrifice and faith have led many alumni to create, build, improve and expand our region. Many of our alumni embody the Lasallian vision of serving the poor through vocational endeavors and volunteer efforts.

## **V**ision For The New Millennium

Although much has changed in the field of education since the days of Saint John Baptist de La Salle, the demand for quality education for all children continues to be society's highest priority. Like all schools, Christian Brothers has long shared a commitment to provide a quality, values-based education. However, the 40-year old campus is no longer capable of meeting the needs of students as we begin a new millennium. The critical needs are smaller class sizes, better equipment

and improved facilities. The existing science labs are inadequate and out of date. The new Technology and Multimedia Centers will bring Christian Brothers students into the new millennium of the technology-driven workplace. Without these resources, students will fall behind the competitive curve in science, math and technology. A master plan has been developed and will be phased in over the next few years. ♦

**The Campaign Goal for Phase One is \$7.5 million.**

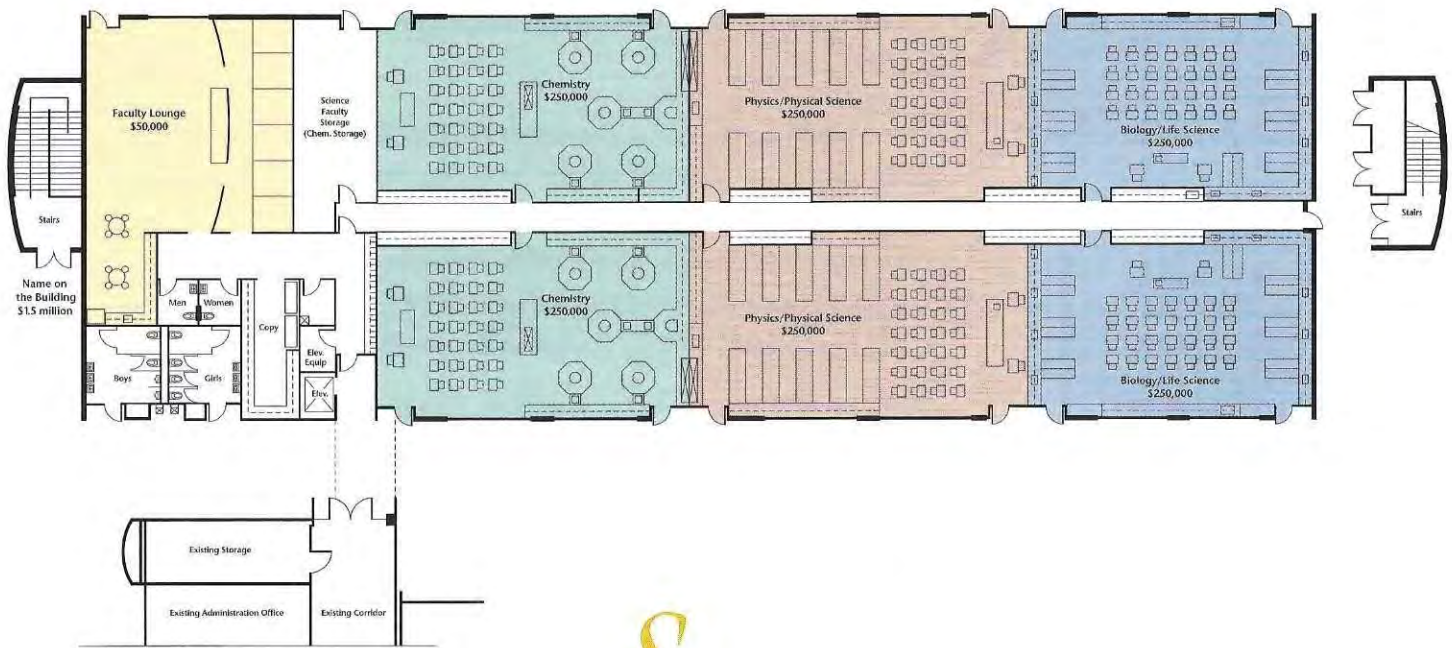

*This includes the building, road and parking costs, all furniture, lab equipment, computers and electronic equipment, and construction-related fees.*

*Construction Goal: The goal of the Campaign Committee is to develop sufficient support through campaign pledges in order to complete construction of the new facility and to make the new Science, Math and Technology Wing available to students by January 2002.*

## First Floor Plan

# Science, Math and Technology Wing

## Second Floor Plan

**Phase One** focuses on the critical addition of a new Science, Math and Technology Wing and the campus infrastructure required for both Phase One and Phase Two. The new Science, Math and Technology Wing is critical to maintaining the high academic standards of Christian Brothers and to keeping the doors open at the best universities for our graduates.

This Wing will house:

- improved chemistry, physics and biology labs equipped and designed with the latest technology;

# Providing Educational Opportunities

## For A Diverse Population

*Continued from page 5*

- a new Technology Center equipped with 30 state-of-the-art computer stations specifically designed for computer science classes, computer programming, Internet applications and word processing;
- a new Multimedia Center providing the opportunity to create advanced computer graphics in conjunction with professional audio and video productions;
- expanded newspaper and yearbook classrooms strategically located to enable staff to transform them into multi-use and after-hours classrooms as the need arises; and
- seven additional math classrooms to accommodate a reduction in class size and to provide students with a more conducive learning environment.

**Phase Two** focuses on the need to add a gymnasium and a new performing arts center. Providing these extracurricular opportunities ensures a well-rounded education and provides the opportunity for our students to identify areas of unique giftedness. ♦

The Lasallian mission is demonstrated by the inclusiveness and dedication ever present on the Christian Brothers High School campus. Staff and faculty members interact on a daily basis with students and families. Since 1876, La Salle's passion for touching the hearts and minds of the young has been evident in the classroom and on the field at Christian Brothers.

Tuition remains one of the lowest in comparison to other local private schools. Continuing the tradition of serving the poor, 25% of the Christian Brothers students receive some form of financial aid. Plans are being made to aggressively increase that figure by implementing effective strategies to encourage families of limited means to enroll their children.

Christian Brothers High School holds the distinction of being the oldest Catholic school in the region and is responsible for producing the greatest number of college-qualified graduates - graduates who have subsequently made Sacramento the thriving business capital it is today. Ninety-eight percent of all graduates go on to attend college.

### Join the Lasallian Spirit

The only way Christian Brothers can effectively implement the construction of these facilities is through the generous support of our closest friends and families. Those who have graduated from Christian Brothers or those who have close ties to us have an opportunity to return something for all that Christian Brothers has given them. Those who believe in the

values-based education that is at the very heart of the Lasallian philosophy can insure its continuity to future generations of students, especially those in need. Christian Brothers has helped to build the foundation for thousands of successful lives. Now you can help to build the foundation for Christian Brothers' future. Your five-year

pledge will enable Christian Brothers to fund the expansion and improvement of the current facilities for the benefit of current students as well as generations of children yet to come. The new facilities will be a permanent tribute to your generosity and to the spirit of Saint John Baptist de La Salle.

# Alumni and Friends

by Jack Stassi '40

I hope that everyone had a most joyous Christmas and a happy New Year. Let's catch up with the year-end happenings of our alumni and friends. The year certainly ended on a high note for **Jeff Novelli '83**, who attended the Kings/Sonics game just before Christmas and was selected for the "Half-Court Challenge." In one try, he dunked the ball from half court and won a brand new truck! What a way to ring in the new year...

The class of '80 ended the year with a great reunion. I caught up with some of the guys to see what's doin'...**Greg Theilen '80** has his own software business in Southern California. ...**Barry Dahlbeck '80** is

Doug Osbourn  
'74

a commercial building draftsman in the Seattle, Washington area. ...**Tom Downey '80** and his wife are the proprietors of the Galena Lodge in the Sawtooth Mountains area, just outside Boise, Idaho. ...**Dr. Ernesto Quinto '80** is an MD practicing at Sutter Health.

Many thanks for the cards and letters you've sent, as they help keep me in the loop with CBHS grads. Got a letter from **Doug Osbourn '74** who recently has retired from the U.S. Navy. Doug

Jerry Balshor  
'73

Ernesto Quinto

Jeff Novelli  
'83

Oscar Villegas

joined the Navy right after his graduation from CBHS. He served a tour of duty as commanding officer of the Defense Distributing Depot at Jacksonville, Florida. Doug retired as a full commander, and he and his wife are proud parents of a bouncing baby girl. They now live in the Jacksonville area. ...also got a really nice note from **Walter Defaria '44**. Walt is still busy in the television and motion picture business after many years in Hollywood. He is now producing, writing and directing theater for the young people in the Monterey Peninsula area and just finished directing the musical "Peter Pan" for the Pacific

Repertory Theater in Carmel.

Ran into **Jerry Balshor '73** at the Olympic tryouts a while ago, and he was trying to keep everyone cool on a very hot day with his big squirt gun. Jerry is a representative for Ortho McNeil Pharmaceuticals.

Congratulations are in order for some of our alums, like **Dick Reisinger '75**, coach of the Southside Legion team, which is made up mostly of CBHS boys. They won the area championship. ...Congrats also to long-time family friend **Oscar Villegas '84** on his successful bid for West Sacramento City Council. Oscar canvassed the entire West Sacramento area and earned every vote! I always knew you were a star, kid! ...also gotta take my hat off to **Sal Vasquez '52** for the great job he is doing for the LaSalle Club.

It's great to see some of our young alums doing so well. **Christopher Slakey '96** recently graduated from St. Vincent's College in Latrobe, Pa. Chris has joined

the LaSallian Volunteer Program and now is located at Christian Brothers La Salle School in Albany, New York. Chris received the De La Salle Medal when he graduated from CBHS.

**Cheryl Rehm '00** is the female in her family to carry on the Christian Brothers tradition. Cheryl's father and grandfather are CBHS grads, along with a brother, three uncles, four great-uncles and her godfather. Cheryl, you're a great gal and come from a super CBHS family!

*The statue of De La Salle by Aureli in the Basilica of Saint Peter in Rome. Part of the gallery of founders of religious congregations, it stands some five meters in height and weighs twenty-three tons. It is often picked out by Lasallians by means of the guiding outstretched arm and is the only statue in the gallery of St. Peter's that includes children.*

**RON CARISSIMI RECEIVES ALUMNI SERVICE AWARD**

At the 31st annual Alumni Dinner held at Christian Brothers High School on Saturday, March 10, Ron Carissimi, Class of 1951, received the Alumni Association's highest recognition for faithful service, the Alumni Service Award.

With fond memories of his own education at Brothers, and a commitment to ensuring that the CB tradition would continue for generations to come, Ron became a member of the Board of Regents in 1976. Throughout nine years as a Regent, including two terms as President, and three years on the Board of Trustees from 1994 to 1996, Ron's leadership and influence were of immeasurable benefit to the school. The late 70's and all of the 80's were tough times for Christian Brothers in Sacramento. Ron helped them "stay the course" by rallying alumni, friends and community contacts to be sure that the school remained in Sacramento and returned to prominence and financial health.

Early on, as a regent, Ron was asked to organize a meaningful association of alumni. His dedication to that daunting challenge resulted in an organized Alumni Association, complete with by-laws, a Board of Directors, regular meetings, and social and fundraising events. Starting from scratch, that project has stood the test of time. Appropriate for an architect! Always faithful to Christian Brothers, Ron was a speaker at Career Day over many years. Sons Kevin '87 and Steven '95 are fellow CB alumni; daughter Amy is a '94 graduate of Saint Mary's College in Moraga; and Ron continued to serve his alma mater in the 90's. He was an integral part of the small group that resurrected the LaSalle Club as a viable organization in 1994, and he served on the committee to research possible relocation sites for CBHS before the decision was made to remain in Oak Park. Ron has been a contributor to the Ambassadors Club level for two decades and in 1990 was named Ambassador of the Year.

Ron will be retiring soon from his majority ownership of Carissimi Rohrer McMullen Associates, the firm he joined in 1959 after graduation from Notre Dame and military service. We extend our congratulations to Ron, and our thanks to him and his wife Pat, for their long and faithful service to Christian Brothers High School.

The Alumni Board, at its January meeting, changed the name of its highest recognition award from Alumnus of the Year to Alumni Service Award, to more clearly describe its intent — to recognize alumni for consistent, ongoing service to Christian Brothers through the unselfish commitment of their personal time and talents. In addition to a personal gift for the recipient, the names of all alumni so honored since 1995 are engraved on a permanent plaque located in the main hallway of the school. ♦

# CHRISTIAN BROTHERS: A CENTURY OF SERVICE

*Reprinted From The Special Edition of  
The Christian Brothers*

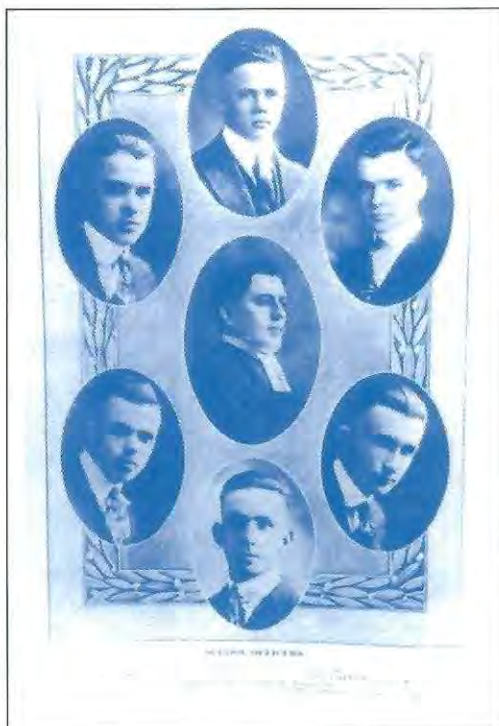

*A Century of Service Through Christian Education To Sacramento 1876 - 1976*

**Q**ver 125 years!  
A long time,  
indeed, since an  
energetic young  
maiden lady,  
named Maggie Cunningham saw  
her fund-raising efforts brought to  
fruition with the opening of what  
has, at various times, been known  
as St. Patrick's Institute, The  
Sacramento Institute, Christian  
Brothers College, Christian  
Brothers School, Bishop Armstrong  
High School ... and hopefully last ...  
Christian Brothers High School.

The reasons behind the  
establishing of a school by the sons  
of St. John Baptist de La Salle, the  
Christian Brothers, in Sacramento  
were basically two: The desire by  
Catholics to provide a religious  
education for their children and  
general dissatisfaction with the  
quality of public education as it  
then existed. Accomplishing this  
task took a good five years.

Finally, after the impetus from  
Father Patrick Scanlan and  
doorbell ringing and arm-twisting  
by Miss Maggie Cunningham, the  
great day arrived ... establishing  
the first high school in Sacramento  
offering both academic and  
commercial classes. Officially  
known as St. Patrick's Institute  
after the patron Saint of the  
Sacramento (then Grass Valley)

Diocese, the school was dedicated  
July 16, 1876, by Archbishop  
Joseph Alemany. The next day the  
Brothers began enrolling students  
and by the following Monday ...  
July 24th ... 200 students began

their first classes. They wasted no  
time in those days.

What sort of school was it that  
opened its doors in the nation's  
centennial year at 12th and K  
Streets on the site that later was

Weinstocks department store?  
There were all of four classrooms  
with seats for 260 students. The  
most basic division problem  
indicates the teacher-pupil ratio  
was such as to put to the acid test  
even the renowned disciplinary  
talents of the seven Brothers who  
took over the new building. For  
each classroom there was  
furnished, according to  
contemporary accounts, a  
teacher's desk and revolving chair.  
With classes averaging over 60  
students, the later were probably  
kept in perpetual spin. All of this  
required the expenditure of  
\$24,000, a substantial sum for that  
day. In just 10 months after its  
opening the school conferred its  
first diplomas ... two, to be exact ...  
in the Assembly Chamber of the  
Capitol, just two blocks away, with  
Governor William Irwin presiding.

During the next two decades  
the school ... still known as  
Sacramento Institute ... thrived  
until, in 1896 and at the urging of  
Bishop Thomas Grace of  
Sacramento, it became Christian  
Brothers College. The "college"  
was not inappropriate, for in those  
days it was possible for a student

to spend his years from the first grade through three years of college right there at 12th and K Streets before ... if he wished a degree ... transferring to Saint Mary's College. Thus it was that the concept of the junior college became a reality to the Sacramento area in the hands of the Brothers a good twenty years before Sacramento Junior College, as an adjunct of Sacramento High School, began offering post-secondary courses.

Brother Cianin, founding director-principal, was succeeded by members of his Institute whose names ... Bertram, Sabinian, Genebren and Victor Ambrose ... are now footnotes to history. In 1900 Brother Vellesian came onto the scene only to return years later in the 1920's to preside over the construction of the "new school" at 21st & Y Streets. The history of the school in these early years is minimal in detail, perhaps because, as Brother Lewis noted with a rare touch of asperity, "Brothers Florinus Peter, V. Leo, and Jasper kept poor records." Maybe, by way of excuse, they were just too busy trying to keep board nailed to board in a crumbling edifice.

The downtown school was falling apart and the commercially valuable property ... still owned by the diocese ... was sold. This put Brother Vellesian, his faculty, and student body in a position that was, at best, somewhat awkward. The property had to be vacated by June of 1923, and it would take a series of miracles to have a new school ready for the start of classes in August. Vellesian, a practical man, preferred to depend on his own resources rather than tax divine providence. The result was a move to the abandoned East Sacramento Public School building at 39th and J Streets, where Sacred Heart Church now stands.

It took seven months to iron out the details of construction,

which advanced at a break-neck pace. The contract was let on Feb. 4, 1924; ground was broken on Feb. 11, the cornerstone laid on May 18, students were in their classrooms, and brothers and boarders in their living quarters on Sept. 15th. It would seem Brother Vellesian did have his miracle of sorts. The curriculum having been reduced some years before to eliminate college level courses, the school officially became known as Christian Brothers School on Nov. 5, 1924.

The thirties saw an athletic program reach an even par with other schools of the area. The gridgers, under young Jim Flynn, were able to stun Sac High's purple dragons two years hand-running (at which point Sac High followed the only sensible course and hired Flynn), and Henry "Bud" Hana's basketball and baseball teams played all corners on even terms.

It was during the depression years that the school suffered a premature aging process when maintenance money was just not there. The well loved Brother

simultaneously by Christian Brothers, and the two girls' high schools ... St. Joseph and St. Francis ... and thus it was in 1957 Bishop Armstrong High School, a co-institutional experiment in Catholic secondary education was opened, and old Christian Brothers remained as a feeder school, offering freshman and sophomore classes only. And it appeared that never again would a diploma bear the name "Christian Brothers."

Tradition finally was served ... and restored ... in 1964, when two new four-year high schools for girls made it, once again, possible for a four-year school (grammar school classes had been discontinued in 1957) under the Christian Brothers to exist in Sacramento. The culmination was the restoration of the old name, in 1968, with the addition of one word: Christian Brothers High School.

The "old boys" from the Sacramento Institute are gone now and the ranks of those who still call it the "Brothers College" are thinning. But the graduates, young and old, will still agree to a man

Patrick kept the boiler together with baling wire and managed to provide heat for the classrooms. Meanwhile, the Brothers, on too many mornings, were shaving with cold water. Brother Patrick was responsible for a major curriculum revision that revitalized the academic program of the school.

The toll of time was felt

that what Daniel Webster once said in arguing the famous Dartmouth College case also applies to this alma mater:

*... it is a small school, but there are those who love it.*

Indeed there are ... they number in the thousands.

## One For The Record Books 50 years of 'Doing It' Jack Stassi Style

BY WILLIAM GLASSER

Jack and his pal, Babe Ruth, at Cooperstown, New York.

The Guinness Book of Records is famous for its exhaustive list of people who push the limits of human endeavor. To find record breakers here in town, you need look no further than one outstanding alumnus – Jack Stassi.

For the better part of 50 years, Jack Stassi (CB class of '40) has tirelessly organized and mobilized generations of alumni in support of the CB mission. Due in part to his pioneering efforts, CB has become one of Northern California's most prestigious private high schools, graduating more college-bound seniors than any other school in the region.

To accomplish this feat takes nothing less than a thoroughly dedicated group of people who can make things happen; something the school never enjoyed until Jack sank his teeth into the job back when Eisenhower was president. "Ted Gardner (CB class of '38) and I decided to

throw an annual banquet," recalls Stassi, "We had about 250 guys show up for that first banquet in 1955. The next year it got so big, we had to have it at the school. We ended up charging 4 or 5 extra bucks per ticket to give it to the Brothers." Realizing they had tapped into a real desire on the part of the alumni to stay in touch and give something back to their school, the Alumni Association was created and Stassi served as its first president from 1956-57.

Jack Stassi was also part of the original planning that created the Board of Regents. He served as its second president in the late 1960's and continued serving as a member for the next 13 years.

"When I was president of the Board of Regents we started the Connection in 1967. The guys said, 'Who in the hell is going to write these articles?' I told them I'll do it until we find somebody else to do it." Today, Jack is still writing for it, making good on a 'D' he

received in English from Brother Joseph Bartlett a lifetime ago.

"When we started the paper, it was Brother Bertram Coleman who was the editor, Stan Gilliam, myself, Jack Ryan's daughter and Maebelle Pendergast. Of course we didn't have as nice a looking paper as we do now." Twenty-five years later, *Connection* has a circulation of 13,000 copies that are mailed to alumni and friends across the country.

To Stassi, the most gratifying aspect of his CB experience "is seeing the young fellows and young women they're turning out. They're given a fine education. Every kid that graduated last year went on to college, every one of them,... and it's not the richest kid that goes there."

One might wonder why anyone would dedicate so many years to one institution. To learn that answer you would have to look back at a very different Sacramento in the late 1930's. The Depression was no easy time for scores of young families sending their children to private school. Many couldn't afford the \$4 monthly tuition. "Let me tell you, things were tough," recounted Stassi, "One thing the Brothers didn't do was turn kids away. They never made a poor kid feel poor, they made every kid feel the same; which I always felt was very good."

When asked how he would like others to think about his many years of service Jack said, "I would like to be known as a good Christian Brothers guy. I have been working there for 50 years; if there was something to do, we would do it." ♦

Sally Cebrenros, a graduate of Bishop Manogue High School, joins the development staff as Assistant Development Director. Prior to coming to Christian Brothers, Sally worked in the Development, Alumni and Public Relations Office for McGeorge School of Law. Sally's experience with alumni relations and fund raising will help Christian Brothers expand its base of supporters and level of support for the student programs and scholarship assistance. "I look forward to working with the Christian Brothers community. This is an opportunity for me to give back to the community that nurtured me while I attended Bishop Manogue. In a way, I feel as though I've come home," says Sally. ♦

## Alumni and Friends

*Continued from page 7*

Some of the guys we'll miss include my old friend **Dino Beltrami '36**, who was a great catcher and ball player from CBHS. ... another good athlete, **Joe Nevis '30**, who was a member of the LaSalle Club Hall of Fame. ... **Al Westlake III '48** ... **Tony Maria '38**, who spent time at CBHS but did not graduate from here. Tony worked for 55 years in the furniture business.

On a happier note, it's good to see **Paul Bernardis '41** (the Duke) is now on the mend after having some back trouble.

**Frank Ostoja '36** and lovely wife Eve (Babich) celebrated their 60th wedding anniversary with the renewal of their vows at Saint Francis Church, the same church they were married in. ... **Al Franzoia '40** and his wife, Denise, are having a big shindig for their 50th wedding anniversary. Al's brother-in-law, **Richard Desmond '41**, recently returned from a trip to South Africa and claims he met many legislators, judges and attorneys. (You know, those legal eagles always stick together.)

Talk about the luck of the Irish! I now have a young, good-looking Brothers boy living right next door, **Jim Pope '88**. Since living here, I have seen three generations of Popes - grandfather Earl Pope, son Marvin and now Jim. I guess that makes me all "popped out." That's it for now, my friends. Be sure to write and let me know what's going on out there. ♦

## Class Notes

On a sad note, a dear friend of mine, **Kathy Conley '61**, whom I met in 7th grade at Sacred Heart School, passed away on January 4. Kathy had been suffering from bouts of cancer and acute intestinal problems for the last eleven years. It was a pleasure to hear her talk about her life's journey and she would always mention her love of the Lord. No matter what phase of her illness, she would give her testimony of how God was working her life. Truly, I can say that the Lord greeted Kathy with, "Well done, good and kind servant." Despite all of her setbacks she served as a eucharistic minister for the chaplain's office at Mercy General on the oncology floor. Kathy's ministry not only included giving the patients communion, she would pray with them. St. Francis Church was the church Kathy was very involved in and was a member of a group within the church called the Magdalene Sisters. She was the proud mother of two daughters, Kami and Karaleen, and a much loved granddaughter Hailey Kathleen. My condolences to Mrs. Conley, who has now lost both her children, Terry '61 and now Kathy.

■ **1976** Bobbi Pires, graduate of

Bishop Manogue, would like to know if anyone is interested in chairing or cochairing their 25th reunion. She thought it would be a good idea for the 1976 CB graduates to combine the reunions. Please give her a call at (916) 361-9585, ex., 231.

■ **1987** Dave Cook and his wife Rachelle have had a new edition to their family, their second child. Dave works hard on behalf of CBHS by holding monthly barbecues in his back yard, weather permitting.

Congratulations are in order for Tom Meuser, who married his long-time sweetheart, Mellissa Hall, in September.

■ **1988** Jim Mackintosh is living the highlife in Morro Bay. His home is within walking distance of the beach. He and his wife Megan have two lovely children Evelyn and Lucy. Jim is restoring a VW bug and a vintage pinball machine but keeps getting the parts mixed up.

Kieran Begley recently married Alyssa Kelley and they had their own wedding/reunion as there was quite a gathering of alumni from the mid to late eighties.

Matt Hargrove is the roving reporter who is responsible for giving me the information for the classes of '87 and '88. After Matt graduated from UC Davis, he spent the 1990's working for a lobbyist and then in the State Capitol as the chief of staff to an assembly member. He is now back at UC Davis and acts as a liaison between elected officials and the campus. He and his wife Darcy live in West Sacramento and are the proud parents of a baby born in December. Thank you so much, Matt, for the news, and I can surely say that the classes have been very busy and blessed with weddings and births.

■ **1994** Sean Scully graduated in December from California State University, Sacramento, with a bachelor of science degree in

human service, kinesiology. He plans to work in San Diego.

Jack Mulligan graduated from St. Mary's College. He is in his first year at Boalt Hall Law School at UC Berkeley.

## ■ 2000

Albert Hollis went to the Oahu Bowl in Hawaii in December with his team, the Georgia Bulldogs. (Albert, if at any time you need a water girl or you need moral support, give me a call. I would love to go to Hawaii).

Nate Browne is in his plebe (first) year at the U.S. Naval Academy. He is coxswain of an eight-man crew boat competing against other freshmen at Ivy League schools. ♦
